WESTERN ITINERARY IS MAPPED OUT

OYSTER BAY, July 14.-Theodore Roosevelt gave out today the itineraries of the two speaking tours he soon is to make-one into the west late in the summer and the other through the south in the early fall.

The two tours will resemble a campaign trip by a presidential candidate for Colonel Roosevelt will not only make as many set speeches as his traveling card permits, but probably he will deliver talks from the rear end of his private car. For the first trip, a car has already been char-

The Western Trip.
The western trip is to begin August 25 and will end September 11.
The southern trip will extend from October 6 to October 13. The itineraries follow:

Western trlp—August 25, leave New York, August 27 arrive Cheyenne; August 29, Denver; August 31, Osawatomie, Kas.; September 2, Omaha; September 3, Sloux Falls, S. D.; September 5, Fargo, N. D.; September 6, St. Paul: September 7, Milwaukee. St. Paul; September 7, Milwaukee; September 8, Freeport, Ill., and Chicatember 11, arrive New York. The Southern Trip.

Southern trip-October 6, leave New York; October 8, Atlanta, Ga. October 10, Hot Springs, Ark.; October 12, Peoria, Ill.; October 13, speech in Indiana for Senator Beveridge, at a place not yet chosen.

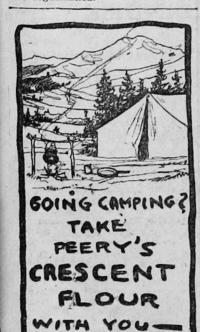

The itineraries were completed to-day after much thought and labor. Colonel Roosevelt's secretary has Colonel Roosevelt's secretary has been studying time tables for the last two weeks, squeezing in as many speeches as train connections would

Urgent requests for a "few words" have come by hundreds from political organizations, clubs, schools and personal friends

The most of these Roosevelt has been obliged to decline, and in an-nouncing his program today he said he wished to make it understood clearly that he could consider no further invitations. Already he has been compelled to refuse many that he wished to accept.

To Address Milwaukee Scribes. At Chicago, Colonel Roosevelt will speak before the Hamilton club, a political organization with which his relations for years have been cordial and which is sure to give him an enthusiastic welcome. At Milwaukee he speaks before the Press club.

The first address of the southern trip will be on Uncle Remus day, named in memory of Joel Chandler Harris, who in his life time was a warm friend of Colonel Roosevelt. The Peoria speech will be before the Knights of Columbus, a Roman Catholic organization.

SALT LAKE AND STATE NEWS

PHARMACISTS

Logan, July 15 .- The Utah Pharmaceutial association decided to hold its next convention at Ogden, yesterday afternoon, and elected and installed the following officers: President, James L. Franken, of Salt Lake, first vice president, George Driver of Ogsecond vice president, R. S. Mc Callister of Logan: secretary, Ralph Nelden of Salt Lake; treasurer, A. Bevans of Tooele; executive committee, Charles Van Dyke of Salt Lake,
A L. Eddy of Brigham, John Culley
of Ogden, J. L. Boyden of Coalville,
Alexander Hedquist of Provo, George
Lunt of Nephi and H. Peterson of

The convention held two very busy sessions yesterday, the first at 10 o'clock, at which State Food and Dairy Commissioner Willard Hansen made an address. He directed his remarks to the matter of artificial coloring and flavoring in drinks served at soda fountains, and laid down the rule that persons operating such fountains will be required to put placards on them, notifying the public that such coloring or flavoring is used. He announced that as government experts had decided benzold of soda not to be harmful, its use in Utah in any quantity will be permitted when the quantity used is plainly printed on the package or container.

The report of the state board of pharmacy showed 285 registered pharmacists, and thirty-six assistants, to be operating in the state. The discussion of the report brought up the mat-ter of the non-enforcement of law relating to the sale of morphine and cocaine. In the discussion the name of Chief of Police Barlow of Salt Lake was frequently mentioned, some of the druggists being inclined to blame him for the fallure to secure prosecu tions there. An effort was made to have the association indorse the Owal board of health, but the resolution was tabled.

