NO BETTING PROSPECTS FOR THE NEXT BIG MILL

Fans All Look for Johnson to Handily Outpoint Kaufman for Ten Rounds

By WILLIAM J. SILLARTYE

Indications are that there will be little or no betting on the approaching Johnson-Kaufman 10 round battle at Coffeys's arena on the afternoon of September 5. The very fact that it is to be upon such a hotly contested bout is the cause of the lack of interest in it among the betting fraternity. The talk around town is to the effect that Johnson is about to indulge in a big celebration in the arena of the Big California blacksmith.

The public has quite a long wait for the injury to old Kaufman, as the champion will not have a chance to recuperate before the big battle.

For many years past the Los Angeles Angels have had to play an extra game against the National Guard, and a pair of them, the Angels, to match with the odd in the affair, is a matter of course. The extra game is to be played on September 5, and the Angels are expected to have quite a hard time of it, as they have not been in top form lately.

Cobs is a new cigar, made in a new way, made of old Havana tobacco. The cigar is rough but its taste is smooth. If the same quality of leaf were rolled into a fancy shape, you'd have to pay 10 cents for one cigar as good as any one of the nine Cobs for which you only pay 5c.
