#### Would You Keep Your Plants from Freezing?

You can keep fire over night, and have the stove burn up two or three hours the next morning with the fuel put in the night before. This is possible with Cole's Original Hot Blast Stove, because it is absolutely air-tight. Unlike the ordinary stove, its construction requires no putty to make seams and joints proof against air-leaks. Burns soft coal, hard coal or wood.

## LOCAL AND GENERAL SPORTS

### STEADY DOWNPOUR PREVENTED A GAME

Weather Man Worked a Hardship on the Purses of the Richmond Players.

#### NORTH VERNON ON SUNDAY.

FAST TEAM WILL BRING A BIG BUNCH OF ROOTERS—AGREE MENT TO CLOSE NEXT TUESDAY.

(By Tort)

A steady downpour of rain put to flight the game scheduled Thursday afternoon between the Richmond and Indianapolis A. B. C.'s. Indications were, had the day been as fair as Wednesday, that a large crowd would have seen these two fast teams play. The weather man's action in turning on the faucet, was a severe blow to the players' purses.

#### North Vernon Sunday.

As the theatrical people say, Athletic park will be "dark" today and Saturday. On Sunday the fast North Vernon team comes here with about four hundred North Vernon rooters. The North Vernon team is, like the Quakers, composed entirely of fast minor league players recruited from the Central and Three-I leagues. North Vernon fans claim that they have the fastest independent team in the state at present writing and are confident of their pets taking the locals.

#### Agreement Signed.

Quite a number of Richmond business men have signed an agreement to make next Tuesday afternoon between the hours of 3 and 5:30 o'clock a half holiday so that their employees and, incidentally, themselves can see the game between Richmond and the famous Cincinnati Reds at Athletic park. All the towns in the vicinity of Richmond have been billed for this game and the indications are that there will be several hundred out of town rooters at the park. Either Ewing, Campbell or O'Neill will pitch for the Reds in this game. Campbell and O'Neill are two Red recruits who have made excellent records the two weeks they have been playing with Cincinnati and are sure to be with the Reds next season. O'Neill is trying for a place in the outfield. He was formerly a member of the St. Louis National's pitching staff.

#### Fink Has Arrived.

Outfielder Fink, of the Canton Central league team, joined the locals Wednesday and will play in center field. Fink is a hard hitter and a clever fielder and will more than fill the gap left by the desertion of Stokes Weaver. Fink is not much larger than Tommy Ritter.

### PREPARE TO PLAY FOR WORLD'S CHAMPIONSHIP

National Baseball Commission Will Meet Sunday.

#### IS DETROIT VS. CHICAGO.

Chicago, Oct. 4.—The National Baseball commission will meet in Chicago next Sunday and complete preparations for the world's series to be played between the Chicago Cubs and the Detroit American league team. Presidents Johnson and Pullam favor the suggestion to change the division of the gate receipts the winner to get 60 per cent and the loser 40.

The division in former series has been 75 and 25 per cent. This matter will come up for final settlement at the meeting unless the players of either club object.

It has been decided to open the series on next Wednesday instead of Tuesday as originally planned. This change is made in order to give the Detroit management time to prepare suitable arrangements for the crowds. The teams will play in Chicago on Wednesday and Thursday, in Detroit Friday and Saturday, and if the remaining games are necessary they will be played in Chicago on Sunday and Monday.

#### Queer Sympathy.

Some years ago, writes one correspondent, my little daughter, aged five, was out walking in a country lane with her nurse. She saw hobbling painfully toward her a barefooted, bent old woman clothed in rags and dirt. On her back was slung a heavy bundle of sticks which she had evidently been collecting.

My little daughter stopped short on seeing this picture of misery, evidently struck with pity. Then, with both arms outstretched, she ran toward her, her curls dancing in the wind and her eyes aglow with tenderness, crying: "Oh, you poor, dear old lady; I do wish you was dead! You would be so much happier!"

#### Tableau—Landscape.

A beautiful picture of life still stood in the picture dealer's window which attracted crowds of people. Later Meier, who had a provision shop next door, determined to profit by this golden opportunity, so he put the following notice in his window: "All the objects in the picture next door may be had here in the best qualities and at moderate prices." The Cincinnati National League baseball team which plays here next Tuesday will do its preliminary training at St. Augustine, Fla. in the spring of 1908.

### AMERICAN LEAGUE RACE

Detroit at St. Louis and Philadelphia at Washington.

Both Detroit and Philadelphia won Thursday leaving the American league situation very much as it was at the end of Tuesday's games. The Tigers are traveling to St. Louis where they hook up with the Browns, one game being scheduled for Saturday and two for Sunday.

Philadelphia has four games to play with Washington. One of these Washington games is a postponed one, but it is necessary for the Athletics to play and win it if they want to capture the pennant.

Figuring that the Athletics will take the series, Jennings' men must take two out of the three games with St. Louis.

