

THE STORY BEARS LIKE A ROMANCE

Mrs. McLellan's Life From the Magdalen Asylum to the Jail.

The Family Prominent Members of the First Baptist Church Many Years Ago.

She Denies the Statement That She Is Shielding Her Brother.

OAKLAND OFFICE SAN FRANCISCO CALL, June 19. The early members of the First Baptist Church of this city are considerably surprised to discover that Mrs. Clara McLellan, now detained in the County Jail on a charge of grand larceny, is none other than the granddaughter of Mrs. Elizabeth Hughes, for some time the missionary of the city Baptist Mission.

Mr. and Mrs. Norman R. Turner, her father and mother, reside on Fruitvale avenue and East Fourteenth street, and were also honored members of the same church twenty years ago. Their daughter Clara, the prisoner, however, was wayward and when about 16 was sent to the Magdalen Asylum in San Francisco, where she remained until of age.

There are two brothers in the family, Norman and Frank. The latter is believed to be in Sacramento, but no one has heard of Norman for many years and his present condition and whereabouts are unknown. It has been suggested that Mrs. McLellan was shielding the real party to the crime and that it was none other than her brother Norman, but this she denied this evening.

Her father belongs to one of the oldest and most aristocratic Kentucky families, and came to California when quite a young man about 1840, where he worked as a carpenter. He married, but soon forgot his religious training and his children were brought up as many others in the poorer class of the city. They were thrown into the society of children whose habits were bad and naturally theirs did not remain the best.

When the family was in its worst financial condition his mother, Mrs. Elizabeth Hughes, unexpectedly appeared from the East, seeking her son. His condition and that of his family shocked her, as she was a very devout Baptist. Seeing a field for missionary work, she set about to raise the social standing of the family. She became a member of the First Baptist Church, the Rev. G. S. Abbott, D.D., being the pastor, and soon had the younger children properly clothed and in Sunday-school.

The elder daughter, Clara, the prisoner, was persuaded to attend, but her waywardness cropped out, and her mother acknowledged that the child was beyond her control, and she was placed in the Magdalen Asylum in San Francisco, where she remained until of age. The mother, who had been a Catholic, renounced that faith and both joined the Baptist church, and were active members for many years. Mrs. Hughes was made city missionary in 1852, and a month later Mr. Turner later bought a home on Fruitvale and prospered to dawn for him and his. The reports received were such as to indicate that the girl, after conversion and the family prospered.

Then came the news of Clara's marriage to Charles D. McLellan, that she was a happy wife and mother and the sins of her childhood were forgotten for a genuine reform seemed to have been wrought in her nature. From a wild girl she settled down to be a respectable member of society and was looked up to as worthy of the station she held.

Just at this time the grandmother shocked the church and went off to her by giving up that faith and going off to Christian science, and as a consequence her name was stricken off the church roll. "Our family is a queer one," said Mrs. McLellan to-night. "I do not know where Norman is and have not heard from him for many years. Frank, I think, is in Sacramento, but I have not seen him for three years. My parents reside at Fruitvale and Grandmother Hughes lives with them. She has been an invalid now for seven years."

"No, I am not shielding my brother, nor any other man. I can't realize how this trouble came upon me. I had the best husband in the city, but now their lives are ruined and mine. I do not know whether Manuel Silvera gave me a false name or not, but I do not know where he would treat a woman as he did, but I would not hesitate at anything."

"Yes, I knew Mrs. Hughes very well," said Grandmother Hughes, "and I am very much surprised to learn that her granddaughter was in jail. Mrs. Hughes has lived for a number of years at Mr. Turner's in Fruitvale. She was a great help to them in the early days in California. She made the complaint that sent Clara to the asylum in San Francisco, and she is protecting her brother's act in this matter. It is too bad. I do not know anything about the boys, for they have not been around where I go."

Had the Wrong Effect. OAKLAND, CAL., June 19.—The Fourth of July celebration being planned for this city has been the means of carrying many away from the city, when the object of the affair was the reverse.

The committee on advertising have ordered printing done in Cincinnati instead of allowing the work to be done at home. This move has aroused the ire of those who favor home products. Fred Sinclair, who has charge of that department of the affair, was asked about the matter this afternoon. He said:

"The matter was taken up before the full committee. The representative from the Cincinnati firm showed a fine line of goods. When I objected that the money should be kept at home they told me that it could not be done except in San Francisco. On that statement we gave an order for 1000 1863.

The matter of having these are likely to cause trouble. One firm has a monopoly of the billboards in this city. They are asked a higher price than the committee think fair.

BERKELEY, CAL., June 19.—The dairyman who has lost cows through condemnation of the health officer are preparing to retaliate with damage suits. Eighty-five consumptive cows have been slaughtered by Dr. Rowell since the tuberculin ordinance was adopted by the Town Trustees. It is claimed that some of the animals were healthy and the owners propose to recover damages for the loss. Dr. Rowell declares that there is no chance for decisions against the town, as he has been acting under a county ordinance, which provides for the killing of any animal affected with tuberculosis. It is denied by the health officer that any of the animals be taken from him as consumptives were in good health.

A New York book printer relates that, like some other business men, he is frequently hurried about his meals, and as a consequence has twinges of dyspepsia. "Sometimes," he says, "there is a rising up of a sour, watery substance in the throat that is not pleasant. I keep a supply of Ripans Tabules

now, and whenever there is any trouble I take one." To the inquiry how he took it, the answer was given, "In a glass of beer." "Your wife don't take them that way, does she?" "No, but she swears by them, though. She used to have dyspepsia and they cured her."
