THE MILAN EXCHANGE.

VOLUME IV.

MILAN, TENN., MAY 3, 1877.

NUMBER 10.

AROUND TOWN.

Moon-light nights.
Cold weather again.
Fishing is all the go now.
Calico sells here as low as six cents.
See new looks of Williams, Smith
& Co.
J. B. Arnold, Sheriff, was in town
Wednesday.
Cole's circus passed through here
on the Louisville & Nashville road
last Sunday.
Two passenger coaches on the Mo-
bile & Ohio road were thrown from
the track Wednesday, caused by run-
ning over a cow. No one hurt.
A woman attempted to commit sui-
cide at White Bluff, on the North-
western railroad, Tuesday last by
throwing herself before the train.
Both the north-bound trains on the
Central road were several hours late
last Friday, in consequence of a wash-
out near Lamar, Miss.
The Brass Band have blown them-
selves away; but lit on the Central
Hotel.
Ice cool Soda Water at M. L.
Baird's drug store, given away—for
a nickel.
Mr. V. L. Ware is erecting a resi-
dence on Moore street. This looks
suspicious.
The popular firm of Harrison, Don-
nell & Co. are receiving new goods
daily. See their looks.
One of Milan's young counter-
bouncers has every young lady in
town registered on his arm.
The lawyers are having a high time
of late, here. Five or six cases a day
on an average before our justices.
The Magnolia is the most desirable
flower among the young ladies now.
Send to New Orleans for them, young
men.
A plank walk has been laid from
the Milan Hotel to the corner of Shep-
herd's lot. This is a good improve-
ment.
If school days lasted always, what
a lot of old maid and bachelors there
would be in Milan ten or fifteen years
from now.
The next annual session of the Ten-
nessee Press Association will be held
in Clarksville, commencing on the
21st of June.
Our lawyers are getting ready for
the 15th Circuit cases in the Supreme
Court. The docket will be taken up
the 15th inst.
The accident to the editor of this
paper will account for the reading
matter in this issue. Our friends
will know how to make allowances.
Mr. E. J. Robertson has just received
a fine stock of calicoes, fans, fan
chairs, etc., and proposes to sell them
cheaper than the cheapest. See
locala.
We noticed the genial Deputy
Sheriff Iken in town last Friday. He
is spoken of as the next candidate for
Sheriff of the county. We are for
you, Eli.
Messrs. Coley & Dickinson, we are
informed, will be able to get into
their new house at Bradford in about
ten days and open up their branch
house there.
Mr. R. H. Henry, Editor of the
Brookhaven Ledger, Brookhaven,
Miss., left his card on our table last
Monday. Unfortunately we were
absent on that day.
A slight frost was visible last Mon-
day morning, and also on Tuesday
morning. We are glad to be able to
say that no damage was done by it to
the wheat or fruit crop.
Thursday evening last during the
severe rain one of our citizens suc-
ceeded in driving a partridge into his
house and caught it, and this, too,
in the most densely populated portion
of town.
Mr. J. L. Thompson, who lives near
Shiloh, on last Friday night killed an
owl in his hen house which measured
four feet and eight inches from tip to
tip. This is one of the largest we have
ever heard of.
Last Monday a scaffold fell with
E. A. Collins and P. D. Warlick.
Mr. Warlick received a painful wound
on the forehead and other slight inju-
ries, and E. A. Collins had an ankle
sprained. They fell about ten feet.
The lodge of Good Templars which
was organized here several weeks ago
is in a prosperous condition. There
will be a lecture by the Rev. Burton
at the Methodist church on Monday
night next and public installation of
officers.
As "we" are an editor temporarily,
we expect somebody will give us
something. Of course we couldn't
expect much these hard times, but a
new pair of boots would be the thing.
Let them be summer boots and No. 7,
and—soon.
We noticed last week the fact that
a little son of Mr. R. Y. Moore had
swallowed a whistle which had lodged
in his throat. Since then Dr. Jordan
has succeeded in forcing the whistle in-
to the stomach and the little sufferer
is in a fair way to recover.
Mr. Ben. J. Ragdale, formerly of
Milan, now of Melvonn, Ark., was in
town last week. He left on Monday
last for his new home and took with
him one of Milan's fair daughters.
We hope he and his excellent young
wife may realize their fondest dreams
of happiness in their new life.