"That's my bill for services," explained the lawyer.

### A HARD LUCK STORY FROM WABASH LADS

It Is Claimed That Team Is Hardly in Condition to Meet Quaker Eleven.

#### SIGNAL PRACTICE DROPPED

GARVER, THE LINE PLUNGING BACK, HAS A SPRAINED ANKLE AND WILL NOT BE ABLE TO PLAY AGAINST EARLHAM.

Incident to the Earlham-Wabash game on Saturday, the following Crawfordville dispatch will be of interest:

The first hard luck stories are now ripe at the Wabash college football camp, and justly so, as quite a number of the men are suffering from injuries which keep them from rounding into perfect physical condition, and still others are laid up to such an extent that they find it impossible even to go through signal practice.

The latest addition to the hospital list is "Doc" Garver, the line plunging back, who gave such a good account of himself on last year's eleven. He has a sprained ankle which will not only keep him out of the game against Earlham next Saturday, but will likely keep him out of the big game a week later with Purdue university. Colbert, the star freshman half back from Wabash, Ind., will most likely be used next Saturday and Garver's loss will not be felt so much, but the rub comes in on account of the fact that Colbert is not eligible to compete against the old gold and black because he is a freshman.

Unless Garver gets back into shape, which is extremely unlikely, Coach Cayou will be in a tight place. The only other substitute back who is eligible under the "Big Nine" rule is Stiers. With Stiers in one of the half back positions there would not be another available substitute to use in case of an injury.

#### Short of Substitutes.

Out of a squad of about thirty men only about fifteen are eligible for the Purdue struggle. This means that the "Big Chief" will be decidedly up against it in case any of the regulars are injured severely between now and the time for the big battle. Other members of the team are suffering with injuries which are interfering with their playing, among this number being Jack Hargrave, the speedy little quarter back, who is suffering from a wrenched knee; Colbert, with a severe "Charley horse"; Sohl, with a bruised chest; Burns with a sprained shoulder; Dobbins, with a wrenched back, and Romine, with a bad ankle.

#### STOUT TO YOUNGSTOWN.

He Finished the Season With Kokomo I. O. Team.

Cy Stout, who finished the ball season with Kokomo of the Indiana-Ohio league, has been signed by Youngstown of the Ohio-Pennsylvania league. Stout was at one time the premier pitcher of the Ft. Wayne Central league team.

## ACCIDENTS

will happen—even with such a neat housekeeper as the Malleable Girl

The Malleable girl is not careless, but then accidents will happen. She is not worried, however, for she knows that twice the amount of water will not crack the top of her range, because it is thoroughly annealed stove plate. A cake of ice can be placed on it while the top is red-hot without in any wise affecting the casting. Should any of this water run down onto the oven, it will not fire-crack as cast iron would under similar conditions. Should an accident of a similar character happen to another range, it would break and fire-crack into a score of pieces. You will be glad to learn of other distinctive features of this wonderful range.

#### With Each Range

purchased during this exhibit, you have a free choice of a complete set of high-grade cooking ware; a fifty-nine piece handsomely decorated semi-porcelain dinner set, or several other valuable and attractive premiums well worth

\$7.50

You will see the largest loaf of bread ever baked in a range in Richmond. You will be served with Three-Minute Biscuits and Delicious Hot Coffee and presented with a Beautiful Cook Book and a Useful Souvenir.

#### A NEW CAR ON T. H. I. & E.

However, it Will Not Run as Far as Richmond.

A new 60 foot parlor car has been put in the service on the T. H. I. & E. to run as the limited between New Castle and Indianapolis. The car is the newest one on the entire system, having gone into commission Wednesday noon. It is fitted out and furnished richly, may be operated from either platform and develops remarkable speed. It is a product of the Cincinnati car company.

Major-General Hoad, who was the Australian officer attached to the Japanese army during the war with Russia, saw some amusing shop signs in Tokio—"Head-cutter" over a barber's, "Extract of fowls," over an egg-seller's, and "Ladies furnished on the upstairs" in front of a draper's. He had a memorable twenty-four hours' railway journey in a compartment crammed with forty men, women and children. He made a resolution not to fall asleep, but he woke up in the morning to find that a patient little Japanese had been supporting his head on her shoulder.

It is said that every man has some little trick or other which he performs unconsciously, especially when he is thinking. The sovereigns of Europe have all their own peculiar habits. For example, King Edward has a way of passing his finger backward and forward under his chin; the German emperor twirls his mustache with energy, while the King of Italy strokes his gently and affectionately; the Emperor of Austria combs out his whiskers, and the czar frequently passes his hand over the top of his head. Lastly ex-President Loubet has a trick of shrugging his right shoulder, and at the same time smoothing the front of his coat with his right hand.—Tit-bits.

One of the greatest markets in the world for musical instruments is South Africa, which spends on an average \$1,000,000 a year, about \$500,000 of which goes into pianos.
