GIFFORD PINCHOT WINS A VICTORY; HITS WICKERSHAM

Both Sides Can Make Arguments Whether the Attorney-General Shall Produce Records in Matter.

ATTORNEY BRANDEIS HAD
MADE SUCH DEMANDS

Vertrees Opposed Such Action and Accused Brandeis of "Playing to the Newspapers" in the Case.

(Palladium Special)
Washington, April 30.—A victory for Gifford Pinchot was partly realized today when the investigating committee agreed that both sides should be permitted to make arguments on the question whether Attorney-General Wickersham be required to produce records bearing on the Ballinger-Pinchot controversy.

Attorney Brandeis had demanded that Wickersham be required to produce all the papers, records, etc., which might tend to fix the date on which he prepared and submitted to the president his summary and report on the Glavin charges. Brandeis's contention was that this report which bore the date of September 11, 1909, was ante-dated in order to give the appearance of having been before the president at the time he wrote the letter.

He cites his reasons. Brandeis proceeded to point out the reasons for his request and the cause for his suspicion against the Attorney General. Among other things he showed that Wickersham had made an answer to a charge which had not been made against Ballinger until two months after his report was dated. He also pointed out that other material in the case was submitted in his confession.

Wickersham replied at length, opposing the production of the papers and criticizing Brandeis, whom he accused of "playing to the newspapers."

"For the first time," he said, "we have revealed to us the great conspiracy which brings him (Brandeis) here and keeps him here. It is no longer a question of Ballinger but the attack is now directed towards the president of the United States and those officials associated with him. It is caused by the malicious resentment of the former secretary of the interior and the revenge of another who was removed from the office. The attempt to destroy the character of Ballinger has failed, and now they want to lay the blame on the attorney-general and all because he stands with the president, and those dishonest to persons who would tear down any man of respectability."

The committee then went into executive session to further consider the request. Mr. Ballinger was present during the argument.

A SORGHUM FACTORY

To Be Built at Centerville, and Sugar Cane Raising Encouraged.

HAVE RAISED CROP HERE

(Palladium Special)
Centerville, April 30.—W. A. Bertsch of this place will build a sorghum factory on the site of the old saw mill on Main street, and expects to have the factory in operation before September 1. He has secured a large amount of the cane seed and will distribute it among the farmers of the county. The crop has been raised in Wayne county, but because as there have been no factories, farmers have utilized the crop for feed. Sugar cane is a rule one of the most productive crops of the farm and Wayne county soil and climate is said to be favorably adapted to its growing.

CONFESSION MADE BY A LEGISLATOR AFFECTS LORIMER

Chicago Tribune Today Prints Statement of Chas. White, in Which He Says He Got a \$1,000 Bribe.

GOVERNOR DENEEN TO
MAKE INVESTIGATION

Illinois Senator Was Not to Be Found Today and Alleged Giver of Bribe Ridicules the "Story."

(American News Service)
Chicago, April 30.—Regarding the signed confession of Charles White, a democratic member of the Illinois legislature, that he received a thousand dollar bribe for voting for Senator Lorimer, published in the Chicago Tribune today, Governor Deneen said the starting charges should receive exhaustive investigation. Senator Lorimer was inaccessible today. Lee O'Neill Browne, the alleged giver of the bribe, ridiculed the story. White also confessed, according to the Tribune, that he received \$900 as his share of a general corporation fund distributed at the close of the session. Got Share of Boodle.

In his confession White accuses Lee O'Neill Browne, democratic leader of the state legislature, of offering and paying him the bribe. The offer, he says, was made to him after Browne learned that he had been living close up to his income and needed money. He also implicates Representative Robert E. Wilson, who he declares, paid him \$900 as his share of the general corporation fund.

He declared that he accepted the money that he might expose corruption in the state legislature. The matter was brought officially before Governor Deneen and Attorney-General Stead with the request that an inquiry be made concerning Senator Lorimer's title to his seat and the punishment of the bribe givers and takers.

OFFERS RICH PRIZE

(American News Service)
London, April 30.—Lord Northcliffe today offered a prize of fifty thousand dollars for an airship flight from London to Edinburgh, a distance of seven hundred miles. The conditions will be determined later.

