OF THE POWDER TRUST

Acting Collector Hamilton Overhauled in Transit

MANY PACKAGES LANDED

Investigation Is Begun to Ascertain Whether Naval Officers Are Lawbreakers

Treasury Agents Caleb W. West and George E. Channing, yesterday began an investigation into a rumor that a large number of packages containing dutiable merchandise had been smuggled off the battleship Oregon last Saturday evening. Most of the stuff was placed cars on Sunday morning for shipment to the East by Wells, Fargo & Co.'s express. The Oregon is on the way to Bremerton for repairs, and it believed that the goods were landed this port so as to avoid inspection y customs officials at Bremerton.

Vessels of the United States navy are prohibited by statute from importing dutiable articles at all, but this statute is violated by almost every war vessel that comes from the Orient. Two years ago a large quantity of dutiable goods were seized by customs inspectors on board the Solace at Mare Island. None of the offenders, mostly officers, was prosecuted or punished for this infraction of law, but the Treasury Department ordered a customs official investigated on suspicion of having given the news to the press. Had he not succeeded in proving his innocence he would have lost his position. Acting Collector Hamilton has or-

dered the Oregon's goods in transit to be examined for the purpose of ascertaining whether they are dutiable, in which case they will be seized, pending their disposition by the Secreof the Treasury. Mr. Hamilton

Pending receipt of full report of obtainable facts I can furnish no official information in verification or in contradiction of the submitted statement. Preliminary report shows that a large number of packages were landed from the Oregon, but that the contents of those packages, whether dutiable or otherwise, have not as yet been ascertained. A complete investigation will be made and proper steps taken if there has been any violation of law.

cleverness.

James Corrigan as Dennis was well received. True Boardman as an inane dude is by far the best part this young actor has ever essayed. Little Oille Cooper and Baby Myrtle were cast as the two children. The scenery was of the highly sensational order. The great bridge scene was the most realistic of any piece of stage realism.

Grand.

Owing to the poor attendance at the Grand-Opera-house to see the melodrama, "Caught in the Web," the management decided to close after last night. The pray has little or no merit and the company, with one or two ex-ceptions, is not above mediocrity.

The second week of "The Lion and the Mouse" began last night at the Columbia before a large and delighted audience.

Acting Customs Collector William B. Hamilton, assisted by United States
Treasury Agents Caleb W. West and George E. Channing, yesterday began an investigation into a rumor that a large number of packages containing. one ditto parent, a village Foxy Quil-ler and four doors with real bangs. The dramatist shuffles these into every possible combination and there you are. Everybody goes everywhere except where he should go. The hero, "Toppy" Newman, is the chief sinner. He is a bashful young lieutenant who has obbashful young lieutenant who has obtained leave of absence for thirty-six hours in order to get himself married. But he has friends and "Toppy" is good-natured. They also have decided to marry on the same day, but have not obtained leave of absence. Also the stern parents are pursuing. Will "Toppy" does to the stern parents are pursuing. Will "Toppy" help? And "Toppy" does, to the extent of explaining to the afore-

mentioned stern parents that the ladies are his wives. His enthusiasm carries him even further. He gets the habit and tries to rescue two other damsels in distress in the same fashion. All this, with the usual fate of the good-natured meddler. The climax of the second act, with every one looking out of the wrong door, and the couch walking around on its hindlegs—Foxy Quiller is inside—is of the screaming kind. But it is all good fun. tinguished, but there is quite enough Per-kins for the role. Genuine drollery his work abounds in, and as merely to proplace almost suffices, the comedian is quite sufficient to his need. Frank Bacon is very funny as the constable. As usual, his work is rich in character suggestion, quaint, humorous and thoroughly artistic. It is a character, not a caricature. good work again is done by George Friend as one of the lovers, Upton, an easy and manly performance, and Orval Humphreys does well as the third. George Bloom-quist amuses to the limit of the part as

is neither beautiful nor true. Frances Slosson as the ingenuous Top-py's sweetheart and a clever young person by the name of Marie Gordon share the feminine honors. Miss Slosson is pretty and spirited, and Miss Gordon is that and perhaps more in her Sis Hopkins creation. Maggie Frances Leary brings a bit of broad, elbowy fun as the Widow Hadley, Irene Outtrim and Madeleine Maxwell completing the cast. The piece goes this week and next.

