WILL CELEBRATE SIXTIETH WEDDING ANNIVERSARY

Mr. and Mrs. George Polhemus Sr. will celebrate their sixtieth wedding anniversary today. Five of their seven children, now residents of Colorado, will be present, as well as other relatives and special friends to the number of about thirty-five. The survival in good health of a couple to celebrate their sixtieth wedding anniversary is so unusual in this age as to excite considerable surprise and many friends both here and in their former home in Iowa will offer this happy and charming old couple sincere congratulations.

WILL PLAY CRIPPLE CREEK PRINTERS ON THE 28TH

The baseball team recently organized among the printers of Canon City, this morning received a challenge from the secretary of the Cripple Creek printers team to play a game on the Natatorium diamond here on the 28th inst., which has been accepted. While the local organization is not in very good trim at present on account of lack of practice it hopes to be in shape by the time of their arrival to make the contest an interesting one for the visitors. The challenging team is composed very largely of the employees of the Cripple Creek Times.

LOCAL DELEGATION BACK FROM GLENWOOD SPRINGS

The members of the Fremont county delegation to the Democratic state convention at Glenwood Springs have practically all returned home, some of them coming in this morning, others this afternoon. The Canon City representatives report a delightful trip and a fine time at the convention. Mr. and Mrs. A. H. Seely remained over at Glenwood to attend the annual meeting of the Colorado State Pharmaceutical association, but will be home tomorrow. The delegates to the Democratic convention had their transportation furnished them without cost.

Choice hay and feed. Morris & Son Phone Blue 1721.

LARGE PICNIC PARTY ON SKYLINE TUESDAY EVENING

The members of Westminster guild, an organization of young unmarried women and matrons in the First Baptist church for missionary and social work, gave a leap year picnic on the Skyline drive Tuesday night. There were about twenty-five couples and the occasion was one of exceptional pleasure to all. Many of the merry-makers rode to the picnic grounds, and others made the trip afoot. The return to town was made by moonlight.

MAY HOLD PICNIC NEXT YEAR IN WET MOUNTAIN VALLEY

Dall De Weese has extended an invitation to the Ohio Society of Fremont county to hold its next annual picnic at the De Weese reservoir near Silver Cliff, in Custer county, on the second Thursday in June, or as near that date as possible.

While no action in relation to the matter has been taken it is probable that the invitation will be accepted. It is proposed to charter a special train from the Denver & Rio Grande Railroad for the occasion and sell tickets at \$1 each for the round trip, which, it is believed would assure a large patronage. Such a trip would be a delightful one in all respects and would afford, in addition to the magnificent mountain scenery, splendid boating and fishing. Mr. De Weese agrees, if it is decided to have the picnic at the reservoir, to prohibit all fishing there until after the picnic has taken place.

GONE TO IOWA TO ATTEND BIG FAMILY REUNION

Mr. and Mrs. Alvin S. Boice left Tuesday morning on a visit to various points in Nebraska, Missouri and Iowa and possibly in the Atlantic states. The trip is made primarily to attend a big family reunion at the home of Mr. Boice's father, at Nashua, Iowa, on the 27th inst., at which will be present his three sisters and their families from California, Utah and Minnesota respectively. Mr. and Mrs. Boice will go direct to Kansas City where the latter will remain for a few days while her husband makes a brief business trip to several places in Nebraska.

From Kansas City they will proceed to Des Moines and later go on to Nashua. Mr. Boice has business interests that will most likely take him to New York, Philadelphia and other cities on the Atlantic seaboard.

Push: don't knock

POPULAR YOUNG LADY MARRIED HERE TUESDAY

Miss Anna May Nicholas, daughter of A. M. Nicholas of 423 Harrison avenue, was married to Hershey E. Shupp, formerly of this city but now a resident of Monument, Colorado, by Judge James L. Cooper of the county court Tuesday afternoon in the presence of a few intimate friends. The groom was at one time connected with the management of the Mt. Rose dairy but is at present engaged with his brother in ranching near Monument in El Paso county. The bride was until recently a popular salesman at the Fair grocery and dry goods store, corner of Main and Eighth streets. Mr. and Mrs. Shupp will leave on Thursday for Monument where they will make their home.

LOCAL AND PERSONAL

Wednesday.

