

JEFFRIES IS GARRULOUS

Will Be So Fast That
Johnson's Head
Will Swim

Ben Lomond, Cal., May 3.—I'm going to lick Johnson, sure. I may be disappointed but I feel it in my bones I'll win. I'm going to be like a greyhound if I have no bad luck while training. At the rate I'm going, I'll go into the ring at 215 pounds. Talk about being fast, I'll carry Johnson along at a clip that will make his head swim.

So spoke Jim Jeffries last night, voluntarily and out of the exuberance of high spirits. The big fighter, aglow with vitality and brimful of confidence, came out with this in a burst of confidence that caused his hearers to wonder.

"Jeff's getting garrulous," was the comment of the camp. And there was cause for the remark, for as a rule, Jeffries is as taciturn as a pedagogue with the mumps. Nevertheless, his attendants were highly pleased. "He feels it or he wouldn't say it," they said.

With his back healed, his blood in good condition and only a bit of stiffness remaining in his shoulders and which he is gradually eliminating by a daily row on the river, Jeffries is showing much zest now for hard training and the month of May will likely see severe and unremitting work at Ben Lomond.

One other interruption to the fighter's activities is scheduled—his trip to Oakland tonight to fetch his wife. Mrs. Jeffries is reported to be suffering from her illness and that fact has had a marked stimulating effect on her husband. Jeffries has so arranged his trip that he expects to lose thereby only half a day's work.

San Francisco, May 3.—Preliminary arrangements for the Jeffries-Johnson fight prescribed by the articles of agreement are being rapidly disposed of and unless the anti-prize fight movement in this state, accelerated by the Tommy McCarthy ring fatality, assumes proportions alarming to the promoters of the big contest, no hitch is anticipated.

This was a busy day for Promoters Rickard and Gleason and for the managers of both fighters, the business on hand being the depositing of \$30,000, the second installment of the fight forfeit, and a conference relative to the selection of a referee.

But for the absence of bank officials from the city, the promoters, it was stated, would have attended to the forfeit matter yesterday. The gold coin was put in the bank vaults pending the formal deposit today. It was arranged to record the transfer by photographs of the gold, the pictures to be preserved as souvenirs.

Jack Johnson is taking things easy at his beach training quarters and probably will not engage in heavy work until the latter part of the week. He is getting his training staff together. Joe Cotton and Dave Mills are with him now and he is said to be clerking for the services of "Gunboat" Smith.

The pavilion at the beach where Johnson is to work has been equipped with a stage and arrangements are making to handle visitors to the negro's camp.

OPPOSE BIG JEFFRIES JOHNSON PRIZE FIGHT

Oakland, May 3.—Branding the match a "desecration of our nation's great patriotic holiday," the greater Oakland Charter convention last night adopted a resolution protesting against the holding of the Jeffries-Johnson prize fight on July 4. A public mass meeting held in remonstrance against "this threatened violation of the moral sentiment and good order of the community" is favored. Plans are now being made for the mass meeting.

San Diego, Cal., May 3.—Discussion of the recent death of Tommy McCarthy as a result of his fight with Owen Moran at San Francisco resulted yesterday afternoon in the sending of a telegram by the ministerial

VERY BAD LITTLE BOY

Thirteen-Year-Old With
the Instinct of a
Criminal

New York, May 3.—The Southern Pacific company is considering a plan for the disposal of its oil properties, it was said today, and the distribution of the proceeds through stock to the shareholders.

The aggregate value of the oil property of the Southern Pacific is said to be approximately \$100,000,000, and the estimated proceeds of the sale of the property would mean a special dividend of about \$30 a share to the stockholders of the Southern Pacific.

New York, May 3.—Harry Spindie, a brisik little boy of 13 years, is being held by the Children's Society here on his own confession that he kidnapped himself, terrorized his parents with Black Hand letters and then when he failed to procure the money he needed to go west, invented a get-rich-quick scheme that netted him \$100 in less than a week. A string of sad little girls, his tools and their angry mothers, his victims, corroborated his story.

Harry's plan, as told by himself, was to find some little girl on the street, flatter her with news of how her father had just been selected president of a lodge, and then get the mother to borrow three, four or five dollars from the corner grocery to buy flowers for a surprise to father when he came home. Then Harry would offer to run to the florist's with the money, but he never came back.

