DAKLAND FOOTBALL MEN OUTPLAY INDEPENDENTS

Hornets Annex Association Game by a Score of 3 to 0

OAKLAND, March 31 .- Outpointed in every feature of the game, the Independents had to admit the superiority of the Oakland Hornets at today's association football game at Freeman's Park. The score was 3 to 0.

Since the institution of the cup competition the Independents have had a monopoly of the honors, winning the cup regularly each year, and the wearers of the black and white were tipped as a cinch for today's game. The Hornets, however, were determined to have a say as to the ultimate destination of the trophy, and the best available tal-ent at the call of the selection committee was sent on the field. It was generally believed that McKenzie would be unable to play, because of injuries received in the Albion game, but at the last minute he decided that he was fit to resume his position.

The Independents introduced Lydon

at center forward, which necessitated the elimination of Balmain. That the change was a wise one the result

shows.

McKenzie started the play which resulted in the first goal of the contest. Throwing the ball from the sideline almost to midfield, he placed it directly at the feet of Elliot and the Hornet captain made a great effort to plerce the defense. Godfrey, who had assumed the goal position for the day, made a clever save and sent the sphere back into the field. Little Podmore was lying in waiting, however, and with a nicely judged shot put his team in the lead.

Thereafter the Indies had a look in, and Lydon made a magnificent attempt to put his team on level terms with a shot from twenty yards range. Mc-Ritchie was on the alert and succeeded in turning the ball over the har.

Shortly afterward the Independent goal was again in danger because of Carter being charged from behind. The kick went past and the San Fran-ciscans assumed the aggressive. Mc-Kenzie was having a rough time and when he was on the verge of scoring he received a nasty kick from the goalkeeper. This did not deter him and after a beautiful single handed effort he outwitted the defence and added goal number two to the Horn-

The poloists of Burlingame Country Club resumed match play yesterday on the private field of Francis J. Carolan at Crossways Farm after a month's let-up. The teams were made up of three men each, instead of the customary four, as the full complement of players was not available. Lawrence McCreery, who was a member of Walter Buckmaster's famous team in England for years, made his first appearance of the season at Burlingame. He showed all his former skill as a horseman and with the polo mallet. The teams were made up as follows:

Reds F. J. Carolan, Lawrence McCreery and W. S. Hobart.

Whites—E. W. Howard, T. A. Driscoll and John Lawson.

George Parsons refereed the match.

MURDOCK NOW TENNIS CHAMPION OF ALAMEDA

Veteran Wrests County Title From Charles Foley With Ease

Alameda County was won by Percy Murdock of Alameda County was won by Percy Murdock of Alameda yesterday. The contestants in the finals were Murdock at the crossbar to avert danger. Tommy Fay took the resultant corner kick and Highest spoiled the advance by shooting past. Just to make sure of an already sure thing. Carter, with the best shot of the game, put on number three. The make-up of the teams was as follows:

Homets—McRitchle, Waeber, Gore, McKenzie Jr., Carter and Soutt.

Hodgendeits—Gedfrey, Souter, Godfrey, Androck won the first two sets so easily that a victory in straight sets was predicted on all sides. Foley ralled in the third set and outgated his opponent as badly as he had been outglayed his opponent as badly as he had been outglayed in the others. When Foley had taken the first two games in the fourth set if began to look as though the match would be closely contested. Murdock would be closely contested Murdock on six occasions needed but one point to win.

Foley's defeat was due largely to his poor service. He almost invariably missed his first service and Murdock as a ruie drove his second for lance. The old-timer was right on his metal and his drive, both backhand and forehand, was working to perfection.

Murdock's victory was well earned to the wind part of the tournament last year. The casy manner in which the veteran disposed of Foley surprised the experts. All the casms was as follows:

the opening shoot of the Empire Gun Club yesterday on the trapshooting grounds at Alameda Point. Fred Feudner was second in this event with 22. Hillis, the clever representative of a powder company, finished in thiffd place with 21 breaks to his credit.

The conditions were perfect for blue rock shooting. There was no wind and the high fog made a perfect light, as there was no glimmer along the gun barrel when it was pointed in the direction where the sun should have been. The average scores were high, considering that this was the first shoot of the season and that the members were

The special handicap race at twenty birds, in which the competitors held their guns below their elbows, proved an interesting match, but a hard one for good scores. County off and on ever since. Play was resumed in the handicap singles tournament for the Pendleton Cup on the Golden Gate Park courts yesterday. The playing of P. Hardeman, a new comer at the park, proved to be the feature. Placed on the fifteen mark by the handicapper, he defeated E. P. Finnigan and Fred Adams with ease. The youngester put up a great game and undoubtedly will develop into a star player.

Whites—E. W. Howard, T. A. Driscoll and John Lawson.

George Parsons refereed the match. The score was a tie, each team making seven goals in the full six periods of play.