YIELD TO DEMANDS

Bloomington, Ind., April 30.—Stone quarry operators have granted the mine cutters demands of \$4.50 for eight hours work. Five hundred cutters will be benefited.

MARRIAGE LICENSES.

There were twenty-seven marriage licenses issued during April by County Clerk Harry E. Peary. The record is an average one.

PLAN GREAT STRIKE

Employees of Great Electrical Company to Walk Out Monday.

TRY TO AVERT TROUBLE

(American News Service)
Schenectady, N. Y., April 30.—Thirty thousand employees of the General Electric company, the largest company of its kind, will strike on Monday unless the corporation grants their demands for increased pay. General Manager Emmons today, began negotiations with the men in the hope of averting trouble. The leaders of the latter declare that no compromise will be accepted.

Mr. Emmons today was in communication with President Coffin, in whose hands the situation largely rests. The main plant of the General Electric company is in Schenectady, with branch plants at Lynn and Pittsfield, Mass., and the incandescent lamp works at Harrison, N. J. The union leaders announce that work will stop in every one of these factories when the threatened strike goes into effect. The company is classed as a J. P. Morgan concern, though its securities are heavily held in Boston.

The last general strike of the employees of the company occurred in May 1902, when the men won. At that time the company was hampered by big contracts with heavy time penalties attached. The General Electric company recently announced plans to increase the Schenectady plant to one employing 22,000 hands, and also for the building of a monster plant employing as many as Erie, Pa.

OPTION MEN SPLIT

Shumaker Denies Shirey's Statement League Will Help Republicans.

WILL SUPPORT BEST MEN

(Palladium Special)
Indianapolis, April 30.—E. S. Shumaker, state superintendent of the Anti-Saloon league today denied the statement made by N. C. Shirey, district superintendent of Fort Wayne, that the league would jump in and work for the republican legislative candidates all over the state because the democrats practically declare for the repeal of the local option law. Shumaker says the league will seek to elect members opposed to the repeal, regardless of what party they belong to. He says Shirey had no right to make such a statement.

GETS CHIEF DEGREE

At the meeting of Hohokam lodge of Red Men, No. 196, last evening, R. T. Gardner was given the chief's degree. On next Friday evening, Owen Westerfield, George T. Green and Edward C. Moore, will be initiated into the adoption degree of the order. Both Hohokam and Gonsola tribes of Red Men have accepted the invitation of Rev. James of the United Brethren church to attend services at that church, in a body, on Sunday, May 15.

BANQUET TICKETS SELLING RAPIDLY

There Will Be a Large Crowd at Annual Feast of the Commercial Club.

A FINE MENU PREPARED

ARRANGEMENTS MADE TO ENTERTAIN THE DISTINGUISHED GUESTS WHO WILL BE SPEAKERS AT THE AFFAIR.

During the short visit of Governor Augustus E. Willson of Kentucky, to this city, next Tuesday, he will be shown over the city and his visit made as enjoyable as possible by A. D. Gayle, J. A. Carr and S. E. Swayne, a reception committee of the Commercial club. Governor Willson will arrive in the city at 3:03 o'clock, Tuesday afternoon, and will respond to a toast, that evening, at the annual Commercial club banquet, at the Y. M. C. A. gymnasium.

The other two distinguished visitors of the club will likewise be entertained by a reception committee. Edward Burkhardt, mayor of Dayton, Ohio, and George P. Early of Pittsburgh, a former local resident, will arrive here early in the day and both will be entertained by S. S. Stratton, Jr., and George E. Seidel.

Much interest is manifested in the banquet as attended by the rapid manner in which the tickets, which are \$1, are being disposed of. A limited supply is still on hand and in charge of E. M. Haas, secretary, and other officials of the club.

Menu for the Banquet.
Announcement cards of the banquet were distributed yesterday. The announcements contained the program and also the menu. The latter is to be served by the Ladies' Auxiliary of the Y. M. C. A., and is as follows:

A BOXER IS KILLED

Tommy McCarthy Dies From a Fractured Skull After Hitting the Floor.

CALIFORNIA IS AROUSED

(American News Service)
San Francisco, April 30.—Tommy McCarthy, a light weight pugilist, died today as the result of a fractured skull sustained when he had hit the floor in a knockdown, in a boxing contest with Owen Moran last night. Agitation against the Jeffries-Johnson fight is progressing as a result of this fatality.

