Entered at Richmond, Indiana, post office as second class mail matter.

The Association of American Advertisers (New York City) has examined and certified to the circulation of this publication. Only the figures of circulation contained in its report are guaranteed by the Association.

THE "WIDE OPEN" SUNDAY.

Public sentiment is justly aroused against the proposition of permitting the five cent theaters of the city to operate on Sunday. This may appear as an inconsistency on the part of the Palladium, which favored legalizing Sunday baseball.

Sunday baseball affords an opportunity for the man who has to work the other six days of the week, to witness good clean sport and be in the pure air. It means recreation under the most healthful conditions.

That can not be said for the five cent theaters. Where the baseball fan is amused for two hours or more in the pure air, the five cent theater "bug" is entertained for about twenty minutes in a room that is artificially ventilated.

From this it can be seen there is no comparison in the benefits of the two.

And as to putting the proposition on a basis of "Sunday opening if you use our electricity"—the City of Richmond can not afford to do business on that plane.

GIVE FESTIVAL \$50

South Side Improvement Association Liberally Helps Along Fall Event.

OTHER GIVERS GENEROUS

Merchants and manufacturers of the city have contributed very liberally to the Fall Festival association for the second annual festival to be given October 8-9.

The South Side Improvement association has contributed \$50 to the festival. The finance committee members who have solicited the South Side Improvement association have found the association at all times most willing to assist in any undertaking of a public nature which will be of benefit to this city.

A DAHLIA CARNIVAL

Christian Church Ladies of Milton Make Plans.

Milton, Ind., Sept. 11.—The ladies of the Christian church are progressing with arrangements for their dahlia carnival, to be held Friday and Saturday, October 1st and 2nd.

MISSIONARY CONVENTION.

Cambridge City, Ind., Sept. 11.—A missionary convention will be held in the M. E. church of this place on the afternoon and evening of September 22.

THE METER QUESTION.

Whatever else may be said on the present agitation for the abolition of charges for the meters of the Richmond City Water Works, it is certain that that company has brought the trouble on itself.

It is absolutely certain that the citizens of Richmond are without doubt opposed to the Richmond City Water Works Company. If it were a matter of public sentiment—meter rent would be done away with immediately.

And the reason public sentiment is opposed to the Water Works company is entirely because of the excessive rates for water and meter rent.

We say water rates and meter rent—for there is a close connection between the two. What the Water Works company makes in profit on the flat rate plan. In fact it seems probable that the company makes more on the flat rate pro rata than it does on the meter users—if not it would be anxious to install meters in every house.

The Water Works Company has claimed that it cannot be forced to give the people meters for nothing.

The question is whether the company should be allowed to charge excessively for the use of meters.

The question is whether 200 per cent. profit on meters and a corresponding profit on flat rates should continue.

A Lambert meter (such as is in use here) costs installed about \$8.00. A meter lasts at least eight years. A meter therefore costs the company about \$1.00 for each year. It charges \$3.00 per year.

Either the meter rental should be reduced to the neighborhood of one dollar per annum or there should be no meter rental and an actual definite allowance made in water rates based on the actual cost of meters as found by examination of the company's books and other sources of information.

It stands to reason that the company can afford to put in meters in every place at cost because it will save water waste. If the excessive profit is done away with, and meters are provided at cost the small consumer will be benefited also. He will pay for the water he actually uses plus the actual cost of measurement.

It must be borne in mind that the company is entitled to the cost of measuring water—but not the profit of measuring it.

The Municipal Light plant is an excellent illustration of what we mean. The city does not charge for meter rental—but the cost of meters actually enters into the rate at which the city can sell electricity. If you will think it over the merchant who sells you anything really charges you for measuring what you buy—but he is not getting excessive profit on the fact that he hires clerks to measure the goods for you.

If City Attorney Study has found that meter rental is illegal—let the thing be abolished.

At all events let the excessive profit be taken away from the company. It is not entitled to profit for meter rental. It is the 200 per cent profit and not the item of cost that the public and the Palladium object to.

THE SCRAP BOOK

He told by the Weight. A student of an English college had a barrel of ale deposited in his room contrary, of course, to rule and usage. He received a summons to appear before the president, who said: "Sir, I am informed that you have a barrel of ale in your room."

A Gentle Rear. A gigantic private in the army was brought before his commanding officer one morning charged with being disorderly in the public street. "Who makes the charge?" asked the colonel.

Let Go! "Hold fast!" That splendid motto has many battles won. When linked with noble purpose to earn the world's "well done."