Discussed Prohibition.
T. R. Kelly of Springville discuss ed prohibition from the druggists' standpoint and, among other things, he said his experience had taught him that men who are elected to office on a prohibition platform are the first ones to try to have the druggist break the law. The view of the ultra-prohibitionists, he said, was that a way should be left for them to obtain what liquor they needed, but others must obey the letter of the law. He thought the provision should be broad enough to let all get what liquor might be needed for legitimate purposes, and favored making it a felony to obtain liquor for any illegal purpose.

At the afternoon session, a decis

ion was reached to incorporate the as-sociation, and the matter of preparing the necessary papers was left with Attorney Whitecotton of the association and the executive committee. W. L. Eddy of Brigham, John Cul-

ley of Ogden and T. R. Kelly of Springville were named as the asso-ciation's candidates for the vacancies which will occur on the state board of pharmacy next January. The follow-ing persons were named as life mem-bers of the association: William Driver of Ogden. Dr. H. S. Pyne of Provo Dr. W. A. Wade of Salt Lake, Dr G. H. Fennemore of Beaver and Drs. J. A. Roberts and A. C. Smith of Salt

IC ACDHVYIATED ADTIIIAIAILU

Mrs. Mina Walker Rogers Inhales Fuel

Salt Lake, July 15.—Mrs. Mina Wal-ker Rogers, wife of Lewis B. Rogers, was asphyxiated by escaping gas in the bathroom of her home, 876 South West Temple street, Thursday even-ing about 5:30 o'clock. Her body was found by her husband at 6:30 o'clock. Dr. W. M. Stewart was immediately summoned and after making a thorough examination said that Mrs. Rogers had been dead at least an hour. The funeral will be held at the residence Saturday forenoon at 11 o'clock and will be attended by rela-Interment will be in the Mt. Olivet cemetery.
Mr. Rogers, who is superintendent

of the agencies of the Springfield Fire and Marine Insurance company for Utah, Idaho and Nevada, left his home Thursday morning to attend to business matters in Ogden. His two daughters, Gracie V. Rogers and Dor-othy Rogers, had gone to the home of their uncle, D. F. Walker, 1365 Federal Heights, to spend the day and evening. Mr. Rogers and his wife had planned to spend the evening at home and Thursday afternoon Mrs. Rogers had made all the preparations

Turns Valve in Falling. Mrs. Rogers had then gone to the bathroom, had taken a bath and dress ed, all of which was evident from the garments and towels scattered about the bathroom. While seated on a small footstool and buttoning a slipper she had evidently been overcome by the heat and had fallen toward the corner of the bathroom. In falling either her head or hand struck the stop cock of the gas pipe, and turned it about one-fourth on. Unconscious,

she had died from suffocation.

When Mrs. Rogers started to pre pare dinner before taking her bath she had expected Mr. Rogers to arrive home at about 5:30 o'clock as his train from Ogden was due in this city at 5:10 o'clock. The train did not arrive until 6:30 o'clock and upon arriving Mr. Rogers immediately called up his home. Receiving no answer, he was not alarmed, as his wife was in the habit of spending considerable time in the yard and might not hear the telephone. He went directly to his home and upon entering the house was startled by the scent of escaping gas. Going into the bathroom he discovered the inert form of his wife and immediately carried her into the dining room. As he lifted the body he heard an escaping sigh and sure that she was not dead he attempted to revive her by bathing her face with cold water. He became alarmed when

work to revive her, if possible. After working fifteen minutes both knew that all efforts were futile.

Had Complained of Heat. Mrs. Rogers had complained of the heat Thursday morning and had also complained of pains in her back. Al-though her general health had been good for the past four years, she had stated repeatedly during the past two weeks that the heat was affecting her. The body was taken to the un-dertaking rooms of S. D. Evans.

Mrs. Rogers was married to her husband twenty-six years ago, and would have been 50 years of age on November 26. She is survived by three daughters, Mrs. D. R. Daynes of Boise, and Gracie V. and Dorothy Rog-ers of this city; W. Walter Walker, manager of Keith-O'Brien's store, a brother; D. F. Walker, Jr., a brother; and Mrs. A. C. Ellis, Mrs. Sarah A. Paul and Miss Maud Walker, all A. Paul and Miss of whom are sisters.

