

HOW TO MAKE YOUR OWN COUGH MEDICINE.

More Effective than any of the patent nostrums for curing coughs or colds is a simple remedy which you can make at home in five minutes at very small expense. Use

Granulated Sugar Syrup 13 1/2 oz.
Pinex 2 1/2 oz.

Take three-quarters of a pound of granulated sugar, add water, heat and stir until you have a thick syrup. Any druggist will sell you enough Pinex (2 1/2 oz.) for 50 cents. Mix in a clean pint bottle and shake well. Keep well corked and it will last the family for many months.

Pinex, as you probably know, is the most concentrated form of Norway White Pine Extract. The best results from this prescription are to be had only by using the pure Pinex. All druggists have it or can get it easily on request.

RIDENOUR HESITATES

Does Not Desire to Take Charge of Wernle Until New Building Is Done.

BOARD MEETING MONDAY.

The appointment of L. H. Ridenour of New Lebanon as superintendent of the Wernle Home has not yet been made by the board of managers of that institution. The Rev. Feeger states that next Monday a board meeting will be held, at which time some definite action will be taken. Mr. Ridenour does not want to accept the position until the new building at the home has been completed. The board does not think it best that the home should be without a superintendent this length of time, so it is probable that Mr. Ridenour will not receive the appointment.

SHOT FIRED THROUGH COACH WINDOW

Judge Buchanan Was Badly Injured.

Augusta, Ga., March 17.—Former Judge O. W. Buchanan, of Winnesboro, whose wife is a niece of Senator B. R. Tillman, was mysteriously shot and perhaps mortally wounded late yesterday, while on his way from Columbia to Augusta to attend the bedside of his niece, who is ill here.

Judge Buchanan was seated by an open window in the day coach of a Southern Railroad train when the train left Wards, S. C. The train had proceeded but a short distance when a shot was fired through the window by some unknown person, the bullet entering the judge's right side. He was taken to a private sanitarium on his arrival here and an operation performed. He is in a critical condition.

THOUSANDS PERISH

Thousands perish every year from consumption resulting from a cold. Foley's Honey and Tar cures the most obstinate racking coughs and expels the cold from your system and prevents consumption and pneumonia. It has cured many cases of incipient consumption. A. G. Luken & Co.

SCHEPMAN CASE SOON

Appeal of Pennsylvania Railroad Will Be Heard in Supreme Court.

JUDGMENTS AGAINST ROAD.

It is expected the case of George Schepman vs the Pittsburg, Cincinnati & St. Louis Railroad company will come up for a hearing in the Supreme court within a few weeks. Schepman seeks damages for personal injuries. It will not be necessary for the case to await its turn in the supreme court as it is sent there direct on appeal from the Appellate court. Schepman fell from a train of the defendant company when returning to this city from Indianapolis and suffered the loss of a limb. The Henry county and Appellate courts have held in favor of the plaintiff.

Here is a strange fishing story from England. During the last cold snap a Mr. Richardson, of Peterborough, was skating on the canal when the ice was very clear and noticed a large pike swimming in front of him. The fish was terrified and swam in front of the skater until it stopped from sheer exhaustion. The man broke the ice and took out the fish with his hand, which proved to be a pike weighing twelve pounds.

NEGRO EDUCATION MUST NOW CONTINUE

Secretary Taft Spoke in Behalf of the Man of Color in Brooklyn.

WASHINGTON ALSO THERE.

GREAT COLORED HOST OF AMERICA MUST EITHER BE MADE USEFUL OR USELESS, CLAIMED GREAT NEGRO EDUCATOR.

New York, March 17.—Speaking before a representative Brooklyn audience at Plymouth church last night Secretary Taft expressed an optimistic conviction concerning the future of the colored race in the United States. After presenting an array of statistics to show the progress of the American negro since the day of freedom, the secretary declared that this growth in intellect, learning and industry must continue. The fear of negro domination in the South was, he said, a nightmare of the past. With the advantage of education and opportunity the colored population would take its proper place in the political affairs of the nation.

Secretary Taft strongly commended the work done by Hampton and Tuskegee and reviewed the growth of law designed to affect the colored race.

Washington Thanks Taft.

Booker T. Washington, president of Tuskegee Institute, followed Secretary Taft, and said:

As a graduate of the Hampton Institute and as one who is indebted to that institution for what I have been permitted to do in life, I want to join with you in thanking Secretary Taft for taking the time to come to this meeting and speaking in behalf of the education of my race. One is not surprised, however at this manifestation of interest in the elevation of the negro race. As one reads the history of the life of his family he will see that his interest in the welfare of our people is not new, but was inherited from an anti-slavery family. This inherited interest in the negro race has been reinforced, I am sure, by his years of experience in strengthening and elevating the millions of dark people in the Philippine Islands in Panama and in Cuba.