First Train Since April 1 Goes Through Tunnel 17 on the Tehachapi Line

BARRICADE IS BUILT

Despairing of Putting End to the Landslides Company

SPECIAL DISPATCH TO THE CALL.

LOS ANGELES, April 9.—The blockade
on the valley division of the Southern Pacific caused by the tremendous landsides
at tunnel No. 17 in the Tehachapi Moun-California.

The Empire Musical Comedy Company, in "Casey and the Green Sod Club," entertained a large audience at the California last night. The show is another and a particularly good one of the burlesque series. The Esquimau ballet is as pretty a spectacle as was ever presented to a San Francisco audience. It shows a view of the storied life "north of 63" such as must have been designed by one who knew.

The De Van brothers with a talented canine display novelties in the acrobatic line. Miss Bessie Taylor, who is billed in the "Latest Popular Song Successes," although rather corpulent, does exceedingly well with step and voice. Roger Imhoff in the leading comedy part is as funny as a man with a frail umbrella on a windy day.

The most laughable part of the performance is an initiation where the new member of the lodge cripples the chaps who attempt to initiate him. The songs and dancing are considerably above the average. through traffic, was raised this morning and the first train passed through the tun-nel since April 1. Despairing of removing the enormous mass of loose earth and rocks which had slid down the mountainof loose earth, which but for the wooden barrier would slide down upon the track.

The southbound Owl train arrived this evening, and the northbound Owl left on time. The Santa Fe trains are also passing the blockaded point. Freight traffic, which has congested on the coast line, will be transferred to the valley division

TRACKS UNDER WATER.

Colorado River Damages Roadbed of

Central.

Holy week is considered by theatrical men to be the worst "show week" in the year, but judging from the house at the Central last night the management will not have any cause to complain of business. Leander Richardson's melodrama, "Searchlights of a Great City," was the bill and it evidently pleased the large audience immensely. Landers Stevens appeared in three distinct characters. Elmer Booth as Solomon Einstein, sustained his reputation as a comedian in anything he undertakes. Edna Archer Crawford as Mary Jasper was the persecuted one, and made the part a very sympathetic one. The cast throughout was good. The vaudeville specialities are particularly good this week. Raymond Teal in white face and black made a distinct and emphatic hit. Miss Bertha Blanchard surprised her friends by displaying a remarkably good singing voice. The moving pictures were excellent. Next week, "Dangers of Working Girle" will be the bill. LOS ANGELES, April 9.—Reports received here today state that the Colorado River is rising again as a result of recent heavy rains rising again as a result of recent neavy rains and that floods are resulting in some sections. At the new town of Calexico and settlement across the Mexican border the situation is reported serious. A hastily constructed levee is all that now stands between the town and the river, which is very high at that point. Crops in the vicinity have been badly damaged and the Southern Pacific tracks are said to be under water, although still intact.

RESTORING DAMAGED TRACK.

Salt Lake Road Expects to Resum Overland Traffic Saturday.

LOS ANGELES, April 9 .- Officials of the Salt Lake road say that regular overland ser-Sait Lake road say that regular overland service upon that system will be resumed next Saturday. The force of 2000 men working from both ends of the washout near Caliente is making rapid progress in restoring the washed-out tracks. Construction crews from the Las Vegas and Tonopah line have been sent to the scene of trouble to assist in the task.

