NO 25

river bridge at Catawissa, Saturday, has revealed that they are inferior to used on the river bridge at Dan ville a fact which has caused much ville, a fact which has caused much dissatisfaction. The appearance of the blocks, it seems, was not wholly in their favor and to see just to what extent they fell short Hon. William T. Creasy secured several of the blocks used on our bridge, with which the Catawissa blocks were compared. The test was made by John Fisher of Catawissa.

bridge floated when placed in water; those used in the Danville bridge sunk like lead. Two of the best Catawissa like lead. Two of the best Catawissa blocks weighed 3 pounds and 15½ ounces and the two used on the Danville bridge, 6 pounds and 7 ounces. After being immersed an hour the After being immersed an hour the Catawissa blocks weiged 4 pounds and 4½ ounces, a gain of 5 ounces, and the Danville blocks, 6 pounds and 8 ounces, a gain of an ounce. At the end of 12 hours the Catawissa blocks weighed 4 pounds and 6 ounces, a gain of 11.1 per cent, while the Danville blocks weighed 6 pounds and 8½ ounces, a per cent., while the Danville Bocks weighed 6 pounds and 8½ ounces, a gain of 2 per cent. At the end of 24 hours the Catawissa blocks weighed 4 pounds and 7 ounces and the Danville blocks, 6 pounds and 9 ounces and at the end of 36 hours the Catawissa. All of which confirms the belief that Danville has not only one of the most imposing, but also one of the best constructed and most durable bridges along the North branch.

The Rig Show Coming.

The announcement that Ringling Brothers' World's Greatest Shows will exhibit at Sunbury will be received with more than usual interest by th onle in this neighborhood. people in this neighborhood. The Ringling Brothers have a name that stands for all that is new, novel and entertaining in the circus line, and the management announces that this season the show has been enlarged to suc an extent that a whole extra train i used in addition to the four trains of last season. The show is now trans-ported from place to place in eighty-five seventy-foot cars, constructed especially for the Ringling Brothers ction with the circus proper unexcelled, the Ringling Brothers are this season presenting the beautiful and sublime spectacular production of The Field of the Cloth of Gold. The The Field of the Cloth of Cold. The partominic play necessitates the use of 1,200 actors and actresses and of almost five hundred horses. It is presented on the largest stage ever used for exhibitional purposes. Special excursion rates have been arranged for a playing of travel by Ringing Proon all lines of travel by Ringling Broon all times of travel by ringing bothers, and those who desire to go to Sunbury where this great circus exhibits on Friday, June 1st., can do so at a comparatively small cost. This will be the only point in this vicinity where the circus will exhibit this seaton. on and no one should miss this op tunity to see it. Watch this paper additional announcements.

The largest bass ever reported caught in this section of the state was caught in this section of the state was caught the other day at the Irondale dam, Fishing creek, by Isaac Shaffer, who at the time was fishing for suckers. The fish measured 27 inches. Shaffer was fishing with red worms for suckers when he hooked the bass.

for suckers when he noted the base of the hard struggle he managed to land it, thinking at first it was a carp. Others nearby, however, informed him he had a black bass and Shaffer likewise realizing it finally threw it back in length. The bass was unquestionably the largest caught in many years in this section of the state.

Coal Prices Drop.

The wholesale price of authracite coal was reduced forty cents a ton by the Reading, the Lehigh Valley, the posing the hard coal combination. Circulars making telegraph. The reduction in price was billed at the lower price.

Plays Tunes on Engine Whistle.

The engineer of an extra freight train running on the East Penn branch of the Reading Railway is an adept in handling the whistle cord. Strains of "Home, Sweet Home," are frequently rendered passing through the valley, in almost perfect similarity to a calliope, much to the delight and amuse ment of the people who gather at the stations to hear him play the whistle Tamaqua Recorder.

Will Pave

The borough council of Lock Haven has determined to have up-to-date streets in that town and has appropri-

BIG SHIPMENT OF FISH ARRIVES

The largest number of fish that ever came to Danville for the purpose of replenishing the streams hereabout, ar-rived Friday evening and Saturday morning. In addition to the shipment of wall-eyed pike, pike perch or Sus-quehanna salmon, the name under queianna saimon, the name under which they are more commonly known, which shipment was alluded to in these columns Wednesday, there was a shipment of pickerel fry from the Mt. Pleasant batchery due at about the same time. Charles Ruckel, who had made the

