

NEW COURSE AT EARLHAM COLLEGE

Public Library Commission of Indiana Gives Series Of Lectures.

PROGRAM IS ANNOUNCED.

NAMES OF PEOPLE PROMINENT IN LIBRARY CIRCLES OF THE STATE APPEAR FOR LECTURES ON WORK.

Notifications have been issued by Chalmers Hadley, secretary and state organizer of the Public Library Commission of Indiana, of the establishment of a new course of work offered in the summer school conducted by the commission at Earlham college. It is believed by the commission that teachers as well as librarians should be more familiar with books read by children and should have greater knowledge of the possibilities of the public school library as an aid to the best school work. The two weeks special course is not intended to teach library science of technical processes, but to be of assistance in the daily school work with books and children.

The course will consist of a series of lectures by persons well acquainted with their subjects. Those who have been secured for the work at Earlham are:

Miss Grace E. Salisbury, librarian Wisconsin state normal school; Arthur Cunningham, librarian Indiana State Normal school; Miss Arlene M. Chapin, librarian Muncie public library; Bobbs-Merrill Company's representative; Miss Carrie E. Scott, assistant state organizer public library commission of Indiana.

The lectures will be given in the auditorium of the college library building. The following is the complete program:

Miss Salisbury—

June 22, 2 p. m.—"Picture collections in the public school."

June 23, 2 p. m.—"Story hours in the school, and helps in selection of stories."

June 24, 11:15 a. m.—"Children's books every teacher should know."

June 24, 2 p. m.—"Children's books every teacher should know."

June 25, 2 p. m.—"Reference books every teacher should know."

June 26, 11 a. m.—"Library and school co-operation."

Miss Chapin—

June 20, 2 p. m.—"Some library aids useful to teachers."

Bobbs-Merrill Co.'s Representative—

July 1, 2 p. m.—"Characteristics of American publishing houses; workings of the net price system, etc."

Miss Scott—

July 2, 2 p. m.—"Children's classics."

Mr. Cunningham—

July 3, 2 p. m.—"Relation of the library to the school."

A Grand Family Medicine.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at A. G. Luken & Co., drug store, 50c.

Thinks It Saved his Life.

Lester M. Nelson, of Naples, Maine, writes in a recent letter: "I have used Dr. King's New Discovery many years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at A. G. Luken & Co. drug store, 50c. and \$1.00. Trial bottle free.

MEN ARE ENTOMBED

Fifteen Miners May Have Expired in Coal Mine in The East.

EXPLOSION WAS THE CAUSE

Monongahela, Pa., June 20.—Three miners are dead, two others perhaps fatally burned and 15 entombed, many of whom are supposed to be dead, due to an explosion in the Ellsworth No. 1 Mine of the Pittsburg Coal company, near here yesterday.

Of the bodies taken from the mine that of John Beal is the only one identified. The other bodies are those of foreigners, whose features are too scorched to be recognizable. Two burned men were hurried to the hospital, where it was said they probably will die.

Little is known as to the cause of the explosion. It occurred when all but 30 miners, working on the day shift, had left the workings. Of this number 15 were near the mouth of the mine and rushed out before the force of the explosion reached them.

Had the explosion occurred five minutes earlier the entire force of over 300 men would have been trapped, with probably many fatalities. It is believed the 15 entombed men have perished in the fumes, which are still so strong that rescuers cannot enter far into the mine.

Rat's Strange Death.
A coconut was recently brought to me just as picked up in a Colombo garden, with the head of a big rat fixed into the nut, the rat being not long dead. Clearly the rat was up a tree nibbling at, or rather, being well into, the nut, nearly full size, when the nut tumbled, and before the rat could withdraw it was crushed to death between the nut and the ground.—Ceylon Observer.

Help Your Help.

Give your maids the right sort of tools for their work, and there will be no "Servant Problem." Don't use coarse rosin soaps, but take away wash day's terrors by using Easy Task soap. It can be used without boiling if you wish, and does its work so well that hard rubbing is not needed. Only five cents a cake and lasts longest.