Chutes. Mr. and Mrs. Arthur Young, presenting their rural playlet, "A Home Spun Woolng," made their first appearance at the Chutes yesterday and scored a great hit both afternoon and evening. Earl and Wilson offered a unique musical comedy skit and Seamon, Adams and Rogers, a harmonious trio, were applauded to the echo. Bothwell Browne's Gaiety Girls repeated their success of last week in "Mikado, on the Half Shell," and Neilie Montgomery, the singing and dancing comedienne, and the animatoscope, showing the latest novelties in moving pictures, completed a capital programme. The amateurs promise a lot of surprises on Thursday night and there will be a cake walk at the Chutes on Saturday evening. The scenic touring car is one of the latest attractions to be installed on the grounds of the popular resort. OPERATORS HAVE

Jean Gerardy, the celebrated cellist, will, with his accompanist, Andre Benoist, be heard again next Sunday afternoon at the Columbia Theater. An exceptionally fine programme is announced. There is already a large advance ference of the sub-committees of the an-thracite coal miners and their employers to be held here tomorrow the operators will decline to accept arbitration as presented last week by the mine workers, and will in its stead present a counter proposition, which, if agreed to by President Mitchell and his men, will bind each AGAIN ON HEARING side for more than two years. The operators have been working on the new plan ever since the adjournment of the joint Action Involving \$200,000 Is conference of last Thursday, and the in ability of the presidents of the hard coal carrying railroads to complete minor details caused a postponement of twenty-four hours of the conference scheduled for Again is the validity of the will of the late J. Alexander Yoell in ques-tion before Superior Judge Kerrigan. today.

It is said that the offer to be made in volves an arbitration plan very different from the one presented by the miners, one that will call for the settlement of only new grievances that after an impartial investigation has been made, may be found to exist. The operators still maintain the position that the miners in their demands have not called attention to anything that has not already passed upon by the Anthracite Strike Commission. There is a strong that the operators will propose that President Roosevelt be requested to summor the strike commission to review the entire controversy. They decline, however, to indicate how they would receive the

Yoell, he made but small bequests. Three of these children—Gertrude Ellen and Beatrice Ethel Yoell and Emily The operators' representatives were F. Dunne—instituted contest to his will. Four other children of the second marriage—John H., Herbert A. and closeted in conference most of the day, and that promises that unless some-thing unforeseen should occur they will William A. Yoell and Mary Genevieve Parkhurst—are not taking active in-terest in the contest, though they will be ready with their answer to miners' arbitration plan tomorrow.

President Mitchell announced this

evening that the last of the bituminous benefit in event the will is ultimately coal operators in the Pittsburg district who had held out against the 1903 In their contest the plaintiffs allege scale signed the agreement today. This that at the time the deceased executed the will in question he was not of sound mind and was under the undue action, he said, clears up the Western Pennsylvania territory and means that influence of Evaline Amelia Levy. It is asserted that the testator labored 40,000 men in that territory who produce from 35,000,000 to 40,000,000 tons of soft coal a year will receive an inunder the insane delusion that his second wife and her children were plot-ting to cause his death and believed crease of 5.55 per cent in wages. WOULD RECALL COUNCILMAN that they actually did attempt to poison him, all of which, assert the contestants, is untrue. Furher, allege the plaintiffs, Evaline

It contains fifty-seven names. About 600 names are necessary to recall the Councilman and cause an election to be held to choose his successor. The effort to recall Ford is being made because he voted with a majority of the City Council to grant Henry E. Huntington three miles of railroad franchise without financial compensation to the city. The franchise was eventually killed by the veto of Mayor Mc-Aleer.

SEVENTH BANK IS PLANNED FOR THE CITY OF STOCKTON

Secretary of Chamber of Commerce Re-signs to Take Cashiership of New Institution.

Charles Wyman.

A jury was impaneled in Judge Lawlor's court yesterday to try the case of Policeman William I. Burns on a charge of perjury. Assistant District Attorney O'Gara is prosecuting and the defendant is represented by Attorney Hiram Johnson.

Burns was detailed to the booth at 2805 Bush street in the primary election on August 9, 1804. He was a witness for the defense at the trial of Charles Wyman, convicted of fraudulent voting at that booth. Burns testified on January 12, 1905, that Wyman was not at the booth after 3:40 p. m. on election day. It is alleged that in making this statement he committed perjury. New Institution.