EASTERN MARKET WAS

SOMEWHAT IMPROVED James A. Pollock & Co., bankers and brokers, furnish the following, received over their private wire yes

erday afternoon; Paine, Webber & Co. Letter, Bos ton.-Market was erratic again today, but on the whole it was more com-fortable for bulls. Stocks showed greater resistance on drives and mroe activity on rallies. On the local board North Butte was the strongest feature, rallying to 23 1-4. Lake does not yet act right and liquidation is apparently going on. We think the whole list, however, is dragging on the bottom and advise conservative purchases.

Logan & Bryan Stock Letter, New York.-The market today showed a disposition to disregard adverse news and although several movements caused slight recessions, still the undertone at all times was relatively firm, and, as was the case yesterday the buying in the last hour was very aggressive and resulted in substantial recoveries. The decision of the Interstate Commerce commission to open its proposed advances in commutation rates out of New York to stand pending further investigation was favorably regarded, and in addi-tion the news amanating from the conference between the representa-tives of the trainmen and conductors and the officials of the Pennsylvania railway were of an assuring charac-ter. The strength of the grain market exerted an adverse influence temporarily, but, as expressed above traders today seemed inclined to lg-nore news of this nature. The short interest is said to be of large pro-portions, and its presence is undoubtedly responsible for the action of the list, but when it is considered that partial elimination of this factor is a result of short covering it will tend weaken the position of the list.

Hornblower Letter, Botson-Cop pers were dull as a whole during most today's session. Prices were irregular and changes outside of Lake opper, which sold down from 35 to 32 3-4, were fractional. Traders were responsible for most of the activity in Lake. They found scant support in it on the way down. There is no change in feeling. There are a few stocks offered for sale on The close was steady, with a fair demand

PROVO ELECTRIC SYSTEM
SEEMS NOW ASSURED.

Strong Committee of Business Men Named to Form the Company.

Salt Lake, July 15 .- An electric in terurban system between Salt Lake and Payson will be formed and incorporated. It will be named the Utah & Salt Lake Electric gailway. A com-mittee made up of strong men of each section has been named to thoroughveys made at the earliest possible moment, and arrange for the financing of the project.

A meeting was held Thursday a

the Roberts hotel, in Proyo, which was attended by a large number of Salt Lakers, and also residents of Utah county. President S. Bamberger of the Salt Lake & Ogden, Engineer Strauss of the Falkenau Construction company, which built the Lagoon road, were present, and gave valuable information as to the con struction and operation of such a road The committee named, which will take charge of the details of organization, etc., is as follows: W. W. Armstrong, W. R. Wallace, J. W. Houston, A. H. Vogeles of Salt Lake City; A. J. Evans, Lehi: James A. Clark, American Fork; W. L. Hayes, Pleas ant Grove; J. B. Keeler, Provo; D. R. Beeve, Provo; H. T. Revnolds Springville; John Jones, Spanish Fork; George A. Hone, Benjamin; H. Macbeth, Payson; George C. hitmore, Nephi. This committee Whitmore, Nephi. This committee will meet at the office of J. W. Hous-ton on July 27 at 10:30 a.m., to hear the reports and further discuss the

From the above it can be seen that the Evans-Chipman people have asso-cated with Mr. Bamberger and Mr. Vogeler. The last named is the party franchise. The presence of J. B. Keeler on the committee shows that Jesse Knight is again to be identified with the project, while the names of the others are distinctly representative of the respective sections named The project includes an electric system passing directly through the settlements from Salt Lake to Pay-son. Franchises seem to be assured

Judging from the names of those on the committee and the fact that all the interests have combined, the outlook seems very bright for the in-terurban, and much interest has already been aroused.

ANOTHER STEP FOR PURE MEAT License Committee Recommends Passing of Ordinance Covering Retail Dealers,

Salt Lake, July 15.-If the recommendation of the license committee meat ordinance be passed is adopted another big step towards cleanliness of the city's meat supply will have been taken. This recommendation was made Thursday evening at the council committee meetings.