With his pal, Arthur Gulden, 12 years old, Harry left home more than a week ago, fired with an ambition to go west after having seen a thrilling moving picture show.

FATALLY STABBED WITH A HATPIN

New York, May 3.—George Altemille, an engraver, was fatally stabbed with a hatpin in an early morning altercation here today.

According to the story as pieced together by the police, the hat pin was wielded by a young man, a neighbor of Altemille. The two met shortly after midnight at a street corner near their East Side homes and quarreled over some trivial affair.

Altemille's companion was returning from calling on a young woman acquaintance and had in her possession a hat pin which she had taken away as a souvenir. When the argument became heated, Altemille charged that the young man seized the hatpin and plunged it into the engraver's abdomen.

Ambulance surgeons hastily summoned, removed the pin from the wound. It was seven inches in length and had been buried almost to the head. The assailant was arrested.

HUNGRY FELLOW ENDS HIS LIFE

Chicago, May 3.—J. Henry Ball, a carpenter 53 years old, committed suicide in his room at a lodging house yesterday by drinking carbolic acid. He left a letter addressed to a fellow carpenter which reads:

"When a man is down and out, in a land of plenty and cannot even get a meal, it is time to quit. I went last night to the Moody church and, after the service, I asked one of the ministers for aid. He opened his pocket-book as he did his heart and gave me 25 cents. I bought the acid with that quarter. If you ever see him, thank him for me. I ought to write to him but I haven't time."

LAWYERS IN A CLASH

Over the Stolen Grand
Jury Notes in the
Swope Case

Kansas City, May 3.—As a result of a hot clash between Prosecutor Conkling and Attorney Frank P. Walsh, the jury that is hearing the Hyde murder trial today came into possession of a part of the story of the disappearance of the grand jury notes in the case.

When the first trouble arose between the attorneys two weeks ago, the jury was not in the room. Just before the noon recess, in the course of a legal argument, Mr. Conkling made reference to the "stolen grand jury notes."

Springing to his feet, Mr. Walsh pounded a table with his fist and shouted: "Who stole the notes? They were lost through the blundering of the prosecutor's office."

"They were stolen," responded Mr. Conkling, angrily.

"I ask the court to reprimand the prosecutor for that remark," said Mr. Walsh to Judge Lathshaw.

The court has no comment to make," said the judge.

"Who stole the notes?" queried Mr. Walsh, turning to Mr. Conkling.

The jurors who had followed the tedious medical testimony all morning sat up in their chairs.

"I can't say, but I know who retained them and refused to give them up until the court threatened to send his client to jail," answered the prosecutor.

Mr. Walsh began an explanation of his conduct, and the court stopped the verbal bout.

Kansas City, May 3.—Dr. Walter S. Haines resumed testifying in the Hyde murder trial today. He took the stand before court adjourned last night, and had given a greater part of his direct testimony, it was believed, when the session closed.

In his testimony yesterday Dr. Haines told of finding traces of strychnine in the effects of Margaret Swope, in the brain and stomach of Col. Thomas H. Swope and in the stomach of Chrisman Swope. There was no large amount in either case, he testified.

Cyanide was found by him, and Dr. Victor C. Vaughn in the stomach of Col. Swope and on capsules which Dr. Hyde is alleged to have discarded in a street in Independence, he said.

The motion made by the defense yesterday to strike out the testimony of Dr. Haines on the ground that it was speculative and irrelevant was overruled by Judge Lathshaw at the opening of court today. The court did not pass on the motion until it had read all the scientist's testimony.

Envelopes which contained the capsules and the cards upon which they fastened were offered in evidence. Stains upon the paper were made by cyanide and melted snow, testified the witness. There was no possibility of the poison found having come from any constituent part of the paper, said

TAFT DAY IN PASSAIC, N. J.

Passaic, N. J., May 3.—Taft Day, Monday next, will be the biggest day in the history of this city. Streets and buildings will be brilliantly decorated in honor of the visitor, and in the evening there will be a dinner, a long program of fireworks, a band concert and other forms of festival display.

Seldom has a city of fifty thousand had the privilege of entertaining so many distinguished men on one day as Passaic will have on Taft Day. Besides the President, there will be here Ambassador Bryce, Secretary Nathan, Postmaster General Hitchcock, Governor Fort, two ex-governors, and a host of lesser dignitaries.