STOCKTON, April 9.—Colvin B. Brown, secretary of the Stockton Chamber of Commerce, today resigned that position to accept the cashiership of a new bank which Ray Knight and other San Francisco capitalists will etart in this city. A safe deposit business has been bought by Mr. Knight to secure a location for the bank and the leading men in the project will be here tomorrow to close the deal. There are now six banks in Stockton and local bankers say there is no demand for the seventh but the men who are interested in the project think they see a good field here.

COURT IS MORE LIBERAL

Allows Receiver \$160 a Month, Though Financiers Claim He Offered to Work for \$75.

Girl Takes Poison.

Owing to poor telephone service a young girl may lose her life. Minnie Stolker, a dance hall habitue living at 631 Pacific street, drank carbolic acid last night after a quarrel with her soldier lover. When the police tried to get the Central Emergency Hospital to call for the ambulance they were unable to do so. Finally it was found necessary to send word to the City Hall police station and have a policeman go to the hospital to give the call. Owing to the time elapsing between the quaring of the deadly potion and the arrival of the ambulance the poisonous properties of the carbolic acid absorbed rapidly and placed the girl's life in grave danger. UKIAH, April 9 .- In the case of the Bank UKIAH April 9.—In the case of the Bank of Mendocino against Albert Brown, the receiver during ilquidation, judgment for \$2280 was rendered in the Superior Court this morning against the defendant. Brown had paid himself \$200 a month salary, while the directors claimed he offered to take the position at \$75. Judge White's decision allowed him \$160. MOVES FREIGHT OFFICES.—The freight offices of the Union Pacific are being separated from the passenger department at 1 Montgomery street and will be moved to the Wells-Fargo building.

SENATOR MORGAN OPPOSES
RAIL RATE LEGISLATION

Alabaman Argues That It Is an Inter-ference With the Rights of

Alabaman Argues That It Is an Interference With the Rights of States.

WASHINGTON, April 9.—McLaurin and Morgan addressed the Senate today on the railroad rate question, the former advocating legislation and the latter opposing.

The Mississippi Senator announced his intention to support an amendment providing for a court review of the decisions of the Interstate Commerce Commission and also stated his adherence to the Balley amendment prohibiting the temporary suspension of the commission's orders by the inferior courts. He criticised what he characterized as an effort to inject politics into the consideration of the bill.

Morgan took the position that the proposed legislation was an interference with the rights of the States to control the corporations created by themselves and said that the best way to check exorbitant railroad rates was to keep the waterways in such condition as to insure competition.

Resource Left Vacant by Resignation of Moses Hallett.

WASHINGTON, April 9.—Senator Daniel to day had put into the Congressional Record Colorado, has tendered his resignation to the President, and It has been accepted. After a spirited contest, conducted principally before Judge Hallett, resignation was received, but with a knowledge that it was coming, the Proxident has appointed Robert E. Lewis Given the Place Left

WASHINGTON, April 9.—Senator Daniel to day had put into the Congressional Record Colorado, has tendered his resignation to the President as tit was coming, the resident as a commission's orders by the inferior courts. He criticised what he characterized as an effort to inject politics into the consideration of the bill.

Morgan took the position that the proposed legislation was an interference with the rights of the States to control the corporations created by themselves and said that the best way to check exorbitant railroad rates was to keep the waterways in such condition as to insure competition.

rocks which had slid down the mountainside, burying the mouth of the tunnel, the railroad officials adopted the plan of removing a portion of the earth and then building a heavy bulkhead or retaining wall to hold the loose material in check. As fast as the steam shovel made a hole in the pile of dirt this bulkhead was extended, and when completed it resembled a huge snowshed made of the heaviest timbers. Above it lie thousands of yards of loose earth, which but for the wooden

A Young Girl Said to a Cooking School Teacher in New York: "If You Make One Statement as False as That, All You Have Said About Foods Is Absolutely Unreliable."