The ordinance provides that when any one wishes to engage in the retail meat business he shall make ap-plication to the license collector for a license at a cost of \$1. The license collector will refer the matter to the city veterinarian who will inspect the premises, tools and the like and re-port back to the license collector. If the report is favorable the license shall issue. Heretofore the license virtually was compulsory upon appli-

The streets committee recommended that the board of public works be ordered to readvertise for bids on sewer extension 246. Gilkerson and Long were the successful bidders on this contract, but after the work had been awarded to them by the board of public works they discovered that they had made a mistake in their bid, that it was only half as much as it should have been. The board refer-red the contract, with the contractors' statement, to the council and this body turned it over to the street; committee. The extension has only 558 feet in it. The successful bid was \$44.67 a linear foot. Claims for Damages

Mrs. Annie M. Ray's claim for \$3, 000 damages for injuries received in fall in front of the new Kearns building on Main street was recom-mended referred to the city attorney with instructions to submit it to Senator Kearns. Mrs. Ray says that she caught her heel in a crack in the tem-porary board walk in front of the building, June 8, and fell, breaking

BINGHAM BRIGANDS BREAK IN AND BEAT

Italian Attacked in His Home and Stabbed, and His House Robbed.

Bingham, July 14.—Joe Paulovina, an Italian at Highland Bay, was bad-ly stabbed, beaten up and robbed in his home near the Minnie mine at 12:30 o'clock this morning by five men. Paulovina, who is single, lives in a small cottage with two other miners, who were away on shift. He heard a sharp rap at his door and, thinking that the other two men had returned from shift, he immediately got up and opened the door, when five men entered. Three of the num-ber attacked him. He was unable to make any defense with such odds against him and was knocked down and beaten up in a brutal manner. They also drew knives and stabbed him in a number of places. To verify his story at the police station this morning, he exhibited a gash on his right side, below his ribs, more than three inches long, which had bied freely. Finally he managed to clude his assailants and got away Then the bandits turned their attention to robbing the house. searched every part of it, finding \$135 which was hidden in various places. Paulovina declared today that he could identify three of the men and swore to John Doe complaints, upon which warrants were issued and placed in the hands of the officers, who are thoroughly investigating the matter.

A trief broke into Bourgard's meat market at 2 o'clock this morning and was in the act of carrying off a large cash register when he was discovered, and, becoming alarmed dropped it beside the road not far from the mar ket, and made good his escape. James P. Motherwall, who was going on shift at a late hour, saw the man making off with it in the direction of the Copper Belt railroad. Upon being discovered, he dropped the register near a ditch. It was evidently the man's intention to take out the money after reaching the railroad in the rear of the market. It contained considerably less than \$50, no part of which is thought to be missing. He effected an entrance through the screen of the front door.

John Lee fell a distance of thirty or forty feet from a high bank in the rear of the Citizens' coal yard last night. He must lain where he fell eight or nine hours. He sustained painful injuries in the region of the hips and abdomen, though his condition is not considered critical. Police man Ed Wilcox took him home in ac ambulance, where he is resting easy.

UTAH COAL LANDS ARE WITHDRAWN

BEVERLY, Mass., July 14.-President Taft today withdrew several million acres of coal lands in different states of the west, bringing the total acreage of coal lands withdrawals made by him up to the enormous total of 71,518,588.

of 71,518,588.

About half of this amount is now withdrawals. The work is now complete and is epitomized in the following letter to the president from Sec-

retary Ballinger;
"My Dear Mr. President: The orders for the withdrawal of coal lands which are transmitted here will com-plete the series which have been pre-pared in accordance with your in-tructions. These orders confirm and continue all existing coal land with-drawals and add materially thereto.

The areas covered include:
Montana, 20,208,865 acres: North Dakota, 17,828,182 acres: South Da-

Dakota, 17,828,182 acres: South Dakota, 2,870,287 acres: Utah, 5,814,287 acres: Wyoming, 13,099,718 acres.