application for the pickerel, was in-formed by telegram that the fish fry were on their way and would arrive nere on Friday morning. On meeting the morning train, however, Mr. Ruckthe morning train, however, Mr. Ruck-el was informed that the fish had not arrived and the supposition was that there had been some misunderstand-ing and that they would arrive Satur-day morning. On Friday night, how-ever, the pickerel fry, filling five cans, ever, the pickerel fry, fining five caus, most unexpectedly arrived at the station and the fact developed that they had gone astray and had been carried far out of their way. As a result the fish had suffered much for the want of care; some were dead while those living were very much enfeebled. The pickerel were designed for the Chillisquaque creek, but all idea of carting them so far had to be abandoned and it was perfectly plain that if even those that survived were to be preserved they would have to be placed in their native element at once. As the best way out of the difficulty, therefore, the pickerel fry were placed in the Mahoning creek near its mouth. Application will be made immediately for another shipment of care: some were dead while those livmouth. Application will be made im-mediately for another shipment of pickerel for the Chillisquaque to take the place of the one that went astray. The Susquehanna salmon arrived from the Eric hatchery, Saturday morn-

from the Erie hatchery, saturday morning, in a flourishing and healthy state. There were ten cans of them, representing many thousand fish. They were met at the station by John McCall and John Fisher, by whom they were deposited in the North brauch at Harvey Lamberson's and at Red Point.

Lamberson's and at Red Point.

The Susquehanna salmon may attain
a fair size in two years and will add
much to the sum total of sport for
fishermen. Fish fry placed in the river, develop rapidly. Last season sever, develop rapidly. Last season several large-mouthed black bass measur ing between 11 and 12 inches were eaught, which had been placed in the

or caught, which had been placed in the river the year before.

If fishermen elsewhere along the North branch would take as much interest in replenishing the streams as Danville people it probably would not be long before fish would be as plentiful as at any time in the past. W. E. Meelan, commissioner of fisheries, deserves great credit for what he is doing to replenish the streams and to protect the fish the least that the general public can do to promote the good is to co-operate along all lines, which means not only to apply for fish, placing them properly in the streams, but also to aid in enforcing the fish laws.

Petition Circulating.

There is circulating among the Span sh-American War survivors in Dan ville a petition applying for a charter for the "United Spanish War Veter-ans," an entirely new organization national in its character, which is the outcome of the amalgamation of four societies: the Spanish war veterans the Spanish-American war vetera the society of the service men of the Spanish war, and the Society of the Hespano-American war. Formerly there was in Danville a camp of the Spanish-American war veterans now mbraced in the above amalgamation embraced in the above amalgamation. What success may attend the effort to organize a camp of the amalgamated organization remains to be seen. There are no less than seventy-five survivors of the Spanish-American war in Danville and vicinity and if the movement

fails it obviously will not be for the want of material. The amalgamation was completed in 1904. One hundred and fifteen camps scattered all over the United States surrendered their old charters and reed organization. A camp may be org-anized and a charter granted on the application of ten or more persons who have served in the army, navy or marine corps, in the Spanish-American war, Chinese expedition or Philippine insurrection, prior to July 4, 1902. A beautiful ritual or ceremony has been provided, known as the secret work, with which all members are mustered and the work of the camp conducted. all coal sold since that time will be A grip and pass words are communic ognize another. The organization is

Broke His Leg.

Jesse Umstead, who lives on Mrs. Jesse Umstead, who lives on Mrs. Greenough's farm, Liberty township, sustained a broken limity esterday forencon. He was leading a colt out to water when the animal playfully began to kick and plunge. Mr. Umstead in attempting to hold the horse stumbled and fell, after which the horse in some way struck the man, fracturing his right leg above the ankle. Dr. Suyder set the broken bone.

State Shoot at Milton.

The dull weather is having a rather depressing effect on the State shoot now in progress at Milton. Nevertheless the events are being run according to schedule. Many sportsmen are present and it is believed that records will be broken for tournaments in Pennsylvania. Luther J. Squier, of the Dupont Powder company and Senator Fred A. Godcharles are managing the tournament. Bernard Elsessler, of York, is in charge of the offices and Charles North, of Cleveland, the traps.

ANOTHER BOY

Another arrest was made in this city Tuesday afternoon with the hope of breaking up the ring of incorrigible and criminally inclined boys, who for sometime past have been proving a nuisance and a menace. The boy taken into custody Tuesday was Daniel Kennedy, whose agains between 13 and 14 years. His arrest took place pursuant to action taken by the school board on Monday night. Kennedy's case was given due consideration. As far of the experience of the teachers and superinted edent extend the boy is incorrigible beyond what is usually implied by that the term. Circumstances are such that the boy is able to hold all school discipline and school authority in deflance. Monday night he was also accused of breaking into the school house. On motion the tranat officer was instructed to swear out a warrant for Kennedy's arrest as wholly incorrigible and to have him brought before court with a view of having him sent to some institution where reform may possibly be effected.