This burst of true American girl indignation was caused by the teacher saying that Grape-Nuts, the popular pre-digested food, was made of stale bread shipped in and sweetened. The teacher colored up and changed

traveling and stay-at-home members of the tribe of Ananias who tell their

falsehoods for a variety of reasons.

In the spring it is the custom on cattle ranch to have a "round up" and have a "round up" and brand these cattle and place them in their proper

FIRST PASTURE.

includes "teachers" who have upthey would say "something nice" about Grape-Nuts and Postum, and when we have declined to hire them to do this they get waspy and show their true colors. This also includes "demonstra-

tors" and "lecturers" sent out by a certain Sanitarium to sell foods made there, and these people instructed by the small-bewhiskered-doctor-the head of the institution-to tell these prevarications (you can speak the stronger word if you like). This same little doctor conducts a small magazine in which there is a department of "answers to correspondents," many of the questions as well as the answers being written by the aforesaid doctor.

In this column some time ago appeared the statement: "No, we cannot recommend the use of Grape-Nuts, for it is nothing but bread with glucose poured over it" Right then he showed his badge as a member of the tribe of Ananias. He may have been a member for some time before and so he has caused these "lecturers" to descend into the ways of the tribe wherever they go.

When the young lady in New York put the "iron on" to this "teacher" and branded her right we sent \$10.00 to the girl for her pluck and bravery.

SECOND PASTURE. Editors of "Trade" papers

known as grocers' papers. Remember, we don't put the

brand on all, by any means. Only those that require it. These members of the tribe have demanded that we carry advertising in their papers and when we do not consider it advisable they institute a campaign of vituperation and slander, printing from time to time manufactured slurs on Postum or Grape-Nuts. When they go far enough we set our legal force at work and hale them to the judge to answer. If the pace has been hot enough to throw some of these "cattle" over on their backs, feet tied and "bellowing," do you think we should be blamed? They gambol around with tails held high and jump stiff legged with a very "cocky" air while they have full range, but when the rope is thrown over them "it's different."

Should we untie them be cause they bleat soft and low? Or should we put the iron on, so that people will know the brand? Let's keep them in this pas-

THIRD PASTURE. Now we come to a frisky lot,

the "Labor Union" editors. You know down in Texas a weed called "Loco" is sometimes eaten rangement of the brain that Many of these editors are "Lomands" of a labor union and it is the universal habit of such writers to go straight into a system of personal vilification, hood through which to vent their spleen. We assert that the common citizen has a right to live and breathe air without asking permission of the labor trust and this has brought down on us the hate of these editors. When they go far enough with their libels. is it harsh for us to get judgment against them and have our lawyers watch for a chance to attach money due them from others? (For they are usually

Keep your eye out for the "Locoed" editor.

Now let all these choice specimens

We will deposit one thousand or thousand dollars to be covered by a like amount from them, or any one of them, and if there was ever one ounce of old bread or any other ingredient different than our selected wheat and barley with a little salt and yeast used in the making of Grape-Nuts, we will lose the money.

all times to visitors and thousands pass mineral matter was rich in phosphoric through each month, inspecting every department and every process. Our brain and nerve food, whatever with good relish, eat a meal from the shows that it is a nutritive of a high

The work people, both men and of a complete food in very satisfactory and rich proportion and in an easily State of Michigan and, according to the State labor reports, are the highest paid in the State for similar work. Let us tell you exactly what you will

see when you inspect the manufacture of Grape-Nuts. You will find tremendous elevators containing the choices wheat and barley possible to buy. These grains are carried through long con-veyers to grinding mills, and there converted into flour. Then the machine make selection of the proper quantities of this flour in the proper proportion and these parts are blended into a general flour which passes over to the big dough mixing machines. There water, salt and a little yeast are added and the dough kneaded the proper length of up.