The president's party will be entertained at the home of Victor L. Mason, president of the Board of Trade. Mr. Mason was assistant secretary of the Republican National committee in 1908. Eight hundred persons will attend the dinner in the evening.

SKIN GRAFTED ON A BURNED GIRL

Modesto, Calif., May 3.—Ninety square inches of skin taken from her own body and from that of a nurse were grafted upon injured parts of the limbs of Miss Cora B. Dunn at a local sanitarium here yesterday. The young woman was badly burned several weeks ago and the wounds refused to heal under ordinary treatment. The operation was pronounced a complete success. The largest single spot treated was six by seven inches in area.

TRIAL OF BOY MURDERER BEGINS

JOHNSON UNCERTAIN

He Wires Friends Not
to Bet on the Com-
ing Fight

Chicago, May 3.—Jack Johnson wired a close friend from San Francisco last night telling him not to bet any money on the coming fight until he was advised further. The telegram also stated that the death of Tommy McCarthy had given the church people, who are opposed to the Independence Day contest, ammunition for their struggle against the big fight.

Several thousand dollars are being held by sporting men in the colored belt to bet on Johnson and the men who have this money say they will have more before July 4. Many bets already have been made, the colored people getting as good as 10 to 6 for their money.

OLD MEN HAD AN ARGUMENT OVER WESTON

New York, May 3.—Two lumbermen, not far from Weston's own age, who had cheered his walk down Broadway, became so heated over a mild argument whether he could turn back and walk to the Pacific coast, that one of them is now in a hospital with a torn scalp, a closed eye and other injuries. The other escaped.

WORLD'S MARKETS

SOUTHERN PACIFIC EXTRA
DIVIDEND HELPS STOCKS

New York, May 3.—Trunk line railroad stocks were conspicuous in the advance, but the gains extended to a point in practically all of the active speculative stocks. Great Northern preferred rose 238. Union Pacific 158 and Reading 118. There were 8,000 shares of United States Steel sold at 80 and 80 3/8, compared with 79 1/4 last night.

A lot of stock was offered at the opening figures and the market reacted. The covering by shorts, which lifted prices of stocks, was stimulated by an easier money market. News from Washington conveyed the impression that railroad legislation might fail of enactment. Rumors were circulated of a proposed extra dividend to Southern Pacific stockholders, the proceeds of oil land sales, American Cotton Oil rose 4 on dividend rumors. Reading and United States Steel rose 1 1/2, the preferred 1 1/8 and American Sugar 1 3/4. The trading had become very dull at noon. Bonds were irregular.

BALLINGER VINDICATED

By Action of Supreme
Court of District of
Columbia

Washington, May 3.—Secretary Ballinger received what he called one vindication in the supreme court of the District of Columbia today, when a charge that he had shirked his duty as secretary of the interior was ordered expunged from the record.

In an injunction proceeding with home-claim on the Siletz Indian reservation in Oregon, the petition alleged that because Mr. Ballinger, as a lawyer, had been counsel for some of the claimants, he refused to pass on the case when he came into office and delegated the work to his first assistant, Frank Pierce, and had therefore refused to give the benefit of his judgment and had therefore shirked his duty.

Secretary Ballinger denied the imputation, declaring that the cases had been referred to Mr. Pierce in the regular course of business, as the latter had direct charge of general land office affairs, and the court struck out the charge.

CHAMPION JAIL INMATE OF LAND

New Brunswick, N. J., May 3.—Leon Whitlock is the champion jail inmate of New Jersey if not of the United States. He has just drawn his twenty-second term within three years.

On sentences varying from 30 to 90 days, he has spent 1,045 days out of 1,095 behind the bars. The record shows that at no time within the period mentioned has he been at liberty for more than ten consecutive days.

Whitlock's latest sojourn in a cell, however, will be of longer duration. He was sentenced yesterday to spend a year in the penitentiary at Trenton for smuggling whiskey into the jail at New Brunswick while he was acting as cook there.

The next time they take him over to Trenton, it will be for the electric chair," said Whitlock, as he was led away today, but he failed to explain the meaning of his threat.

SALOONS ARE TO BE REGULATED

Rockford, Ill., May 3.—The city council passed a new liquor ordinance last night and on May 15 saloons will be in operation. Rockford has been "dry" for the last year.