"All the land however, is open to agricultural entry, with a limited surface patented under the terms of the order of withdrawal and in accordance with the recent enactment acretising. with the recent enactment providing

Things Look Bright For

LUCKY MAN Stockholders

The resent sale of stock in the Lucky Man Mine has produced sufficient means to send the work forward. Those who are just from the district in which this mine is located are filled with enthusiasm over the prospects. Some miners who have been on the property lately are very desirous of going to work on the Lucky Man Mine and are willing to take stock for their wages-not only are these men willing, but eager to do this, knowing the property as they do.

There is hardly a shadow of doubt that the mine will be among the big shippers by the first of December; some of the experts who have seen the property recently and who know what the proposed work consists of, say that very profitable shipments will begin before

Farrell, the manager, will be in Ogden for a few more days and will then go to supervise the work of sinking the main shaft into the ore body-owners of stock may be justified in looking for rapid increase in value just as soon as the proposed work is completed.

Lucky Man Mining Company

F. M. Farrell, Manager Address-2265 Lincoln Avenue

for agricultural surface entries on withdrawn or classified coal lands. "Already 10,210,082 acres of coal land, in part included in the earlier withdrawals, have been classified and appraised by the geological survey prior to July 1, 1910, and restored to

appropriate entry. "The total appraised valuation on these coal lands is \$449.876,208 as compared with \$170,063,766, which would be the minimum price that formerly obtained in the disposal of government coal lands.

"Very respectfully,
(Signed) "R. A. BALLINGER,

MIDNIGHT ROBBERS **MEET HOT RECEPTION**

CLEVELAND, July 14 .- One man dying, two wounded and a possibility of other casualities is the result of a revolver battle tonight between three bandits and forty members of a con-struction gang on the Lake Shore railroad at North Olmstead, twenty miles outhwest of here.

Today was pay-day at the construction camp. Near midnight, when the railroad men were asleep, the robbers their appearance. They or dered the sleeping men from bunks, but four of their intended vic-time had decided to sleep in the open air on account of the heat. The men from the bunks aroused to face revolvers, and were handing over their pay envelopes to the robbers when their companions on the outside opened fire. In a moment the shooting became general. For several minutes the battle continued, and three of the en fell, one shot fatally. The robbers fled.

A telephone message to Cleveland apprised the authorities of the affair and the sheriff with a posse started for the scene in automobiles. Posses also have been organized throughout the country.

In the confusion following the fight

it was impossible for the officers to learn whether the bandits escaped with any of their booty.

The construction men whose pa

envelopes were sought are scattered over the southwest corner of the country aiding in the search for the rob-

PITMAN FOUNDED IN STARVING CONDITION

WASHINGTON, July 14 -- Confined in a filthy cell, six by five feet, unfed save by charitable strangers, William Pittman, an American captured by the Madriz forces near Bluefields, was found in an overcrowded local prison at Managua, Nicaragua, by Consul Olivares yesterday. The consul telegraphed the state department that he visited Pittman, discovered the revolting conditions and forced Dr. Madriz to furnish the adventurous American better prison accommodations.

Pittman, whose relatives live at Cambridge, Mass., told Consul Olivares he left Greytown July 4; that since then his captors have failed to pro-vide him with food, leaving him dependent for subsistence upon charity.

Pittman Starving to Death. Pittman was starving. Olivares immediately protested, reminding Madriz of his promise to treat Pittman with consideration. Madriz Pittman with consideration. Madriz finally agreed to transfer Pittman to a larger and cleaner cell and to allow the consul to supply him with a sleep-ing couch and food. The consul reported no definite action regarding Pittman and that he, Olivares, will exert every effort to insure fairness and humane treatment for the pris-

oner. When the United States originally learned of Pittman's arrest Dr. Madriz assured Olivares the prisoner would be treated fairly and considerately. American Citizens Complaining.

American Citizens Complaining.
Constant complaints from American
citizens at Matagalpa relative to
threats repeatedly made against their
lives and property by agents of the
Madriz government are being received
by American consular service. Consul
Olivares cabled the state department
today that the anti-American feeling
in the western part of Nicaragua, the
section under control of the Madriz
faction, is daily growing more bitter.
Mr. Olivares has made vigorous representations to Dr. Madriz and has reiterated to him Secretary Knox's
warning, that this government will
