CHICAGO MARKETS.

CHICAGO, ILL., June 20 .- Bull news on wheat was circulated industriously this morning, but there was no stability to the market and little faith or trust placed in the gossip. Reports of delay to the Russian harvest by wet weather and talk of too much rain in the Northwest went unheeded. During the first half hour there was a rally from a weak opening, the rumor that fifty-two loads were taken for export late yesterday bringing some orders to buy, and shorts covering quite a little that they sold yesterday. The offerings became Sterling Exchange, sight. — 489% 024% of the sold yesterday. The offerings became New York Exchange, telegraphic. — 05