Dr. Washington dwelt upon the great necessity of educating the colored children of the present day. He predicted that within a few years, perhaps in this generation, the colored race in America will have increased to 15,000,000. "These millions can be made useful or useless," said he. "They can be made to help or to hinder. They can be made to become criminals or law abiding citizens. They can be made to be potent factors in the intelligence of our country or they can become a load of ignorance, dragging down our civilization. Which shall it be?"

We're sorry if you've tried other medicines and they failed. As a last resort try Hollister's Rocky Mountain Tea. It's a simple remedy, but it's worked wonderful results, made millions well and happy. 35c, Tea or Tablets. A. G. Luken & Co.

A very large part of the population in Dublin is accommodated in tenements of a small size, that is, in one or two rooms. Of the 52,283 families in this city at the time of the 1901 census, 60 per cent had only one or two rooms, 37 per cent being housed in one room, and 23 per cent in two rooms.

The Hub of the Body.

The organ around which all the other organs revolve, and upon which they are largely dependent for their welfare, is the stomach. When the functions of the stomach become impaired, the bowels and liver also become deranged. To cure a disease of the stomach, liver or bowels get a 50 cent or \$1 bottle of Dr. Caldwell's Syrup Pepsin at your druggist's. It is the promptest relief for constipation and dyspepsia ever compounded.

EVANGELIST JONES CONDUCTS REVIVAL

He Has But Recently Returned From Wales.

Evangelist Will O. Jones and wife of Elwood, Ind., have begun a meeting at the Holiness church, North H and Eleventh streets. Mr. Jones has only recently returned from Wales where he engaged in some remarkable revival meetings. The services commence each evening at 7:30 o'clock. Song service and preaching at 8. Rev. J. P. Stanton and E. E. Wiggins of Richmond will assist. A hearty welcome is extended to all.

There are sixty-four countries in which protection is afforded to inventions. To get out a patent in each one would cost about \$15,000.

GENNETT.
March 21—(Matinee and Night)—
"The Widow McCarty."
March 26—"The Sweetest Girl in Dixie."

Vaudeville at the Phillips.

Not in a long time, if ever, has a better playlet been put on at the New Phillips, in vaudeville, than the one that is being offered this week—"The Circus Rider," as presented by the Cluxton-Richmond company. This aggregation is a splendid example of the refined vaudeville and it has required a considerable increase in salary to get it onto the circuit on which Richmond is situated, but the managers believing that nothing is too good for their patrons, are gradually improving the quality of their bills. "The Circus Rider" is presented by a cast of three, J. J. Cluxton taking the part of Charles Kinghorn; Miss Daisy Richmond that of Lady Kitty and Will J. Pike that of Lord Loftus. Mr. Cluxton and Miss Richmond carry the important roles and do them well. The production was received with quite a show of enthusiasm, not only because of its novelty, but because it is so well acted, staged and of such high order generally. It is a safe prediction that no one will be disappointed in this playlet. Other numbers on the bill are Harry DeBar, a black face singer and monologue comedian, who also made good; Genter and Gilmore, military musicians of much ability on a variety of instruments; Llewellyn and Walters, in a refined singing, dancing and musical specialty; the illustrative song, Miss Thompson, "Don't Leave

the Old Folks, Jennie," and two motion pictures, "A Masher Mashie" and "The Dog Detective." Both are clever and interesting and the feats of the dog in his successful effort to capture a burglar, especially so.

The New Phillips is responsible today for "the wearing of the green" by more people in Richmond than is usually the case, green flower souvenirs being given to each patron yesterday and today. As the patronage was quite

heavy it may well be imagined how many of these were given out. There will be the usual souvenir matinee for the ladies on Wednesday.

"The Widow McCarty."

Speaking of the play that comes to the Gennett on March 21, an exchange says: Ben Craner's "Widow McCarty," a sparkling comedy with music, should prove to be a real mirth provoker as

the plot is full of startling situations and funny songs are introduced. The company numbers fifteen funmakers, each one having an important comedy part and it is claimed that there is not a dull moment during the evening. Many of the latest popular songs of the day are sung and the attraction can be easily classed as a musical comedy. Those that want to laugh and grow fat should not miss "Widow McCarty."