HENRY COUNTY TO TEST VOTING MACHINES

They Will Be Given a Fair Trial.

New Castle, Ind., June 20.—Voting machines are to be used in eighteen of the forty-two precincts of Henry County for the first time at the coming election and voters in these precincts will be instructed in their use in the meantime. For several weeks a representative of a voting machine company has been here trying to interest the county commissioners in the machines. At a cost of \$750 each it would require \$15,000 to supply the county, and the commissioners did not feel like making such an expenditure at this time. However, an arrangement has been made whereby the county will rent seven machines for the coming election at \$50 each. Four will be used here, two at Knightstown, and one at Middletown. The use of the machines will require a change in the precinct boundaries, as more voters are taken care of in one precinct than under the Australian system. This change will be made in the next few weeks in compliance with this law. It is estimated the county will save \$350 in election expenses by the use of the machines.

PRESIDENT MAY HAVE TAKEN PART

Thought He Is Responsible for End of White Slave Traffic.

ARRESTS HAVE BEEN MADE.

A. DUVAL, WHO WAS RESPONSIBLE FOR IMPORTING 3,000 FRENCH WOMEN YEARLY, IS IN THE LAW'S TOILS.

Chicago, June 20.—A wholesale traffic in white slaves, involving the importation of 3,000 French girls every year, has been broken up, it is believed, by United States authorities here under personal direction of President Roosevelt.

As a result of evidence collected by federal secret service agents, assisted by French government detectives, at least 2,000 French girls will be arrested in Minneapolis, St. Louis, Kansas City, New Orleans and New York. They will be deported to France, the steamship companies which brought them here being under bonds to take them back.

A. Duval, who was arrested here last night, with his wife, is charged with being at the head of the white slave traffic from France. He is declared to have cleared fully \$200,000 by his traffic.

According to the evidence in the possession of the federal authorities, Chicago was the headquarters of the French white slave syndicate. The syndicate imported about 3,000 French women annually.

They were brought directly to Chicago, and then sold to resorts in St. Louis, Kansas City, Minneapolis, New Orleans and other Western cities.

The Spanish Flag.

The red and yellow of the Spanish flag is said to be derived from this occurrence: In 1373 Charles the Bold dipped his fingers in the blood of Geoffrey, count of Barcelona, and drew them down the count's golden shield in token of his appreciation of the latter's bravery. The shield, so marked, became the arms of Barcelona, which became part of Aragon, and its arms were taken by that kingdom.

DELEGATES AT HOME

But Few of the Indiana Delegation Are in Chicago Now.

CAPT. NEW REMAINS.

Chicago, June 20.—Last night the Indiana headquarters at the Coliseum Annex was stripped of its decorations, the electric signs are dark and Indiana has gone home. The great republican national convention is but a memory, how pleasant a memory depending entirely upon the individual and the point of view. Before the convention had adjourned at noon yesterday more than half the Indiana delegates had left the hall. The forenoon trains found most of the delegates and Hoosier visitors homeward bound. Joseph B. Kealing said he would probably remain until Sunday or Monday to wind up affairs.

Harry S. New and Mrs. New will remain for some days, as it will involve upon Capt. New to close up the affairs of the national committee.

The convention gave opportunity for reunions of ex-Indiana men who now hold positions of trust and importance in various other states.

Charles Rowers, formerly of Orange County, Indiana was a member of the delegation from Oklahoma, where he has become a leading citizen. Recently he was appointed by the president as master in chancery. The job is worth something like \$10,000 a year.

Sat on Teddy Bear.

Another Indiana man now living in Guthrie was the man who nipped in the bud the Teddy bear episode in the convention the other day. While the Roosevelt demonstration was on a huge Teddy bear was started around the hall. When the toy reached the Oklahoma delegation it suddenly disappeared, and now it develops that Joe Norris, formerly of Indiana, who was a strong Taft man, decided that the bear was not helping the Taft interests. So he sat on it.

THEY KNOW IT.

Thousands of people know that the ordinary remedies for Piles—ointments, suppositories, etc.—will not cure.