AN OVERLAND HIKE

"Colonial Jack" Stops Here Today on His Long Walk to Boston, Mass.

STARTS AT LOS ANGELES

J. A. Krohn, better known as "Colonial Jack," the original wheelbarrow man, was in this city today enroute from Los Angeles, Cal., to Boston, Mass., a distance of four thousand miles. He is now making the trip to familiarize himself with the conditions, walking all the way. He left Los Angeles October 1, and expects to arrive in Boston, August 1. He will leave the western terminus next January on a wagon of \$1,000 that he can make the same trip on foot in 100 days. He pushes his wheelbarrow with him all the way. It weighs sixty pounds, baggage included. Krohn made a walk of 9,000 miles in 307 days last year, around the border of the United States. He has written a book on his experiences of that trip and will supplement it with his coming venture when completed. Ordinarily his wife goes ahead of him on the train and makes engagements for him at moving picture theaters. In this manner he makes his expenses. His wife is now at the home of her mother in another state on account of illness. Jack came here from Coonerville. He will spend Sunday here.

PAULHAN CROWNED

KING OF THE AIR

Remarkable Frenchman Receives Purse for His Flight in England.

DEFEATED ONE PRAISED

PLUCKY GRAHAM WHITE, WHO TRIED TO WIN FROM PAULHAN UNDER HANDICAP, HONORED FOR HIS EFFORTS.

(American News Service)
London, April 30.—Louis Paulhan today received the reward of his marvelous flight of 186 miles from London to Manchester. At a gala luncheon at the Hotel Savoy, attended by many scientists as well as the foremost sportsmen of Great Britain, the price \$10,000 (\$50,000) donated by Lord Northcliffe, was presented to him in a golden casket. The ceremony was virtually the coronation of the King of the Air. But Paulhan had not the center of the stage to himself, nor did he attempt to pre-empt it. Graham White, the English novice in flying, who bravely attempted to wrest supremacy from the world-startling Frenchman, is dear to the hearts of the English. It is plain, in spite of his defeat, White was as much the hero of the occasion as Paulhan and each aviator landed the other as much as the guests praised both.

THE WEATHER.

STATE AND LOCAL.—Fair, cooler tonight, Sunday, July.

UNDEWEAR PLANT

IS NOW ASSURED;
IS INCORPORATED

Capital Stock of the New Industry Is \$100,000 and Building Bids Will Be Asked for Shortly.

BONUS AGREEMENT IS NOT YET COMPLETED

Probable That Half Amount Will Be Given When Foundation Is Finished—Architect Sees Factory Site.

Articles of incorporation were taken out yesterday at Indianapolis for the Richmond Underwear company with a capital stock of \$100,000. The directors are Abe Louis, W. P. Orr, R. E. Sims, E. A. Todd and L. M. Flesch all of Piqua, Ohio. The new factory will be brought to this city at the instigation of Mr. Flesch, a wealthy manufacturer of Piqua. He was here Thursday and closed the deal with the Commercial club, the \$5,000 bonus necessary to insure the factory's location in Richmond, having been lobbied by the members of the Commercial club and Young Men's Business club over a week ago.

While the agreement has not been definitely drawn up between the Commercial club and directors relative to when the bonus shall be paid, it is said that very probably one-half will be paid when the foundation of the factory is completed and the remainder when the entire building has been finished. Mr. Flesch brought an architect and contractor to this city with him Thursday for the purpose of making a survey of the grounds and an examination of the proposed site of the factory. The building will be erected on the Robinson property at the corner of North Tenth and D streets.

To Receive Bids Soon.
The contract has not yet been awarded for its construction but the bids will probably be received within the next few days.

The factory will cost in the neighborhood of \$100,000, building and equipment. According to Mr. Flesch it is the intention to construct the finest underwear factory in the world. The building will be of pressed brick and stone and will be an innovation in the way of factory construction in this city. A dining room will probably be provided so the employees may obtain their lunch. The building will also be fitted up with numerous bath rooms. Every modern convenience will be installed and the factory will be equipped in a thoroughly up-to-date manner. The building will be strictly fire proof and an adjoining wing which will be built, will make it larger than was the original intention.

