GRANTED A DIVORCE TO ESTABLISH A LEGAL DEATH

Phoenix, Ariz., April 27.—Mrs. Mattie McCormick, formerly of Washington, D. C., was granted a divorce yesterday from John P. McCormick on the technical ground of desertion. The proceeding was part of a process to establish legally the fact of the death of her husband, who is supposed to have drowned himself at sea off Norfolk, Va., in 1904.

McCormick wrote a letter before boarding a steamer, telling his wife she would never see him again. He had become financially involved, according to her testimony, and the presumption was that he jumped overboard.

JACK JOHNSON  
EXPECTS VICTORY

Jack Johnson, champion heavyweight pugilist of the world, passed through Ogden yesterday afternoon en route to California, where he will soon take up active training for his fight with Jeffries.

The big black appeared in excellent condition and spoke confidently of his coming struggle with the invincible Jeff.

"You can take it from me," said Johnson, "that Jeffries will never regain the form that the fans expect him to. He's too old and has been out of the game altogether too long. The fact that he has never been defeated is a certain advantage which will help any one. Neither confidence, training or anything else, however, will restore to a retired athlete the form which was once his, and Jeff will be found no exception to the rule."

"I expect the fight to go no longer than 16 rounds, and I am confident that I can stop him before that. I shall enter the ring in better condition than I have ever been before in my life, because I shall have taken more care in training for the fight than for any previous battle. I never felt better, have not trained an hour as yet, and expect to start active work about May first."

Johnson was accompanied by his wife, Henry Roberts, Manager George Little and wife, Secretary Sig Hart and wife, Kid Cotton, the welterweight fighter, Joe Cutler, a heavyweight boxer, and others. Training headquarters are being arranged at Seal Rocks, Ocean Park, near the site of the old Cliff house, San Francisco.

MAY CUT LAGOON  
INTO TOWN LOTS

SALT LAKE, April 26.—"If Lagoon cannot be made to pay with the railroad fare at 50 cents the round trip, I will cut the resort up into town lots and sell it," said Simon Bamberger, president and general manager of the "Lagoon route," this morning.

"The fare to Lagoon will be 50 cents this year," he continued, "and it will remain 50 cents for the round trip as long as I own the controlling interest in the road."

"The Salt Lake & Ogden railroad will be run in the future for the accommodation of traffic along the line and for the benefit of all the patrons of the road."

"It does not appear to be good business policy to make the resort traffic a big feature for only three months, to the detriment of the other business that lasts the year around. I might put it in this way: We are not going to let the 'tail wag the dog.' In this case Lagoon is the tail, and I don't propose that it shall wag the dog."

Mr. Bamberger stated that the business of the road between this city and Ogden is rapidly increasing, and that there is no reason to doubt that it will continue to increase when the road is operated by electricity, which he said would be by May 15.

"Of course," said Mr. Bamberger,

"we think that Lagoon is a beautiful resort, one of the finest, if not the finest, in the state. We would like to see it a success, not only the coming summer, but in many seasons yet to come; but we are not going to try to make it a success at the expense of the rest of the business of the road. If people wish to visit the resort at the added cost, we will be glad to do all in our power to make their visits pleasant. If they do not care to come we will do something else with the resort, but we will not reduce the railroad fare."

"I want to say as positively as I can make the statement that as long as I am in control of the road the fare to Lagoon will not be lower than 50 cents for the round trip."

RAID MADE ON  
GAMBLING HOUSE

A gambling house on lower Twenty-fifth street was raided yesterday afternoon and a number of persons taken into custody. The raid was conducted by Detectives Pender, Chambers and Burke, who had been quietly tipped off to the fact that a certain game was running with considerable money in sight.

Those booked at police headquarters charged with gambling gave the following names: Frank H. Jones, A. Stewart, James C. Taylor, U. S. Beck, E. J. Foley, J. W. Caldwell, B. F. Hynes and J. L. Saunders. Nothing spectacular occurred during the raid, and the men arrested came quietly to the station, where they deposited bail to the amount of \$100 each, and were released.