Railroad Items.

Col. John T. Flynn, General Supt.
Memphis Division, was in town
Wednesday.
Cole's circus passed through here
on the Louisville & Nashville road
last Sunday.
Two passenger coaches on the Mo-
bile & Ohio road were thrown from
the track Wednesday, caused by run-
ning over a cow. No one hurt.
A woman attempted to commit sui-
cide at White Bluff, on the North-
western railroad, Tuesday last by
throwing herself before the train.
Both the north-bound trains on the
Central road were several hours late
last Friday, in consequence of a wash-
out near Lamar, Miss.
The north-bound train on the Cen-
tral road last Sunday was eight hours
late, on account of a freight train
running off the track.
An excursion train of railroad offi-
cials from Louisville, passed through
here yesterday morning. They had
been to New Orleans and were on
their return to Louisville.
In the case of John Newell, of
Illinois Central railroad et al. vs. the
New Orleans, St. Louis and Chicago
railroad company, the Mississippi
Central railroad company et al., some
time since an order was issued from
the United States court to sell the
Mississippi Central road on the twenty-
sixth of April, but a few days since, on
petition of the complainants above
mentioned, a postponement of the sale
was had, under an order issued by
Judge Trigg to the clerk of the United
States court for the district of
West Tennessee, the postponement of
the sale, however, not to exceed four
months. The order of sale, or decree,
includes so much of the road as lies
between Jackson, Tennessee, and Can-
ton, Mississippi.

Accident.

Monday morning last W. M. Mc-
Call and the editor of the EXCHANGE
were going to Trenton, the horse at-
tached to the buggy took fright and
ran away, tearing the buggy to pieces
and severely injuring W. A. Wade
by throwing him against a tank. The
horse ran nearly a quarter of a mile
before Mr. Wade was thrown out. It
is with pleasure that we state that his
injuries, though painful, are not dan-
gerous. Mr. McCall was not injured,
having fallen out of the buggy at the
first spring the horse made.

A Strange Bird Caught.

W. T. Younger, last Sunday morn-
ing caught a strange bird in the new
house belonging to Rev. J. P. Weaver
in course of construction. It is
thought to belong to the owl tribe, is
about the size of a barn-yard hen, has
short legs and is of a brownish white
color. "The oldest inhabitant" never
saw anything like it. It, perhaps,
came in with the severe wind and
rain storm of Thursday last and it is
evidently a stranger to this country.

The Fruit Crop.

We are glad to be able to state
that in several localities within easy
reach of our people there is an abun-
dant crop of peaches and cherries.
Around Atwood, Hope Hill, Lavinia
and in the Sugar Hill Lavinia there
will be an abundance of peaches.
The cherries and plums are not
injured, nor are the apples. If noth-
ing happens to the crop we will yet
have plenty.

A Cross Mark.

(The margin of your paper indi-
cates that your time is out, or will ex-
pire with the next paper. Remember
our rule—CASH ALWAYS IN ADVANCE.
If not renewed, we take it for granted
you do not want the paper any longer,
and your name will be dropped from
our list. We intend to publish the
best paper in West Tennessee, and
the more subscribers we get, the bet-
ter we can make the paper. Let every
one renew and bring another with
him.

Pic-Nic.

The joint committee of the Sabbath
schools of this place have arranged
for a grand celebration and picnic on
the 18th, in the grove near Geo. Sims,
in the suburbs of town. All
Milan and the neighboring Sabbath
schools are invited. A programme
will be published in due time.

The Wheat Prospect.

The wheat prospect was never bet-
ter than at present. The crop is
finer than for years past and the
average is larger. Those farmers who
wisely sowed wheat last fall will re-
alize large profits from it. Prices
will continue to advance as long as
the European war continues.

Best Chance Yet.