Mrs. Kate Hills went to Pueblo this morning.

Miss Catherine Hendrickson, for six years teacher of music in a ladies college at Liberty, Mo., has come to Canon City to locate.

Mr. and Mrs. Frank Higgins are at Copper Mountain on account of their little daughter being there when taken ill with the measles.

Arthur Alling, who has been visiting Clarence Hills this month, leaves tomorrow for Cripple Creek, Cascade and the northern part of the state but will return to Canon later in the summer.

Ben W. Rea and Sam G. Taylor left the first of the week on a fishing trip to Twin Lakes. Some excellent sport is being had by anglers at Twin Lakes this season. Messrs Rea and Taylor will be gone for a week or more.

Miss Cora Woodford of Lincoln Park left this morning for Denver where she will matriculate as a student at the summer school of Denver university. She will be away from home six weeks or two months.

The Fourth of July committee has awarded the contract for building the grand stand on the baseball park southeast of the city. It is to be completed before the fourth, will have a cover to keep off the sun and will seat 500 people.—Florence Tribune.

Miss Ethel Amick is having a delightful time in Stockton, Cal., visiting her brother and new sister and enjoying once more the beautiful flowers of the Golden state. She will be in Stockton until the 21st, when she expects to go to Berkeley to school for the summer session.

Mrs. J. O. Phillips and two children of Knoxville, Tenn., are here for a visit with the former's brother and sister, Rev. J. T. Thomas and Mrs. B. T. Dooley. They will remain in Canon City the greater part of the summer.

A fire alarm was sounded by the waterworks whistle at 2 o'clock this afternoon which created considerable excitement on the street for a few minutes. Happily, however, the alarm proved to be a false one and it was not necessary for the fire department to turn out.

Mrs. Clark Cooper and daughter, Edna, left this morning for a six weeks' visit with relatives and friends in New Jersey and New York.

A nine pound baby was born to Mr. and Mrs. Herman Loehr Tuesday afternoon. The congratulations of friends is extended to the happy parents.

Miss Ripley and Mrs. Templin entertained most pleasantly at tea yesterday evening. Those present were Carroll and Ray Templin, Harold Davis, Arthur Alling and Clarence Hills. Mr. and Mrs. George Cooper of Long Beach, Cal., made a twenty-four hour stopover here on their way to Missouri and visited Mr. and Mrs. W. O. Higgins.

W. A. Chapson returned home Tuesday night after an absence of about five weeks during which he traveled several thousand miles. He visited New Mexico, Texas and Arizona for the purpose of purchasing cattle for shipment in this state and succeeded in buying nice bunches of young steers at Las Cruces, New Mexico, and in Arizona, which he shipped to the San Luis valley and to Pagosa Springs respectively.

W. C. Holman has gone to Chicago and other eastern points to look after some business affairs that will require his attention for some time. He will also visit his old home in Missouri before returning to Canon City.

S. H. Atwater left this afternoon for Pueblo to attend a meeting of the board of directors of the Kansas-Colo-rado Power & Railroad company, of which he is a member. Executive officers of the company will be elected at tomorrow's meeting, and probably contracts awarded for the construction of the proposed road between Pueblo and this city.

Bridge at the Hot Springs hotel is repaired and the baths are open to public.

NEW KIND OF RAIL TO BE SUBMITTED TO COMPANY

S. H. Atwater has at his office, 720 Main street, a model of a new kind of rail for the use of traction and transportation companies, which has been offered to the Kansas-Colo-rado Power & Railroad company for use in the operation of its line from here to Garden City, Kansas.

The rail itself is similar in all respects to the one so universally used but differs from it in the fact that the greater part of it is encased in a metallic jacket, which enables the joints to be made longitudinally instead of square as is now the case. There are apparently many advantages about such a rail, not the least important of which is the peculiar method of making the joints, which is, really, a splice instead of the ordinary jointure by means of fish plates. The doing away with the old system of joints at each end of the rail will obviate the jolt and jar now experienced in railroad trains and will minimize the danger of accident from loose rails. The shoe with which the rail is enclosed will also make it more rigid than would otherwise be the case and prevent its giving way as is sometimes done under the present system.