Remember that previous to the barley having been ground it was passed through about one hundred hours of soaking in water, then placed on warm floors and slightly sprouted, developing the diastase in the barley, which changes the starch in the grain into a

Now after we have passed it into dough and it has been kneaded long enough, it is molded by machinery into loaves about 18 inches long and 5 or 6 inches in diameter. It is put into this shape for convenience in second cook-

chinery and the slices placed on wire trays, these trays, in turn, placed on great steel trucks, and rolled into the secondary ovens, each perhaps 75 or 80 feet long. There the food is sub-jected to a long low heat and the starch which has not been heretofore trans-formed is turned into a form of sugar an he seen glistening on the granules and this sugar is not poured over or put on the food as these prevaricators gnorantly assert. On the contrary the sugar exudes from the interior of each little granule during the process of manufacture, and reminds one of the little white particles of sugar that come out on the end of a hickory log after it has been sawed off and allowed to stand for a length of time.

This Post Sugar is the most digestible food known for human use. It is so perfect in its adaptability that mothers with very young infants will lutely unreliab pour a little warm milk over two or three spoonfuls of Grape-Nuts, thus washing the sugar off from the gran-running loose.

les and carrying it with the milk to the bottom of the dish. Then this milk charged with Post Sugar is fed to the infants, producing the most satisfactory results, for the baby has food that it can digest quickly and will go off to sleep well fed and contented. When baby gets two or three months

a little longer and become mushy, whereupon a little of the food can be fed in addition to the milk containing the washed off sugar. It is by no means manufactured for a baby food, but these facts are stated

old it is the custom of some mothers to

allow Grape-Nuts to soak in the milk

as an illustration of a perfectly digest-It furnishes the energy and strength for the great athletes. It is in common use by physicians in their own families and among their patients, and can be seen on the table of every first-class college in the land.

We quote from the London Lancet

analysis as follows: "The basis of nomenclature of this preparation is evidently an American pleasantry, since 'Grape-Nuts' is derived solely from cereals. The preparatory process undoubtedly converts the food constituents into a much more digestible condition than in the raw cereal. This is evident from the remarkable solubility of the preparati no less than one-half of it being soluble

in cold water. The soluble part con-tains chiefly dextrin and no starch. In appearance 'Grape-Nuts' resembles fried bread crumbs. The grains are brown and crisp, with a pleasant taste not unlike slightly burnt malt. According to our applied the cording to our analysis the following is the composition of 'Grape-Nuts'; Moisture, 6.02 per cent; mineral matter, 2.01 per cent; fat, 1.60 per cent; proteids, 15 per cent; soluble carbohydrates, etc., 49.40 per cent; and unaltered carbohydrates (insoluble), 25.97 per cent. The features worthy of note in this analysis are the excellent proportion of proteid, mineral matters and acid. 'Grape-Nuts' is described as a may be. Our analysis, at any rate, order, since it contains the constituents

An analysis made by the Canadian Government some time ago shows that Grape-Nuts contains nearly ten times the digestible elements contained in ordinary cereals and foods and nearly twice the amount contained in any other food analyzed.

The analysis is familiar to practically every successful physician in America and London.

We print this statement in order that the public may know the exact facts, upon which we stake our honor and will back it with any amount of money

We promise to follow some of these specimens of the tribe of Ananias.

When you hear a cooking school eacher or any other person assert that either Postum or Grape-Nuts are made of any other ingredients than those printed on the packages and as we say they are made, send us the name and address, also name of two or three witnesses, and if the evidence is clear enough to get a judgment we will right that wrong quickly. Our business has always b

ducted on as high a grade of human inose to clear the deck of these pr wherever they can be found. Attention is again called to the gen-

eral and broad invitation to visitors to go through our works, where they will be shown the most minute process and device in order that they may understand how pure and clean and whole-some Grape-Nuts and Postum are.

There is an old saying among business men that there is some ch train a fool, but there is no room for a liar, for you never can tell where you are, and we hereby serve notice on all the members of this ancient tribe of Ananias that they may follow their calling in other lines, but when they put forth their lies about Grape-Nuts and Postum. we propose to give them an opportunity to answer to the proper authorities.

The New York girl wisely said that ands the whole discourse as absolutely unreliable.

Keep your iron ready and brand these "mavericks" whenever you find them

"There's a Reason" for

Grape-Nuts and Postum
