BOLD BURGLAR CAUGHT IN ACT

Bernard Henstra, is the hero of Spencer avenue today having succeeded in capturing a bold bad burglar in the very act of burglarizing his residence at No. 132 about nine o'clock last evening. Mid-night prowlers have been seen and heard a number of times in that vicinity of late but the man captured by Henstra is the first one to be taken into custody.

Last evening, Mr. and Mrs. Henstra went out for a stroll and upon their return found a stranger in the house busily engaged in rifling drawers, bureaus and cupboards in the most approved fashion. Henstra did not hesitate a moment but crouched upon the man and bore him to the floor where he sat upon him while Mrs. Henstra sought assistance. Two neighbors ran in and helped to guard the prisoner while the police were notified.

The man made quite a struggle at the time of his capture. He gave the name of Frank Baker and nothing more concerning his identity is known.

When searched at the police station the burglar's pockets gave forth a curious assortment of "junk" probably the proceeds of several raids. There was also found upon him a purse and watch belonging to the Henstras. He will be arraigned on the charge of burglary.

ORACLE--ISIS--GLOBE--JOIE

Our feature pictures for this week are even better than those that have kept our standard of pictures so high for the past several months.

The beautiful picture, "OVER THE APPENINNES OF ITALY," or An Excursion Through Abruzzi. For sublimity and majesty this picture is hard to excel.

"TOBACCO CULTURE"—This is a beautiful colored picture of the production and preparation of tobacco in Sumatra.

"MICHAEL STROGOFF"—Jules Verne's thrilling story of a Courier of The Czar.

"THE CLAY BAKER"—At the JOIE, is a picture that will be of absorbing interest to all and to those especially who have been fortunate enough to see this good old play.

We have three excellent Vitagraph pictures this week and two Essanays and one Biograph Comics, full of good laughs from beginning to end.

LADIES' SOUVENIR MATINEE ORACLE AND GLOBE WEDNESDAY--"ISIS"--THURSDAY AFTERNOON.

We still have a supply of HAT PINS left and also a big supply of Ladies' Combs. We bought these COMBS with the HAT PINS and bought them so cheap we can afford to give them out as Souvenirs. They are not a cheap, shoddy lot, but are good and durable and quite pretty.

FAST TRAINS ARE TO HAUL FRUIT

Speed of Thirty-three Miles an Hour to be Maintained From the Coast to Omaha—Will Require More Train Crews in and Out of Ogden.

Superintendent T. C. Manson of the Salt Lake division of the Southern Pacific has returned from an extended trip of inspection over his territory, and says:

"We are very busy now over the entire line and radical improvements are in progress everywhere between Ogden and Sparks and down the Nevada & California branch as well. We have home men at work at present than ever before, and this condition will obtain during the entire summer and fall months.

"All engines now operating west of Carlin are now burning oil, and from this time on engines used on the branch line to Mina will use crude oil as fuel. Citrus trains are now beginning to arrive, and that traffic promises to be the heaviest in the history of the road.

"All fruit trains will have a fast schedule of thirty-three miles an hour between the coast and Omaha, and it will require a good many additional train crews to handle the heavy business already assured.

"Everything in the nature of improvements across the cut-off is being pushed as fast as possible, and there will be no cessation of work there until the changes authorized have been carried to a successful conclusion. The talk of abandoning that route is the sheerest nonsense, and within a short time the cut-off will be in better condition than ever."

CASH AWARDS

By Fair Association Now Paid in Full—It Required an Assessment on the Members to Make Final Payment—Delayed Payments Appreciated.

After having levied an assessment of \$1 per share on the stock of the Inter-Mountain Fair association, the officers of the latter association have paid up all cash premiums won at last year's fair. The fair association has been unlucky for several years. Rain and snow united to throw a wet blanket over the week of the fair.

The fair association members take the matter good naturedly and the stockholders unanimously assess themselves at each annual meeting. That is the only way to do. There will be a change for the better after awhile, and good weather will be the rule then. The following letter shows that the delayed payments of cash awards are appreciated:

Intermountain Fair Association, Ogden, Utah.

Gentlemen:—At a meeting of the board of education, held yesterday, the check of the Inter-Mountain Fair association of \$54.00 as premiums for awards made to exhibits of the Ogden City public schools, was presented and accepted by the board of education with thanks. I am enclosing you herewith receipts covering the amount of the check.

(Respectfully, Signed)
IVY WILLIAMS,
Clerk of City Board of Education.

MORE NURSES FOR THE INFIRMARY

At a short session of the board of county commissioners this morning, the usual routine reports were received and filed and the regularly monthly bills and payrolls allowed.

Commissioner Madison was given power to act to secure the services of an assistant in the hospital department at the county infirmary. Since the fitting up of the hospital at the infirmary, the county has ten cases which require the attention of two

nurses. An additional nurse will be employed.

The committee on supplies was given power to act in the matter of the purchasing of a new adding machine for the county clerk's office.

The resignation of Thomas Lowe as constable of the Hooper precinct was accepted and Lorenzo Olson was appointed to fill the vacancy.

Commissioner Moore reported that he had made temporary arrangements for the sprinkling of the North Ogden road for which five wells had been driven and were operating successfully.

ARRESTED FOR ROBBING MAIL

What promised to be a case for the U. S. postal authorities came up last evening when a man by the name of J. L. Cochran was arrested by Detective Pender who charged him with having stolen a sum of money from a letter which he had been commissioned to post for an acquaintance. Some time ago, it is said, Cochran was given a letter to post by a woman friend, the same containing a remittance of \$60 in currency. In due time an answer was received to the effect that only \$40 had arrived at the letter's destination. An investigation was made and the envelope