The model will be taken to Pueblo by Mr. Atwater and exhibited at the directors' meeting of the Kansas-Colo-rado Power & Railroad company tomorrow with a view of securing its adoption.

The device is the invention of Jas. H. Martin of Meno, Oklahoma, a former resident of his city. It is protected by letters patent issued by the government January 9th, 1907. W. P. Ahart of Lincoln Park is associated with Mr. Martin in the ownership of the patent. It is said to be no more expensive than the common steel rail.

FUNERAL SERVICE HELD AT 2 O'CLOCK TUESDAY

The funeral of the late Mrs. Martha Camp, who died at 1121 River street, Thursday afternoon, the 11th inst., of pneumonia, was held in the chapel of the undertaking establishment of Hawley & Son, 612 Main street, at 2:30 o'clock Tuesday afternoon, Rev. G. B. Hatcher, pastor of the congregation of the First Baptist church, conducting the obsequies.

Deceased was a native of Chipman, Queen's county, New Brunswick and was born March 23rd, 1855, consequently was aged 53 years, 2 months and 18 days. She had been a resident of Colorado since 1886, having lived in Cripple Creek for about thirteen years and Canon City about two and a half years.

Mrs. Camp had been an invalid for a long period and pneumonia developed as the result of complications which physicians were unable to prevent. She was a member of the Baptist church and lived a devoted Christian life, attracting to herself many friends by the kindness and the gentleness of her demeanor.

In addition to a wide circle of acquaintances she leaves to mourn her demise, a sister and several brothers. Two of the latter, Isaac B. Langley, of Everett, Wash., and Lemuel Langley of Searchlight, Nev., are here and were present at the funeral service and the interment Tuesday afternoon. Besides these, there are brothers at Santa Monica, Cal., Spokane, Wash., and Boston, Mass. The sister, Mrs. Annie Briggs, lives at the old home in New Brunswick.

The parents of Mrs. Camp are dead, her mother and one sister being buried at Leadville, from which place they are soon to be brought here for re-interment in Lakeside cemetery.

Isaac Langley, the oldest of the family, who was accompanied here from his home at Everett, Wash., a few days ago, was formerly a resident of the Cripple Creek district and was successively assistant superintendent and superintendent of the Elkton Mining company. He was until recently the owner of some valuable ranch property on Lincoln Park.

The remains of Mrs. Camp were laid to rest in a lot in Lakeside cemetery, purchased by her brother, to which all that is mortal of her mother and youngest sister will be brought from Leadville and placed beside her.

Coroner C. H. Whitmore is in receipt of the report of State Mine Inspector John D. Jones in relation to the accident at the Royal Gorge mine here on the 4th inst., by which William Threlkeld of South Canon lost his life. The report is a very exhaustive one and agrees in the main with the coroner's jury which was to the effect that the company was to some extent negligent in not properly protecting the roof of the entry where Mr. Threlkeld was killed, but that it was not criminally responsible for the death.

QUEEN OF ACTRESSES PRAISES PE-RU-NA.

MISS JULIA MARLOWE.

"I Am Glad To Write My Endorsement Of The Great Remedy Pe-ru-na. I Do So Most Heartily."
Julia Marlowe.

ANY remedy that benefits digestion strengthens the nerves.

The nerve centers require nutrition. If the digestion is impaired, the nerve centers become anemic, and indigestion is the result.

Pe-ru-na is not a nerve nor a stimulant. It benefits the nerves by benefiting digestion.

Pe-ru-na frees the stomach of catarrhal congestions and normal digestion is the result.

In other words, Pe-ru-na goes to the bottom of the whole difficulty, when the disagreeable symptoms disappear.

Mrs. J. C. Jamison, 61 Marchant street, Watsonville, Cal., writes: "I was troubled with my stomach for six years. I tried many kinds of medicine, also was treated by three doctors. They said that I had nervous dyspepsia. I was put on a liquid diet for three months.

"I improved under the treatment, but as soon as I stopped taking the medicine, I got bad again.

"I took the medicine for two years, then I got sick again and gave up all hopes of getting cured.

"I saw a testimonial of a man whose case was similar to mine being cured by Pe-ru-na, so I thought I would give it a trial.

"I procured a bottle at once and commenced taking it. I have taken several bottles and am entirely cured.