Any one having a fat cow can
make a tip top trade for a sewing ma-
chine by applying at this office.
Don't all come at once!

"Music in the Air."

If you want to buy a piano or an
organ, by applying at this office you
can get a better bargain than in Mem-
phis or Nashville.

COUNTY NEWS.

In General.
Maj. Bennett Hilleman, of Trezo-
vant, was in town Tuesday.
Fishing is the main engagement of
the average Humboldt man now.
Dr. A. M. Weslake has been very
sick for some time and is still very
sick.
Clerks and lawyers are busy get-
ting ready for Chancery Court, which
convenes 1st Monday of June.
Our able fellow countryman, Judge
John T. Carthel, of the Commission
of Arbitration at Jackson, is winning
golden opinions by the zeal and ability
he displays in his present position.
He is worthy of all honor.

Humboldt.

From the Humboldt Herald.
The Jackson District Conference
of the M. E. Church, South, will be
held in this city July 13-15. Bishop
Paine will preside.
Mr. Oscar Gilchrist, who for several
years did business in Trenton, and
was well known in the county, died
at Yorkville last Friday evening.

We learned this morning that J.
J. Crisp, of Brazil in this county,
died Wednesday night, after a long
and painful illness. His many friends
will be sorry to learn of the death.
Miss Annie Ferrell, who is teaching
school in the neighborhood of Mr.
Jackson Williams, was thrown from a
horse Friday morning, and badly
hurt. We are glad to state that no
limbs were broken.

From the Humboldt Journal.

The second Quarterly Meeting for
this place will be held at the Metho-
dist church Saturday and Sunday,
May 5th and 6th.
A little daughter of Mrs. Susan
Hudgins, living two miles from Gads-
den, was struck and killed by light-
ning on Wednesday, April 18th.
She was standing against a window
when the cloud came up.
A negro boy at Dr. Scott's under-
took to inspect a powder can by lamp-
light at last evening's session, with
the usual result. He won't be as good
looking again, but he'll have a great
deal more sense.

Our young friend, Isham Clement,
informs us that, a few days ago, he
cut down a tree one foot in diameter,
in the middle of which was a vine,
twining around the heart of it. The
tree showed no signs of decay. The
mystery is, how could the vine grow
inside the tree?

Dyer Station.

April 26, 1877.
Our "sanctum" has had the pres-
ence of two Milanese, Mr. R. H. & G.
W. Patton. The first named gentle-
man attracts considerable attention
among the ladies. Call again.
Main continues to fall, and farmers
are very late planting their crops.
Fully one half of the crop of corn and
cotton is not planted yet. The ground
has been too wet to plow for near two
weeks past.
Mr. Hutcherson is making good
time cutting lumber. His new ma-
chine is simply superb.
A deranged negro, calling himself
Simon Rutledge, created a sensation
in town yesterday. His derangement
is caused by natural defect augmented
by whiskey.
Health is good. Our doctors are
enjoying quiet, we presume, unwill-
ingly.
The wheat prospect is said to be
fine, finer, and finest. If nothing
should befall the crop to injure it,
there will certainly be more wheat
than for the past two years.
Mr. J. P. Snoddy has returned
from St. Louis, bringing an immense
stock of dry goods, notions, &c. He
missed the Great Southern calamity
by about one and a-half squares.
The crazy negro said yesterday that
he was going to heaven. When last
seen he was traveling North. He had
certainly taken the wrong direction.
More anon.

Keep This in Mind.

It is estimated that there will be
a reduction of at least 25 percent in
the value of taxable property the
present year. This reduction in val-
ue is equivalent to a reduction in the
taxes. If the taxes are levied at the
same rates, a reduction of 25 per-
cent in value will be equivalent to a
reduction of 25 percent in taxes.
The entire tax levied in 1876 for all
purposes was 80 cents in Gibson
county. There was no additional
school tax levied, and this amount,
with the exception of 10 cents on the
hundred dollars, was paid for the
benefit of the State and County, and
not for the schools. For the present
year the State has reduced its tax for
current expenses to 10 cents, and the
10 cents levied by the State for School
purposes makes the entire State tax
20 cents. The county has levied a
tax of 40 cents for current expenses
and to pay off the indebtedness of the
county. The entire tax levied so far,
then, is 60 cents on the \$100 for 1877.
If the school tax is voted by the
people on the 26th of May, as no
doubt it will be, the entire tax that
the county can levy will be 20 cents