Have you lost your coin of vantage? Have you slipped into a rut? It's no disgrace to change your base before the wires are cut.

Touching Gratitude. A golfer who has a pretty high opinion of his own ability as a master of the game was playing a match one day when he noticed the ragged condition of his caddie.

Staggering the Lecturer. In an English village schoolroom last winter a lecturer from a neighboring town was holding forth on matters astronomical. His audience was included to be skeptical, and there was quite a flutter when the lecturer spoke of the distance between the earth and the moon.

Growsome Punishment. A growsome form of punishment is still practiced in Afghanistan. A recent English expedition discovered at the top of the Lataband pass an iron cage suspended from a high pole fastened in the ground like a telegraph pole containing a shriveled human body.

Catarrh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies.

HELPLESS. Rheumatic Cripples who have tried every known remedy for rheumatism without success have been quickly and permanently cured by Crocker's Rheumatic Cure.

JUDGE SHIVELEY OF WABASH DROPS DEAD

Brother of Chas. E. Shiveley Active Till Within a Few Minutes of the End.

WAS A PROMINENT LAWYER

FORMERLY HEAD OF THE G. A. R. OF INDIANA, SERVED IN LEGISLATURE AND WAS TWICE CIRCUIT JUDGE.

Wabash, Ind., Sept. 11.—Judge Harvey B. Shiveley, 65 years old, dropped dead at his home in this city last night of paralysis of the heart. He had practiced law continually until yesterday and had numerous cases now on docket.

Judge Shiveley was past commander of the Indiana G. A. R., having been elected in 1898, and was twice elected judge of the Wabash Circuit Court. He also served in the state legislature.

When 17 years old he removed from his birthplace in Treve county, Ohio, to Miami county, Indiana and at the beginning of the war enlisted in the Fortieth Indiana Infantry. At the battle of Missionary Ridge he was wounded and discharged after thirty months' service. He was common pleas prosecutor in Wabash while the court was in existence.

State Legislator in 1882.

In 1882 he was elected to the state legislature and served with distinction in the general assembly. He was elected judge of the Wabash circuit court in 1890, and again in 1896, and during these twelve years he had the distinction of never having had a decision reversed by the supreme court until near the close of his last term.

At the time of his death Judge Shiveley was president of the Farmers and Merchants National bank of this city. Besides his widow he is survived by a brother, Charles E. Shiveley of Richmond, Ind.

Business College Notes

L. B. Campbell made a business trip to Lynn and Winchester yesterday. Naomi Fleming and Mary Tauber are doing temporary work for the Sidel Buggy company.

Ethyl Stigleman has accepted a stenographic position at New Castle. Miss Kimbrough has accepted a position with the Brisco Motor Co., of New Castle.

Burdella Reber of Kentucky entered the shorthand department Monday and is taking up her work nicely. Miriam Wright has resumed her studies after a few days' illness.

Mr. Evan Waldo will leave for Texas Friday to accept a position with the Santa Fe R. R. Co. Mr. Waldo was a good student and did excellent work. He has the best wishes of the faculty and students of the Richmond Business college.

Autus Lamb and Vira Benton began their work in bookkeeping Monday and are doing good work. Wanta King, of New Paris, visited the R. B. C. Friday.

I. E. Sullivan has been doing billing work for the John W. Grubbs Co., for the last two weeks. George Macy is out of school on account of illness.

Lilly Deiser has resumed her studies after a few months' illness. Lester Deffbaugh, while waiting for a train Saturday night, had his suitcase taken, and has not heard of it.

General and Figures. I know an eminent Greek professor who could not reckon his class fees. Faraday had, I believe, no gift for mathematics. Darwin declared that he never understood an equation. I question if Isaac Newton could have passed an examination in literary or aesthetic subjects, with his idea that poetry was ingenious nonsense and statutory only stone dolls.

Staggering the Lecturer. In an English village schoolroom last winter a lecturer from a neighboring town was holding forth on matters astronomical. His audience was included to be skeptical, and there was quite a flutter when the lecturer spoke of the distance between the earth and the moon.

Growsome Punishment. A growsome form of punishment is still practiced in Afghanistan. A recent English expedition discovered at the top of the Lataband pass an iron cage suspended from a high pole fastened in the ground like a telegraph pole containing a shriveled human body.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combining of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Eventually Gold Medal Flour. WASHBURN-CROSBY CO. GOLD MEDAL FLOUR. Why Not Now?
