ENSIGN UNFURLED ON THE OHIO LAWS TO FIGHT DENIES USING

Sanitariums Are Suggested

Resolved, That it is the sense of the American International Congress of Tuberculosis that it is the imperative duty of all civilized governments to take immediate action for the arrest of the spread of this scourge. And further, that it is the sense of this congress that every government should appoint a Commissioner of Public Health, with a seat in the Cabinet, empowered with adequate authority and means to suppress tuberculosis.

and means to suppress tuberculosis.

Much discussion arose over the question of establishing municipal sanitariums, as an outgrowth of which the following resolution was adopted:

Resolved, That it is the duty of government authorities to promote the establishment and maintenance of municipal sanitariums in which the tuberculosis patients may be isolated from their relatives and the public, and where they may be placed under suitable conditions for the cure or arrest of the disease.

Resolutions were adopted to the fol-

the cure or arrest of the disease.

Resolutions were adopted to the following effect: That it is the duty of the health boards to repress this disease; that to facilitate the early diagnosis of this disease it is the duty of every municipality to provide laboratory facilities for the microscopic and bacteriologic examination of sputa, and that systematic efforts be made for the education of the public in relation to the curability of tuberculosis through the circulation of pamphlets, the hold-

ganization of local and State societies for the suppression of the disease. Dr. N. Foster of Sacramento was made a member of the committee on