on the \$100, which will raise the rate
of taxation to the same standard it
was last year; but a reduction of val-
ue in the taxable property will be
equivalent to a similar reduction in
the taxes. Take for instance the
taxable property of the county for
1876 as a basis, viz:

Valuation of Land \$1,000,000
Personalty 1,000,000
Total \$2,000,000
Deduct 1/2 valuation for 1877 \$1,000,000
Taxable property for 1877 \$1,000,000
It is evident at 8 mills on the dollar
for each year, the people will have to
pay 25 per cent less taxes the present
than they did last year.
In 1876 they were required to pay \$48,000
in 1877 they cannot be required to pay
more than \$36,000
Total reduction of taxes, 1877 \$12,000
There is a very material difference
in the two amounts. For the first
year only one-eighth of the amount
was for the benefit of your schools;
while in 1877, if you vote the tax,
three-eighths of the tax will go to
your schools, while at the same time
you will be paying less taxes than in
1876.

Benefit of School Tax levied by the State in 1876.

School Tax for 1877 cannot exceed \$6,000
Benefit in favor of your Schools \$7,000
In other words the man who paid
\$10 last year contributed \$1.25
to the schools. On the same property
this year he will pay \$7.50 tax, of
which \$2.80 will go to the schools. It
is plain, then, upon this basis of re-
duction in the value of taxable prop-
erty, the people will be relieved to
the extent of \$12,164.60, and at the
same time help the schools the
above amount, \$7,002.87.

Now is the time, if you want any
schools, to secure them without im-
posing any additional burthens upon
yourselves, since it is plain the addi-
tional School Tax you vote cannot be
an additional tax as compared with
last year's taxes, even at the same
valuation of property.

CARROLL NEWS.

In General.

McKenzie talks of abolishing her
corporation, in order to get rid of the
saloons.
Mr. John Anderson's residence, at
McKenzie, burned a few nights since.
Everything was lost. No insurance.
The farmers of Carroll are gen-
erally behind with planting, on account
of the wet weather.

Huntingdon.

From the Huntingdon Vindicator.
Measles and Rosolia are prevailing
here at present. There has been no
deaths from either, and so far but
few have been very ill.
Col. Tom Baker, one of the oldest
newspaper men in the country; who has
spent two years in Washington and
was there during the exciting last
hours of the forty-fourth congress,
rode twenty-eight miles through the
rain to attend a circus at this place.
Even in old age things we loved in
youth possess attractions.

Mr. Dan Jennings had the misfor-
tune to have his pocket picked on Fri-
day night last of a fine gold watch
and chain. He was sitting up at the
Brown House to wait on a sick friend,
and dropped off to sleep in the office.
It is supposed the thief entered from
the street. It is said the same gen-
tleman lost a considerable amount of
money on the day of the show.

Further proceedings of the Term of
the Circuit Court:
State vs. J. P. Merritt, indictment
for arson, tried by jury and acquitted.
State vs. Lewis Steely, indictment
murder, tried by jury and acquitted.
State vs. George Prosser, indictment
for larceny, continued.

State vs. George Prosser, and others,
indicted for robbery, is being tried
as we go to press.

From the Huntingdon Republican.

White mice have appeared in Hunt-
ingdon. One was killed at the resi-
dence of Mr. H. D. Caldwell a few
days since, and another one has been
seen on the same premises.

In the case of the State of Ten-
nessee vs. George Prosser, Robert Gil-
bert, James Fletcher and Budd Farris,
charged with robbing J. R. Dixon in
McKenzie last May, was decided yester-
day evening by an acquittal of all the
defendants except Prosser, who was
found guilty of larceny and senten-
ced to the County Work House
for two years.