About 100 people will be employed at first, 65 percent of whom will be girls. Some of the machinery has already been ordered.

Raze Old Building Soon.
Work will commence next week on tearing down the Robinson homestead and preparing for the foundation. A large force of men will be employed and the work will be rushed to completion. It is hoped to complete the construction of the new factory by next fall. Mr. Flesch obtained possession of the property while on his recent visit to this city. He went to Piqua yesterday morning and will probably return to this city again next week, at which time arrangements will be made for the awarding of the contract. Mr. Flesch will probably manage the plant for the first year. It is said, and at the expiration of that time will in all probability turn the management over to his son, who will then have completed his course in college.

WIRES ARE SEVERED

Another Drastic Move by the Government in the Bucket Shop War.

BROKER ARRESTED TODAY

New York, April 30.—Special agents of the government today made another drastic move in the nation wide fight against the bucket shops by cutting the telegraph wires leading to several suspected bucket shops in New York and Jersey City. Frank Maher of Maher and Morrison, a Broad street concern, was arrested charged with furnishing fast stock quotations to concerns throughout the east, whose standing prevented them from getting a service through regular channels.

A FALL FESTIVAL

MANAGING BOARD HAS BEEN NAMED

And Beginning Next Week, Work on the Annual Event Will Be Started by the Committee With Vim.

E. H. HARRIS CHOSEN TO BE THE CHAIRMAN

Many New and Novel Features Will Be Added to the Festival This Year—An Outline of the Plans.

EXECUTIVE COMMITTEE OF FALL FESTIVAL

Edward H. Harris, Chairman.
Wm. M. Bailey, Vice Chairman.
Will W. Reller, Secretary.
Everett R. Lemon, Treasurer.
Chas. M. Morgan, Advertising and Printing.
Willard Carr, Industrial.
Fred Schornstein, Decorations.
Chas. W. Jordan, Educational.
Wilfred Jessup, Historical.
F. L. Torrence, Amusement.
J. A. Spekenhiser, Hospitality.
Fred Lahman, Privileges.
L. A. Handley, Parades.
T. F. Butler, Horses.
Stephen Kuth, Cattle and Hogs.
J. S. Helms, Grain.
Isaac Dougan, Fruits and Vegetables.
Frank L. Waldele, Poultry and Dogs.
Henry Sheppard, Flowers.

Work will begin in earnest on the Fall Festival next week. The executive committee, which was announced last night, will meet Monday evening at 7:30 o'clock in the Leeds room in Main street to consider various matters pertaining to the Festival and to determine on the date for the holding of the event. It is said that the date will probably be Wednesday, Thursday and Friday, October 5, 6 and 7.

Many new and novel features will be added to the Festival this year and indications point to an even greater degree of success than has characterized it in the two previous years. Especial attention will be paid this year to the agriculture department and the farmers are already taking great interest in the affair by preparing their stocks and produce for exhibit. It is hoped to make the agriculture display even more lavish than that attendant to a county fair, and since the idea of holding a fair in this county has been abandoned, it is thought that the Festival, in a large measure may be made to take its place.

The Amusement feature will be greatly strengthened, also, it is said, while another feature will be the State Exponent of the Modern Woodmen, on the opening day. The suggestion has been made that the Festival include a celebration of the centennial of the formation of Wayne county. The support of all of the school children in the county will be enlisted in the educational feature in connection with the Festival, which will be on an elaborate scale.

The committee is full of ideas and suggestions for the Festival, which will be discussed in detail at the meeting Monday night. The director of the Y. M. B. C. believe that they have secured an excellent committee. Every member has pledged his support in behalf of the affair and enthusiastically promised to exert every influence towards making the Festival a success. The large majority of the members have been closely identified with the two previous Festivals and the new members are also boosters and strong advocates of the movement. In electing Edward H. Harris chairman of the executive committee, the directors feel that they are particularly fortunate. Mr. Harris has had considerable experience in this line while acting as secretary of both previous Festivals, and his assistance will be of great value.

INCREASE IN WAGES

(American News Service)
Pittsburg, April 30.—Bituminous coal operators have granted increased wages requested by the miners and all the laborers. The powder dispute was settled on the miners terms. Forty thousand return to work in this district Monday.

GO TO NEW MEXICO
