Ketchel of Michigan met tonight in the area on the National athletic club in a six round bout, and at the end there was little to choose between the men. If anything, Langford had a slight advantage, but a draw would have been a fair decision.

After the first round both men fought viciously, Ketchel playing for the colored man's body, while the Boston fighter used a straight left, varied occasionally with a right upper cut. It was one of those damaging blows which caught Ketchel flush on the nose near the close of the third round and the hardest fought affairs that the city has known in many a moon.

## HOW HE CURED BLOOD POISON

I didn't find out I had contracted Contagious Blood Poison until it had made considerable headway. I had heard a great deal of the value of S. S. S. as a blood medicine, in fact had a friend who had cured himself of the same disease through its use, so as soon as I discovered the nature of my trouble I began taking it. I got along splendidly from the very first and my recovery was steady. When I first began the use of S. S. S. my face was so full of sores and eruptions that I could not shave. Other parts of my body were similarly affected, but there is now not a blotch, pimple or any other sign of the disease. I was cured by S. S. S. and I know I am cured to stay cured as this was several years ago. There is nothing that equals S. S. S. for Contagious Blood Poison and I always recommend WALTER WEBER. it in such cases.

No. 430 1/2 Fourth St., Evansville, Ind.

The acknowledged virtue of S. S. S. as a blood remedy induced Mr. Weber to commence its use when he found he had contracted Contagious Blood Poison. The good results he obtained is just another demonstration of its value as a cure for this disease.

Contagious Blood Poison is the most powerful and destructive of all blood disorders. Its virus permeates the entire circulation and this explains why any one afflicted with this malady usually finds its symptoms manifested in every portion of the body. From head to foot the insidious poison breaks forth. The hair and eyebrows come out, the mouth and throat ulcerate, skin eruptions and sores and ulcers break out on the body, the bones ache, glands in the groin swell, and frequently the nails on hands and feet are affected.

The only possible way to cure Contagious Blood Poison is to remove the cause by purifying the blood. This is just what S. S. S. does; and it is the only medicine that absolutely and thoroughly cleanses the circulation of every particle of the germs and virus of the disease. Mercury, Potash, etc., are often used by despairing sufferers in the hope that such strong treatment will kill the poison. But this cannot be done; the disease may be checked temporarily and the symptoms improved, but the old poison is slumbering in the blood, and when the treatment is left off the disease always returns.

The ability of S. S. S. to cure Contagious Blood Poison comes from its blood purifying properties. It goes into the circulation and removes every trace of the poison, makes the blood pure and healthy. and leaves no dregs of the virus to break out later on. S. S. is made entirely of roots, herbs and barks, each of which has a direct and

PURELY VEGETABLE

specific effect in purifying the blood. S.S.S. does not contain a particle of mineral in any form to upset the stomach, affect the bowels, or inflame any of the delicate membranes of the body. It is Nature's blood purifier, potent and healthful, and so valuable are its tonic effects that when S. S. S. has rid the

circulation of the Contagious Blood Poison the entire system is left in fine physical condition.

We want to help every Contagious Blood Poison sufferer to get well, and for this purpose we have prepared a special book for Home Treatment. We will mail this book with any special medical THE SWIFT SPECIFIC CO., ATLANTA, GA.