MADMAN CAUSE  
OF PERPLEXITY

Sheriff Wilson is perplexed as to the proper disposition to make of Matteo Vallano, the unfortunate Italian who aroused considerable excitement recently in the vicinity of the foot-hills east of town, and who was regarded by some as a wild man.

A board of examiners investigated his mental condition yesterday, with the assistance of an Italian interpreter, but little could be determined beyond the fact that the man was apparently out of his mind at times, although nothing of a dangerous character.

It was learned that he had been in New York for three years and had walked from that city to Kansas City and thence to Denver, working here and there for a time, and then continuing his stroll. He explained his adventures at the farm of Mr. Horn, to the effect that he was hungry, but could not make the people at the house understand what he wanted. Despairing of communicating his wants, he proceeded to give them a demonstration of the fact that he was hungry, resulting in his being chased into the mountains by Jailer Anderson and Officer Lever and son.

The sheriff stated last evening that he would probably keep the man in custody for a few days longer, until he has recovered his strength, and then release him, the board not having committed him to the state asylum. The man's feet are still badly swollen and covered with sores and blisters, caused by his climb in the rocks, wearing but a pair of old rubber boots.

Bronchial Tubes  
All Stuffed Up

"While a resident of Washington, D. C., I suffered continually and intensely with a bronchial trouble that was simply terrible to endure. I would have sworn that I could hardly breathe, I would choke up, fill up in my throat and bronchial tubes, and the doctors that I did and the remedies used were of no benefit to me whatever. I heard about Booth's Hyomel being so beneficial in catarrhal and bronchial affections and procured an outfit. I received relief from the first by its use. I continued with it and received a cure. It is about two years since I have suffered at all from my former trouble."—Mrs. R. L. Fannell, 404 N. Augusta Street, Staunton, Va., March 26, 1909.

Hyomel is guaranteed by BADCON'S PHARMACY to cure catarrh, croup, bronchitis, coughs, colds and sore throat or money back.

A complete Hyomel (pronounced High-mee) outfit costs \$1.00 at drug-gists everywhere. This includes a hard rubber pocket inhaler and bottle of Hyomel, extra bottles Hyomel cost 50c. Free sample bottle and booklet from Booth's Hyomel Co., Buffalo, N. Y.

The report also shows 285 cases of scarlet fever, with 5 deaths; 112 cases of smallpox, with no deaths; 36 cases of diphtheria, with 7 deaths; 27 cases of typhoid fever, with 4 deaths; 275 cases of whooping cough, with 9 deaths; 59 cases of measles, with no deaths; 106 cases of chickenpox, with no deaths; 106 cases of pneumonia, with 35 deaths; 14 cases of consumption, with 12 deaths.

COMMERCE COURT  
CAUSE OF DISPUTE

WASHINGTON, April 26.—The railroad bill was the one conspicuous feature before both the senate and the house today. In the house the "insurgents," joining the Democrats, practically took charge of the measure. They succeeded in having adopted numerous amendments, one of which would remove from the president the authority to suspend judges.

United States the authority for organization of the court of commerce. The entire day was devoted to discussing and voting on the commerce court provision.

A motion by Mr. Hubbard of Iowa to strike out the entire commerce court provision was defeated by a tie vote.

In the senate Mr. Clapp of Minnesota hurled defiance at the administration and regular party leaders in congress for the supposed effort to read "insurgent" senators out of the party. Mr. Clapp intimated the people were not following the leaders, who, he said, were merely reading themselves out of the party by the course they were adopting. He took special exception to the recent speech of Attorney General Wickersham.

Senator Hughes denounced the railroad bill as a whole and Mr. Heyburn undertook to combat the contention that the Crawford-Elkins provision nullified the Sherman anti-trust law so far as it affected the railroads.

