

**W. S. QUIGLEY FOR
CLERK OF THE PEACE**

When you begin to call the roll of good Republicans in Wilmington commence with the name of Winfield S. Quigley. Not a Republican for office, but a stalwart lover of his party and its principles when there was no office for such men in sight; when his party in Delaware was "a forlorn hope" and a hopeless minority. Steady and calm and determined he stood by his convictions, stood up for the colored man and his protection in the enjoyment of his citizenship, so unflinchingly that his neighbors noted him as "the black Republican."

To-day he refers to those times with pride, and in surveying his political history recalls with exulting satisfaction his many sacrifices for the cause of his party and the advancement of the Negro.

Winfield S. Quigley has in him the elements of the true man and the devoted adherent to principle. He is popular because he is considerate and impartial. The excitement will have to be great, indeed, that unbalances him. He moves in the even tenor of his way, neither turning to the right nor to the left, until the end in view is accomplished.

He manifests deep sympathies for the down trodden, and no deserving man can appeal to him with a just cause without meeting a kindly response. There is nothing hard in his nature.

His business career has been that of an honest and reliable man, as all will tell you who have dealt with him. There is no hurry nor fiery but promptness, order and ease in his manner of attending to duties and discharging obligations. Among the excellent list of Republican candidates the Negro can find no better friend than Winfield S. Quigley, and they all know it just as they know him.

The one safest conclusion of the present primary contest is that Mr. Quigley will get very nearly the solid vote of the Negro for the nomination and also for his election as Clerk of the Peace.

In fact Mr. Quigley is a man of large calibre and fine fibre, and is fitted for some high and responsible position in the affairs of the state or nation.

The office of Clerk of the Peace is one of much consequence and in this gentleman you have a man who can fill it to the letter, with credit to himself and honor and interest to the county. Ask any well-informed colored man and he will tell you to vote for Winfield S. Quigley, because, when elected, his influence will be given unhesitatingly, just as always, towards whatever is just and proper, in securing recognition and advancement for the colored man.

In the battle for the political recognition of the Negro in Delaware it is always safe to count on the friendship of Winfield S. Quigley.

**S. H. BAYNARD
FOR REPRESENTATIVE**

The candidacy of Mr. S. H. Baynard, for Representative to the Legislature from the Second Representative District, comprising the Sixth and Eighth Wards lying above Eighth street, and all of the Ninth Ward is a most popular one. He has always taken an active interest in all public matters, and necessarily is well known to the people of this city.

In the days when the brutal rule of the tax collectors and the Democratic inspectors was in vogue; he was in the foremost rank, demanding justice to each and all and he was always ready to lend a helping hand to those trying times.

His public life has been an open record. As City Councilman, having represented the Sixth Ward for two terms, he was always an advocate of such measures that tended toward making our city better and greater. In the long and desperate struggle to purchase the lands that form our beautiful parks, he was an earnest advocate and by his help and influence the land was purchased and our people are now enjoying the blessing of these breathing places.

He also served the people in the capacity as member of the Board of Education from the same ward for nine years and during that time he was chairman of the building committee that had charge of the erection of some of the finest school buildings that our city contains. He was always strictly impartial. He aimed to build the best school that the means at hand would warrant and to serve all alike.

We all remember the magnificent fight he made to improve the Howard School and when the Board of Education approved of the building committee's plan, he as chairman, gave the work his personal supervision and the result was a school for colored pupils, as fine as any in our city. His unselfish attention to these duties make his candidacy so popular.

R. L. Rider, at 1110 Walnut street makes carpets to order, takes up, cleans, relays or packs, ships and moves, window shades fitted to order. Call and see him.

**GEORGE D. KELLEY
FOR COMPTROLLER**

Here is one of our well-chosen candidates. He is what you might call in political parlance a winner. His popularity will add strength to the ticket. Everything he touches turns to gold of success. He is full of perseverance and dispatch. No namby pamby Republicanism in him. He is not a rough rider but a speedy one, though. He hits the nail on the head with a smart rap. Such men are worth something to the party and worth a great deal to our race.

His promise is performance and the colored man may rely that he will act for their interest without a profusion of meaningless promises. It is a delight to vote and work for the election of men like Mr. Kelley.

He comes of excellent stock and is an enthusiastic Republican. His first term as Comptroller is just closing and he has discharged the duties of that office in such an efficient and conscientious manner that he is entitled to re-election.

There is scarcely any doubt of his re-election. The business men as well as all who have dealing with his office say that he is perfectly competent and reliable as a comptroller.

For years Mr. Kelley has been active in bringing around Republican victories. His time and his means to the extent of his capacity are at the service of his party. The good Republicans know this and that accounts for the reason of his great popularity.

He has made a thorough canvass of the County of New Castle and is gratified with the many assurances he is receiving from every hundred of his success. Mr. Kelley lives in Middletown and anyone who goes there and inquires, especially of the colored people, will find that he ranks among the grandest friends of the Negro in the state. We have letters from 20 colored men of Middletown telling us to support Geo. D. Kelley for Comptroller, because the colored people of that town, who are acquainted with him, say that he is all right and a noble friend of our race.

**GALLAGHER FOR THE
SECOND DISTRICT**

J. J. Gallagher, the candidate for Levy Court Commissioner for the Second District of New Castle County, is a life long Republican and has since attaining his majority been active in furthering the interests of the party. He has been Commissioner and has performed the duties pertaining to the office well and acceptably and his many friends consider him the right man in the right place and are earnestly looking to have him re-elected; having hopes that the Court to be elected this fall will contain a majority of his party associates and that by reason of his experience he will be of use in shaping the policy of said majority.

He has never held but this one office, having been content to aid by his work, time and money the cause of the party in his ward and district. A native of this city he feels a commendable pride in the growth and advancement of it and is anxious to have a share in the making of it a better and more beautiful place as well as to improve the condition of all its citizens.

**RECEPTION TO
COMRADE ANDERSON.**

On the evening of September 17, 1900, a grand reception was given to the Allen A. Anderson by the lodge of the Charles Summer Circle of the G. A. R. at their hall, Tenth and Tatnall streets. After speeches by the comrades and the delegate refreshments were served by the ladies and a very enjoyable time to all face. They were the recipients of a very beautiful Bible presented to them by the Wilde Circle of Ladies of Chester, Pa.

**THE
OLIVER
Typewriter**
It took twenty-five years to find out that Typewriters were built UP-SIDE-DOWN. The visible-writing OLIVER is built UP-SIDE-UP with the work on sight. A light, compact, simply constructed machine, effective for all purposes. The double type-bar, (used only on the Oliver) secures permanent alignment. For filing blanks or dates. For manifolding, tabulating and billing. For ruling vertical or horizontal lines and writing in colors, it has no equal. Having the UNIVERSE KEY-BOARD, it is without obstacles to operators on old-style typewriters. The OLIVER has been adopted by the United States Census Bureau to the exclusion of all other machines.

Illustrated catalogue and testimonials on application.

Fels-Naptha soap
won't make wash-day a picnic, nor scrubbing a joy, but it will make both easier, quicker, better—because it does the work if you follow directions. No hot water, no wash boiler, please. Fels-Naptha washes clothes—all clothes—from women's and babies' daintiest to workmen's roughest and dirtiest—and does it better and easier than other soaps. Just as good in hard water.

Removes stains of fruit, coffee, wine, blood—all stains and spots.
Fels-Naptha does more than soap, if you follow directions.

If your grocer does not keep it, write for sample to Fels & Co., makers, Philadelphia