The plea of not guilty was taken, after which Ambrose Robinson and Robot Campbell, two 15-year-old boys, were called to testify. The two witnesses were together when they allege they saw Kennedy coming out of the

nedy did break and enter the first ward school house with intent to commit a felony."

The plea of not guilty was taken, after which Ambrose Robinson and Robert Campbell, two 15-year-old boys, were called to testify. The two witnesses were together when they allege they saw Kennedy coming out of the cellar of the school building. At the sight of the two boys Kennedy is alleged to have run down the alley where the two boys pursued him and shally caught him. He handed over some articles, which, the boys state, he acknowledged having taken from the school room.

Attorney Ralph Kisner who was present at the hearing explained the attitude of the school board which he said, was not vindictive in the matter. The boy was beyond the schools and was a positive menace. With a tyiew of removing his evil influence and of placing him where he would have to yield to discipline and authority they asked that he be handed over to court.

The records show that in August.

The records show that in August, 903, Daniel Kennedy was arrested for arceny and that upon his promising o abandon evil conduct sentence was

suspended. Justice Oglesby fixed bail at \$100. No one appearing as bondsman the boy was committed to jail.

Mrs. Wagner's Narrow Escape.

Mrs. Wagner's Narrow Escape.

Mrs. Harvey G. Wagner, of Washingtonville, had a miraculous escape yesterday from being roasted to death, the memory of which will long remain with her.

Mrs. Wagner was ironing at the time of the narrowly averted catastrophe. While walking across the room to get a hot iron from the range, a chasm suddenly yawned at her feet and the stove disappeared into a hole in the floor, from the brink of which the lady staggered back barely able to save herself from being precipitated down on top of the red hot range.

It was between 2 and 3 o'clock when the accident occurred. Men had been working underneath the kitchen at the Wagner home putting in a stairway into the cellar, and during the course of their work had found it necessary to temporarily support the kitchen foor with two scantlings. It was the weight on the two supports proving too great that caused the floor to fall. Had Mrs. Wagner been a step nearer the stove she would have gone with it in a fall of ten feet into the cellar and would have landed on top of the burning mass. The two carpenters who were in the cellar at the time of the accident, Jerry Diehl and William Robinson, both had narrow escapes.

The accident caused a great deal of excitement in Washingtonville, a great many people hurying to the seene, and for a while greatly exaggerated rumovs were affeat.

Voung People Entertained.

Master Raymond Foust entertained a umber of friends at his home on Front street, Monday evening Those present were: John Deutsch, Edwin Lewis, Fred Rupp. Wilbur Patton, James Bowyer, James Evans, James Patton, Clarence Lloyd, Roy Foust, Lewis Williams, Frank Swarts, Philip Foust, Arthur Hullihen, Raymond Foust, Lucy Detweiler, Ethel Foust, Mabel Foust, Daty Detweiler, Ethel Foust, Mabel Foust, Deatherine Moyer, Leah Hill, Jessie Wyant, Francis Harpel, Grace Foust, Margaret Foust, Minnie Cohen, Laura Wyant, Mrs. Thomas Welliver, Mrs. J. B. Wyant.

makes the total list of dead number seven.

The names of the men found yester-day are Walter and Joseph Winoski. The bodies were found under tons of debris and were horribly mutilated. The injured men are all out of danger. The coroner's jury is making a thorough investigation but up to last night had not rendered a decision.

Verdict for Danville Hospital.

Judge Evans, at Bloomsburg yester-day, directed that \$3027, 85 be return-ed to the plaintiff in the action of the trustees of the Danville hospital for the insane vs. county of Columbia. The action grew out of the placing in the hospital of patients from the Con-yngham and Centralia poor district, and the failure to may for their work. the hospital of patients from the con yngham and Centralia poor district and the failure to pay for their main tenance at the institution.

Masonic Building.

A movement has taken definite shape to erect a Masonic building in Sunbury which will be the property of the order. This question has been agitated for some time and at present about 10 thousand dollars has been subscribed for the purpose. This is about one third the amount that is needed and the projectors believe that the entire amount can be raised in a short time.

Civil Service Examinations

An examination for the position of clerk (male and female) and carrier (male) will be held at the post office in this city on May 28th., 1908.

For application blanks, and for full information relative to the examination, qualifications, duties, salaries, vocations, promotions, etc., address Secretary, board of civil service examiners, post office, city.

WILL IMPROVE INDIAN BOYS CAPTURED

officers were searching.

Chief Minemoyer requested the liveryman after reaching home to hitch up in a double seated carriage and the return to Chulaskey for the purpose of bringing the officers and the Indians, if eaptured, back to town. Meanwhile the officers would keep a close lookout and intercept the runaways, if they came along.

