Pilgrim Commandery No. 21, Knights Templar, will hold its annual Easter service in Davis Memorial Presbyterian church. The sermon will be preached by the Rev. Frederick H. Baron, who has announced as his subject, "The Knight's Esprit de Corps."

**TO PUT ON FLESH AND INCREASE WEIGHT**

**A Physician's Advice.**  
Most thin people eat from four to six pounds of food, solid, fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all about the body—some it is the nature of the individual. It isn't Nature's way at all.

Thin folks stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stomach won't help them. A dozen meals a day won't make them gain a single "stay there" pound, all the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood carrying power.

For such a condition I always recommend eating a Tonoline tablet with every meal. For sale by Wells-Haymaker Co.—Advertisement.

## WORK STARTED ON A RAILROAD NEAR FAIRMONT

Will Give Western Maryland Road Entire Output from Three Big Mines.

FAIRMONT, April 15.—With three steam shovels and forty cars the Miller Construction Company, of Lock Haven, Pa., will begin active operations at Wyatt and Helena Run mines of the Fairmont section immediately. The railroad when completed will reach three mines being opened by the Consolidation Coal Company and will give the Western Maryland railroad the entire output from these three mines at Wyatt and Helena Run.

**Morgan Funeral.**  
Funeral services over the body of Mrs. Louise Bainbridge Morgan, whose death occurred Sunday, were held on Wednesday morning at 9:30 o'clock from her late residence and were conducted by the Rev. W. J. Eddy, pastor of the First Baptist church of this city, and the Rev. P. H. Murray, of Flemington. Interment was made in the cemetery at Eldorado. Mrs. Morgan is survived by three sons, Rufus, cashier of the Merchants and Mechanics Bank of Grafton; George and Frank Morgan, of this city; and two daughters, Mrs. E. N. Eddy, of this city, and Miss Olive Morgan.

**Fall Proves Fatal.**  
Dr. and Mrs. J. A. Jamison and Mrs. Emma Hood went to Point Marion, Pa., Wednesday where they attended the funeral of John Mueller, a nephew of Mrs. Jamison and Mrs. Hood, whose death occurred on Saturday as a result of a fall through the railroad bridge at that place. The young man was crossing the bridge and stopped aside to avoid an approaching train and missed his footing and fell through the bridge, death resulting almost instantly. He was 25 years of age and was a son of Charles E. Mueller. A wife and child survive.

**Linn Case Postponed.**  
Owing to the illness of Judge W. S. Hammond, who is suffering from an infected carbuncle, the case of James R. Linn, indicted in the circuit court for embezzlement of funds from the Citizens Dollar Savings Bank, was postponed from Monday, April 10 to Thursday, April 20. Judge E. M. Showalter, appointed to serve in the intervening time, will sit on several minor cases.

# Overland

## SIX

**An exceptional car—built to meet an exacting demand**

The six cylinder motor—in its perfected state—is the engineer's answer to the demand of the automobile enthusiast—the extremist if you will.

The perfected six cylinder motor is capable of a faster pick-up and a smoother flow of power than is possible in a four.

But not all sixes are superior to all fours.

We build fours that are superior to many sixes.

And our only purpose in building a six is to satisfy with Overland finally that extremist demand for well nigh miraculous motor performance.

The Overland Six is a big, roomy, luxurious, seven passenger car with a motor of unusual power, smoothness and flexibility.

But the price is only \$1145—much lower than any other car of its size and class.

Such a low price for such a superlative car is possible only because the Overland Six is part of a huge production.

In fact Overland production is easily double that of any other builder of cars of like class.

So in buying the Overland Six you not only secure a car of very unusual performance—

But you get the advantage of the economies possible only in the production of cars on so vast a scale.

While the prices of established sixes are advancing, and those recently announced are on a higher price level, the Overland price remains at \$1145.

It is so clearly dominant value among sixes of its size and class, that the demand is taxing even our large capacity.

Today is an Overland Six opportunity which can hardly last. See us now and book your order.

## "BAT" NELSON'S EARS ARE TO BE RESHAPED

Famous Prizefighter is in Love Again but Girl Doesn't Like His Ears.

CHICAGO, April 15.—Mr. Oscar Mathew Battling Nelson is in again. He has been literally dragged in by the ears—for it was not for a pair of the most misshapen, maltreated, hammered and tortured ears ever worn by a pugilist he might still be on the outside of publicity looking in.

Bat is in love, but his ears have interfered. Divorced only a few weeks ago from the volcanic Denver cartoonist, Fay King, Bat admits he has been touched again in the heart. But the latest of his lady loves has declared she can't marry a man with such ears as Bat wears.

Also his nose is slightly askew and this is another reason the former champion of the lightweight must seek a beauty doctor before he can wed his way to the altar.

Soubrette, and Her Name's Sue. "I'm not going to make a statement for the public," explained the pugilist, who now is a monologist, "but I have decided that inasmuch as I have retired from the ring, I may as well replace a few of the beauties of which I was robbed by pugilism."

But it is feared that Bat has not told the whole truth. He has admitted he has been to see a beauty spe-

cialist in the matter of having his cauliflower ears brought down to their normal size, but he has not stated that the cause of all this is a single soubrette who played on the bill with him in a South Chicago theater.

"Her name, it is said, is 'Sue,'" and that's as far as the questioner could get. For as soon as the reporter asked "Sue who?" the battling person, discovering that he had gone too far, kept his counsel. He admitted, though, that Sue has not been averse to the attention he has been paying her.

"Cauliflower ears" are one of the results of intense pugilism. One stiff punch on the ear burns like fire. Two punches burn like more fire. But several hundred punches have a tendency to sort of macerate the cartilage of the outer ear, and the result is a puffy looking affair that is not unlike a great cauliflower.

Otherwise He's All Right. This is what Sue has found unlovely about Bat, and it is a pair of these ears that must be brought back to nature before the former champion can hope to march to the altar with the singing soubrette.

The reduction of the "cauliflower" means a delicate series of operations wherein the mashed cartilages are reduced and formed into entirely new ears.

"So," explained Nelson, "when I step to the tune of the 'Lohengrin' again, it'll be with brand new ears."

**CLOTHING NEEDED**  
The Associated Charities asks that the people of Clarksburg as they are cleaning house and find articles they will never use again, such as: dresses, clothing of any kind, especially children's shoes and clothing, as we need them badly and call Bell phone 241 or Home phone 46, and we will arrange to get them.
