## SUNDAY MEALS.

Do Not Overent and You Will Feel

freshed and ready for labor, rested in mind and body, the eating customs of Sunday will have to be readjusted. Have a later breakfast, if desired, but have then a very light one even if you are hungry, or, if it must be hearty, then do not upset your digestive habits any more than may be avoided and have but two meals on that day and eat no other. It would be far better to have three light meals, lighter than usual, if that could be arranged to fit Hogs ..... 4.50@ 5.50 arises from the usual absence of cook this as a rest day for cook and digestive apparatus as well as from other labors. Have a light breakfast, a light dinner and a chafing dish supper as near the ordinary hours of meals as possible and remember as you are going to take less exercise than usual

BOER TOBACCO.

Natives Use It, but It Is Too Much

For White Men. After Transvaal tobacco, but a long way after, comes Boer. The name is in reality nowadays a misnomer, for this tobacco is grown largely in Natal and Cape Colony. It is also cultivated in the Orange River Colony, is sold by the roll and can be obtained for about \$8 a pound if a whole roll is purchased. It is also sold by the sack.

White men buy these sacks, but they do not smoke the contents themselves; they use it to reward the Kaffir servants for working overtime or doing any other meritorious action. The taste for Transvaal tobacco is an acquired one. It also takes a certain time before a man gets used to the scent. No white man who has come from a distance has so far lived long enough to acquire a FOR HAND MADE Crayon portrait liking for either the taste or the smell, work, Clara Dennis, 42 S. 21st. 21-7t but it has its uses in the case of the natives, and it is also useful if you TYPEWRITERS for rent and sale, have an undesirable visitor whom you easy payments. Agents new Fox are anxious to get rid of. Offer him & Visible and others. Expert repairpipe of Boer tobacco, and he will never ing and overhauling. Burr & More,

enter your house again. The traders purchase this weed large ly. They also use it upon the natives in the shape of presents, as every Kaffir who makes a purchase in a country store always asks for a free gift, and the competition to secure the native trade is so acute that the request cannot be refused.-South Africa,

#### YOUR OPPORTUNITY.

Make Up Your Mind to Seek It Rather Than Wait For It.

It is a dangerous thing to wait for opportunities until it becomes a habit. Energy and inclination for hard work ooze out in the waiting. Opportunity becomes invisible to those who are doing nothing or looking somewhere else for it. It is the great worker, the man who is alert for chances, that sees them.

Some people become so opportunity blind that they cannot see chances anywhere-they would pass through a gold mine without noticing anything preclous-while others will find opportunities in the most barren and out of the way places. Bunyan found opportunity in Bedford jail to write the greatest allegory in the world on the untwisted paper that had been used to cork his bottles of milk. A Theodore Parker or a Lucy Stone sees an opportunity to go to college in a chance to pick berries. One boy sees an opening to his ambition in a chance to chop wood, wait on table or run errands, where another sees no chance at all. One sees an opportunity to get an education in the odds and ends of time. evenings and half holidays, which another throws away .- O. S. Marden in Success Magazine.