In due time Mr. Fry returned with the carriage. Up to that time nothing had been seen of the Indians. On the assumption that they were still loitering along the railroad the officers goint to the carriage and were driven down as far as Cameron.

Arriving near the old hotel the officers caught a glimpse of two figures near the railroad, which they took to be the young Indians. They immediately started after them and before they came up to them were convinced they were not mistaken. They were full blooded Indians and their costume was as described. As they approached the younger of the boys turned and was in the act of running away; he hesitated, however, for a moment and then turned, retracing his steps. The next moment both he and his companion were taken into custody. They neither offered resistance, nor attempted to deny their identity.

The officers and their prisoners entered the carriage and were driven toward Danville. True to their nature the young Indians were sullen and uncommunicative. They, however, did not refuse to answer questions. In this way considerable information relating to their escape was elicited. Although in broken English their replies were very direct and intelligible.

The older of the two boys gave his name as Antonio Yellobo, nineteen years of age, a Sioux Indian. The younger was Nathan Lott, seventeen years of age, as member of the Nez Perces tribe of Indians, which mostly inhabit Idaho. Lott's person a pair of the barber shears was found and it developed that he could cut hair.

The boys stated that they escaped on the officers with Yellobo would run away again in June after he gets his pay. "The authorities of the Indian school were communicated wi

EOUIPMENT

Borough Electrician Jones has been very busy for a week or so past and three dark places in the borough, which heretofore have not known the luxury of electric light, last night and the night preceding were lighted up for the first time.

On Tuesday an arc light was swung from the pole planted near G. L. McLain's grocery, Walnut street, about midway between the light at Hon. James Foster's residence and the undergrade crossing at A street. The residents along this section of Walnut street have put in repeated appeals for light than been employed for street light has been employed for street light; It was not until municipal light was adopted and given satisfactory trial, however, that the borough could see its way clear to light up this section as it should be done. The residents, who for so many years felt them selves alighted, are delighted with the effect.

During yesterday two additional are

The Case is Appealed.

The Case is Appealed.

Prothonotary Thomas G. Vincent Tuesday received a telegram from Lewis C. Green, deputy prothonotary of the State supreme court at Philadelphia, apprising him of the fact that na appeal had been taken in the case of the Danville and Sunbury street railway company and that the certiorari would be forwarded by mail.

An appeal in this case was not altogether unexpected. The petition was presented to the court on February 20th last and on the same of the was granted to show cause why a receiver for the Danville and Sunbury street railway company should not be appointed. On April 25th Judge Evans handed down an opinion refusing to appoint a receiver and discharging the rule.

On motion of William Kase West ex-

appoint a receiver and discharging the rule.

On motion of William Kase West exceptions were noted for the petitioners and the bill was scaled by the court. The limit of twenty days, during which the case could be appealed, expired yesterday.

The supreme court does not convene until next January and with the case appealed the natural inference would be that the road is hopelessly tied up until that time, which indeed, will be discouraging news to those who have been so fondly hoping to see the line in operation in the near future.

Freight Wreck Causes Delay.

on the P. & R. railway last Friday.

The work of wiring the building was progressing nicely, some twenty men being employed. The material on hand being about all used up yesterday morning Mr. Stutterheim who is in charge of the work went to the P. & R. station to make inquiries concerning a shipment of boxes expected, when he was informed that the freight train had been wrecked and the cars containing the goods had been burned up. The contents of the cars were ruined and considered as lost, no attempt being made to recover them. The news was quite a surprise to Mr. Stutterheim and the non arrival of material embarrasses him in his work considerably, as it will be necessary for him to shift his men to another part even if it is possible to keep them employed.

Grange Will Meet June 6th.

Returned From New Mexico.

Joseph Divel, who has been living at Rosswell, N. M., since last October, returned home last evening. How will remain in Danville assisting his father in his business.

Joseph was associated with his brother-in-law in the mercantile business at Rosswell. He is much pleased with the great West in general and New Mexico in particular and is impressed with the fine business opportunities that occur as the country is being developed. He would probably have cast his lot in that part of the Union had it not been that his father is in poor health and that his assistance is needed at home. He describes the long journey eastward as full of interest at this season of the year.

The expert bank forger who was arrested at Mt. Carmel and taken to Lebanon for trial was identified at the former place as Charles Follweiler, of Allentown. He is twenty-two years of age and has a wife and child. trolley lines in central Pennsylvania into one giant organization, and that it will only be a short time until other lines in this region will become an integral part of the system, which will mean that the Schuylkill Traction company and the Danville and Bloomsburg lines and those controlled by the Sunbury Traction company will be a part of the general system, with the lines to be run by the Shamokin Extension company forming the connecting link.