"I have gained in strength and feel like a different person. I believe Pe-ru-na is all that is claimed for it."

Nervines, such as coal tar preparations, are doing a great deal of harm. Sleep medicine and headache powders are all alike—heart depressants, and should not be used. The nerves would be all right, if the digestion were good. Pe-ru-na corrects the situation.

Lincoln Park.

A new street is to be opened from Dewey east through the Macon property so as to make that accessible and more easily broken into workable tracts. This move will result in the opening of Park avenue east thru the obstruction at present closing it.

The children of the Freidinger family are down with the measles.

L. G. Thompson has greatly improved the appearance of the residence property he recently bought on McKinley. He has graded the lawn, laid cement walk, put up a new fence, and painted the house.

The long delayed press the boys bought for the Lincoln Park News has at last arrived. It has been installed in a little office building near the Hall store.

J. R. Rogers has purchased the Munger store on Poplar.

Mr. Stockel has enlarged and improved his residence on Poplar.

The Entorf and Andrews families picnicked at Temple canon Friday.

A sister of Mr. Entorf who has been with the family for a year or so has returned to Chicago.

The school board has retained the entire corps at the local school.

A very attractive cottage is just being completed at the corner of Birch and Poplar.

Mr. G. A. Salle is steadily gaining as a result of the Pueblo operation. It is evident that the doctors discovered his trouble.

ST. JOE BUSINESS MEN VISITED CANON CITY

Twenty-five representatives of the manufacturing and wholesale interests of St. Joe, Mo., who are making a tour of Colorado in an effort to establish closer trade relations with the people of this state, visited Canon City for a couple of hours Friday noon. They left Denver at an early hour this morning and had breakfast at Florence, arriving here from the latter place shortly after 9 o'clock. No provision had been made for their reception here and they were left to their own devices to provide themselves entertainment. T. G. Twyman, manager for Baker & Biggs, an old St. Joe man, took the visitors in charge and did everything he could to make their stay here a pleasant one. The party, which is traveling in its own special train, went from here to Salida. They will have supper this

evening at Leadville and will visit Glenwood Springs, Grand Junction, and various places on the eastern slope, returning to Pueblo via Durango and the southwestern portion of the state. They left St. Joe on the 11th inst., and expect to get back on the 20th. In the party were T. B. Campbell, vice president of the Tool-Campbell Lumber company; R. S. Wheeler of the Wheeler-Mather company; Mr. McDonald, of the Noyes-Norman Shoe company and many others.

MOTHERS OF MEMBERS OF S. Z. S. CLUB ENTERTAINED

The S. Z. S. club of young ladies, numbering some six or eight members, entertained their mothers, and a new member, Miss Ethel Reed, at a picnic supper yesterday evening at the City park. The menu, which was both bountiful and delicious, was greatly enjoyed by the guests of honor, and a most delightful social time is reported by all present. The guests were Mrs. Moore, Mrs. Reed, Mrs. Atwater, Mrs. Wood, Mrs. Kennedy and Mrs. Beane.

Tuesday an Excursion Day.

Colorado & Southern sells tickets on Tuesdays from Denver, Colorado Springs and Pueblo to all state points at very low rates for the round trip.

Quail Getting Scarce.

Just whether the California quail that were a familiar sight on the sand hills in this part of the county are disappearing or whether they are being killed off by hunters or coyotes, cannot be learned, but it is a fact that the coveys that have been running about the cactus for the last two or three years, have disappeared. There is a heavy penalty for killing quail out of season and the season does not open in Colorado until 1911. Just who is responsible for the wholesale killing of these birds is not known, but it might pay the game wardens to keep their weather eye open and if the law is being violated the violators should be run to earth and prosecuted.—Florence Tribune.

Sunday Summer Rates.

Canon City to Florence 50 cents round trip. Canon City to Pueblo \$1.50 round trip, every Sunday during summer months. Rio Grande.

WHEN YOU GO ON YOUR VACATION TAKE A GOOD BOOK TO READ HELPS YOU TO KEEP COOL

Because you know your money is safe.

IF you have never looked at the pages of YOUR bankbook and watched the "balance to your credit" grow, you yet have the most interesting of all books to read. If you once begin to read in your BANK BOOK you'll never lose interest in THAT book.