An agreement not to treat or allow treating is required. Free lunch, music and games of chance are barred. No brewer, distiller, employer or stockholder of a brewery or distillery will be granted a permit. The bar room must be a single room without connection with others and without tables, chairs, or dumbwaiter. Two stools may be placed behind the bar for the use of the proprietor and bartender.

BOARD OF TRADE SENDS LETTERS

Chicago, May 3.—Members and officers of the Chicago Board of Trade have started a publicity campaign following proposed federal investigation and legislation.

Letters, a pamphlet by John C. F. Merrill, vice president, explaining the board's operations, and copies of resolutions adopted by the exchange's directory have been sent to all members of congress, it was said, as part of a general plan of public education. Similar documents have been sent to state legislatures, to judges in the middle west and to newspapers.

"To say that we are alarmed is ridiculous," said George F. Cole, secretary of the board. "There is nothing for us to be alarmed about either in the legislation contemplated or in the reported plan of the attorney general to investigate the Chicago board."

ROOSEVELT FACES HIS WATERLOO

New York, May 3.—An anonymous communication addressed to the Roosevelt reception committee calls attention to a fact which had hitherto escaped notice, that the date on which Colonel Roosevelt is scheduled to arrive in New York is the anniversary of the battle of Waterloo.

"This discovery will probably cause untold consternation among the members of 'Back From Elba club,' says the committee's report."

RUN STARTED ON A BANK

Institution Said to Be
Solvent but Depositors
Are Nervous

Los Angeles, May 3.—Maintaining their weary vigil on chairs, boxes, or even the hard curb stone, a long line of depositors camped throughout the night on the street before the All-Night and Day bank, on which a "run" was started yesterday. A section of the thoroughfare had been roped off and coffee and sandwiches were provided by the bank management.

President Skinner of the bank asserted today that the funds of the institution had been depleted only a few thousand dollars because of the "run." Assurances by State Bank Examiner Anderson that the bank was solvent allayed the fears of the depositors to some extent, but did not diminish the number of those in line.

Presumably that they were depositors, numbers of men and boys did a thriving business during the night by selling their places in the line to the highest bidder. As high as \$25 was paid for a place near the head of the line.

PRINCE AT WEST POINT

Takes Notes on What
He Saw at the
Academy

New York, May 3.—His Imperial Highness Prince Tsai Tao, head of the general staff of the Chinese army, and himself just 24 years old, who is visiting America in a quest of information for the upbuilding of China's army, has learned to like American cooking.

"Ah, your food; it is better than ours," he said to one of his New York hostesses. "The lettuce salad I find particularly pleasing, honored lady."

The prince regards his visit to West Point yesterday as the most important event of his American trip, according to a member of his staff. The fact that the prince took many notes at the military academy was commented on by members of his party who said it was the first time on his tour that he had done such a thing. The suggestion was made that the prince may have in mind the establishment in China of an academy similar to that at West Point.

The prince's program today, which included luncheon with Chas. M. Schwab and Andrew Carnegie, gave rise to a report that he planned to discuss matters of financial business with the two millionaires. It was said that the prince is authorized to purchase several million dollars worth of military equipment and that a share of this money is to come to America. No one could be found in the prince's retinue who would either affirm or deny the report.

CLERGYMEN ARE INVITED TO BOUT

New York, May 3.—To convince the clergymen of Freeport, L. I., that there is nothing inconsistent with militant Christianity in a clean boxing bout, the Unity Athletic club of that village has invited all resident clergymen to its next bouts. Should the invitations be accepted, the club believes it will be vindicated in public opinion on the finding made. Should they be refused, the club believes it will at least have the credit of throwing its doors open to the closest scrutiny.

STANDARD OIL MUST PAY FINE OF \$20,000

New York, May 3.—The United States court of appeals today handed down a decision affirming the decree of the United States circuit court in which the Standard Oil Company was fined by a jury before Judge Noyes in the western district of New York for violation of the interstate commerce act.

VIOLENT EARTHQUAKE.

Madrid, May 3.—Violent earthquake shocks were felt at 4:25 o'clock yesterday afternoon in the provinces of Olivenza and Badajoz near the Portuguese frontier. No damage is reported.