Voting on the amendments of the railroad bill began in the house late today. It became evident practically all the "insurgents" were voting with the Democrats.

Cooper Amendment. The amendment of Rep. Cooper of Wisconsin to strengthen the provision that the commerce court should not have jurisdiction exceeding that of the circuit courts was adopted, 139 to 90. Then by a vote of 143 to 118 the amendment of Rep. Lenroot of Wisconsin for the designation of the judges of the commerce court by the supreme court of the United States, instead of by the chief justice of the supreme court, was adopted.

Mr. Lenroot offered another amendment providing the commerce court should be organized in the first instance by the supreme court, instead of by the president, as recommended by the interstate commerce commission in the bill reported to the house. This amendment was carried, 135 to 131, the "insurgents" voting almost solidly to take this power from the president.

The house, acting as in committee of the whole, no record vote was taken, the voting being viva voce, by division and by tellers.

Hubbard Motion. Upon the motion of Mr. Hubbard of Iowa, to strike out the entire paragraph relating to a commerce court, Mr. Bennett of New York, in the chair, announced the vote was 131 to 130, and then announced his own vote in the negative, which defeated the motion. Mr. Fitzgald of New York protested that the chair had not the right to vote in such a case, but this point of order was quickly overruled.

A demand for a vote by tellers was demanded. While this vote was being taken Speaker Cannon came into the house from his private room to vote with the party organization. The vote by tellers was 140 to 130, Mr. Bennett again voting in the negative. This tie vote defeated the motion to strike out the provision.

The defeat of the motion was accomplished only after the greatest activity on the part of the majority to summon regular Republicans. Another spectacular feature of this vote was the hurried entrance of the speaker without a collar. He had been called unexpectedly, when there was not a moment to lose.

One Democrat, Mr. Russell of Texas, voted with the regular Republicans on every motion. The "insurgents" varied in their voting. At times as many as 25 voted with the Democrats, while on other motions the numbers were reduced to about a dozen.

Macon's Amendment.

The amendment of Mr. Macon of Arkansas to reduce the number of judges on the commerce court from five to three, and that of Mr. Wanger of Pennsylvania to increase their terms of service on the court from five to ten years were defeated.

Another amendment by Mr. Lenroot of Wisconsin, insuring the right to appeal to the supreme court of the United States in special cases was defeated, 134 to 135.

Mr. Madison of Kansas, an "insurgent," offered an amendment reducing from sixty to seven days the period during which an order of the interstate commerce commission might be suspended by the commerce court pending application to the court for its injunction in certain cases. The "insurgents" very generally voted for the amendment, which was carried, 138 to 124.

The commerce court provision had not been disposed of when Mr. Mann of Illinois, in charge of the bill, moved to lay the measure aside for the day. When the railroad bill is finally reported from the committee of the whole to the house any or all of the

amendments adopted today may again be voted upon, and a roll call on any vote may be demanded.

SI HOY MUST TELL OFFICIALS ABOUT IT.

Chinese is Charged With Illegal Entry Into United States.

Salt Lake, April 27.—St. Hoy, the Chinese, who was taken into custody by the local United States immigration officials Monday for being in this country illegally, was formally arrested Tuesday morning when a complaint was issued by United States Commissioner Charles Baldwin. The Chinese was arraigned before Commissioner Baldwin in the afternoon and had his bail fixed at \$500, which

he furnished and was released from custody.

Hoy is said to have been smuggled into the country from China since the passage of the Chinese exclusion act by congress, and when he was asked for papers, showing that he was a resident of this country before the law was passed, or was born here, could not show them. He was first detected in this country three weeks ago by V. Yaattmen, immigration inspector at the local office. He answers the description of a Chinese who is supposed to have been smuggled into this country. His trial was set for May 26, 1910, and if he cannot prove that he has a right to be in this country he will be deported.