For the first time it has been decided to play at Burlingame throughout the summer, chiefly with a view to keeping players and ponies in condition for the sharp competition which is expected next winter, when the trophies won at the Coronado Country Club must be defended and when a strong English team is expected to enter the lists

In speaking of the race, he said last night: "I am forced to return to Los Angeles. While I was there waiting for the time to start the enthusiasts came around telling me how I did not sannoying and there is only one way to stop them. It is to see how strong is their faith in their judgment by offering to wager them a little of the yellow metal. The result was I placed something like \$2000 of my own money on the contest. Before I started there was no Pope-Hartford money in sight. So, outside of the interests of the company, by which I am employed, the fun

FAVORITE GREYHOUNDS FAIL THEIR BACKERS

Choo Choo and The Crowd Win Deciding Races at Good Odds

The talent was out of line in picking winners at Ingleside Coursing Park yesterday. Short enders brought home yesterday. Short enders brought home the money with unusual regularity and the form players went down and out when choices in the finals of the class stake and unfinished stake were beaten decisively. The hardest blow of the day was the defeat of Billy Mullally by Choo Choo in the final of the unfinished event. Five to two was the prior the bettors laid against Whalen's performer, which ran away from Mullally. Freeport was selected to defeat The Crowd in the final of the class event and the latter hound was made a 5 to 4 shot. The Crowd won without allowing his competitor to score.

The hare favored The Crowd in his race against Freeport, but the winner showed a trifle more speed and would have undoubtedly won if the hare had gone straight up the field. Golden Traice showed good form and defeated Dan Finnegan and Real Rocker in decisive fashion. The Open stake was postponed owing to a scarcity of hares. A crack bunch of dogs has been entered in the Flight stake, which will be run on next Sunday. run on next Sunday. The results follow:

HUNDREDS OF FANS PAY VISIT TO BALL GROUNDS

Grandstand and Bleachers Are Inspected by Many Critical Eyes

By W. J. Slattery

Though they knew that the glorious day which marks the opening of the baseball season-the dearest day in all the year to them-was still nearly a week off. several hundred of the real tried-and-not-found-wanting fans wended their way to the new ball park at Fifteenth and Valencia streets yes-terday. Instead of the leather-covered terday. Instead of the leather-covered sphere traveling swiftly through the air the fans gazed upon the plodding harrows and clod mashers, while the noise of the swinging hammers took the place of the pop of the base hit. Everybody seemed satisfied with the appearance of the new field. Groups of fans took seats in the grandstand and on the bleachers, and eagerly discussed the prospects for next Saturday and predicted how the Seals will hand it to the Beavers in the first real live

and predicted how the Seals will hand it to the Beavers in the first real live baseball game San Francisco has known since April 15.

As usual the small boy figured prominently at the grounds and the enthusiasm he showed was great. He climbed into the stands and selected the seats he hopes to occupy some Sunday or holiday afternoon when fortune smiles on him. As for the bleachers he tried them first and picked out the choicest place from which to secure the best line on every base, the outfield and the catcher's box.

The oleachers in the new park are well arranged. Formerly the spectator was compelled to lean over in order to avoid being kicked on the small of the back by the man behind him. Now there is plenty of space behind each seat and the fan can sit down and watch the game in comfort while he mannets.

seat and the far can sit down and watch the game in comfort while he munches peanuts.

If the right field fence was twenty or thirty feet farther away from the home plate the grounds would be ideal. The management, however, will put a wire netting on top of the woodwork, and Cal Ewing says that any man who is capable of walloping the sphere over it is entitled to make the round of the bases.

Skill With the FiveOunce Rod

The clever rod wielders of the San
Francisco Flycasting Club continue to perform astonishing feats with the five-

ounce rod in their competition at Stow Lake in Golden Gate Park. T. C. Kierulff, president of the club, broke all world's records in the delicacy event yesterday with a score of 99 46-60 per cent. In this competition both accuracy and delicacy are taken into accuracy and delicacy are and and taken the reasonation. Local fans will cond that th

secured berths. More than a ago the manager of the Pendleton team wired that he could accommodate four or five of the boys. It is under-stood that little Schofeld, who was re-leased by Long, has his choice of sev-

real of the teams of the north.

Hal Chase has not yet made, his peace with Manager Griffith of the New York Americans; and from present indications the fans of Gotham will not see the great Californian in action this season unless the management comes through with a raise in salary. Many of the local ball players think hat Chase is foolish for holding out. The members of the Giants, however, The members of the Giants, however, were all unanimous in saying that the oters will give Griffith no peace until he secures Chase, for they all regard him as the greatest guardian of the first sack the team has ever known. Unless his present plans are changed Manager Jones has always been a favorite with the fans, and as he wants to start the season off Long thinks the best thing he can do is to comply with his wish.
