## LATEST GOSSIP OF THE MARKETS

LIVE STOCK. Indianapolis, July 22.-

and, although there was no aggressive competition between buyers, salesmen had no trouble in placing the supply at fully steady prices and the week closed with a good advance on all fat stock over last week.

There were only about 300 sheep and lambs available for sale, but of course that is a fair run for Saturday. Evidently CORN there were as many as necessary, and buycers, being a little more particular in making their selections, prices were not fully
as strong as Friday. However, lambs soid
from \$7 down, yearlings from \$4.50 down
and sheep from \$3.25 down.
No change in quotations on anyskind of
stock from Friday.

LITTLE PIGS COMING IN.

Chicago yards review by Poole: Little igs that are running marketward now rill not show up as fat hogs next winter. Chicago is getting some, St. Louis and Kansas City are full of them. Missouri is shipping everything, owing to drought and little stuff is a drug at St. Louis, even when priced down to \$4.50. Average weights on that market this week are 100 and 110 like heavy books best here. when priced down to \$4.50. Average weights on that market this week are 160 £150 lbs., heavy hogs having gone to a premium in consequence. Kansas City has an accumulation of light stuff that is being carried from day to day, while heavy hogs are commanding a substantial premium. Kansas City has a \$465.75 pig market, according to weight, and if the movement continues the spread will widen. A year ago pigs were worth \$8.5049.15 on the local market, whereas \$6.50 takes the best now, and little stuff had to take \$4.25 Friday. The significance of the situation is that the country is unloading pigs by the thousand daily, reducing the winter and spring run of fat hogs to that extent. It is not a bear argument so far as finished hogs are concerned, and the takent is now confidently predicting that corn-fed stuff has touched bottom for the commer.

SHEET MILL TO RESUME. BRIDGEPORT, O., July 22.—After an dieness of more than two years as the result of a strike which was bitterly bught and lost by the workmen the actua Standard sheet mill plant, one of the argest in the United States, will resume operations. The order was received Friday rom, the Pittsburg offices of the American thest and Tin Plate company, and no time will be lost in putting it into effect.

GRAIN

Receipts Saturday, 4.000 hogs. 350 cattle and 450 sheep, showing a loss in all lines fompared with a week ago and a decrease in hogs and cattle but a gain in sheep compared with a year ago.

There was a big decrease in the marketing of hogs as compared with the daily average this week but there was also a decrease in the demand, especially from outside sources, and wash reports from other places rather unfavorable to the selling side they considered themselves lucky in persuading buyers to take the consignments at Friday's level in prices. The bulk of the hogs again sold from \$6.85 (26.90 and the top was \$6.95.

The receipts of cattle, as usual at this time in the week, were small and there was practically no difference in the situation as compared with Priday. Most of the offerings were female butcher grades and, although there was no aggressive competition between buyers, salesmen had

FINANCIAL NOTES

NEW YORK, July 22.—Moderate strength was shown at the opening of the stock market, with Union Pacific again the most prominent feature, scoring a gain of % and going to 192%, a new high record for the year. The preferred stock ross %.

American Smelting was the strongest of the industrial features, moving up %. The demand for the stock was based on an annuncement that the federal investigation had failed to reveal any cause for action against the concern.

The leading railroad issues scored gains ranging from % to % and were fairly active. The local traction issues were irregular: Brooklyn Rapid Transit rose % only to drop the gain, while Interborough Metropolitan went off %. Among other advances were: Steel common, 1%; Atchison, %; Canadian Pacific, %; Southern Pacific, %, Canadian reciprocity bill expected to pass the senate and be signed by President Stimutes, and be signed by President Stimutes, and Refining company to Brooklyn Rapid Transit, work to commence in ten days.

Government dismisses charges against American Smelting and Refining company. Sugar inquiry nearing end. Claude A. Spreckies testifies Saturday.

Steel corporation's quarterly statement, to be issued Tuesday, expected to show gain over first quarter of current year. Senate finance committee reported favorably on bill to terminate natural monetary commission on Dec. 1.

Attorney General Wickersham, in speech at Hancock, Mich., says big combinations like Standard Oil and Tobacco company must split up in separate parts.

Standard Oil will not be reorganized. Company to be divided up into thirty-five smaller companies. Stockholders to get proportions to share in new companies. Underwood bill revising cotton schedule. must split up in separate parts.

The Louisville and Interurban Railway company has increased the amount of i capital stock from \$1,500,000 to \$3,750,000. Plans have been prepared by the Pacific Gas and Electric company to develop an additional 71,000 hydro-electric horse power at a cost of about \$10,000,000. The additional capacity will bring the company's total horse power up to 260,000. The Calumet and Hecla Mining company

reports for the year ended April 30 show a profit and loss surplus of \$8,576.856, compared with \$7,667,298 in the previous year, Copper produced amounted to 58,739,509 lbs against 66,285,684 in the preceding year. Bradstreet's bank clearings report for the week ending July 20 shows an aggre-gate of \$2,988,111,000, as against \$3,947,232. 000 last week and \$2,848,007,000 in the cor-

The Cities Servic company reports for the nine months ended July 20 last as fol-

May 31 were \$94,688,151, as against \$56,-181,872 for the same period last year and \$94,980,490 for the whole year 1910. Net carnings for the same period this year amounted to \$33,675,156, against \$31,122,040 in 1910 and \$33,839,956 for the full year.

CHICAGO NOW PIANO CENTER. CHICAGO, July 22 .- Boston, at one time piano center of the United States. admits that Chicago has forged to the front in this line of industry, the number of planos manufactured in Chicago being itwo-thirds greater than that of the east-ern city, according to figures recently com-piled in Boston.

While admitting that Chicago has taken first place in the manufacture of medium and lower grade instruments, the Hub lity however, reserves for itself and New fity, however, reserves for itself and New York the credit for making the highest trade planos.

According to the Boston report, Chicago is turning out each year nearly 100,000 instruments valued at over \$15,000,000, transcription of a selling value of pround \$7,000,000. Chicago's plano output is said to be virtually one-third of the itagregate of the United States.

"Chicago piano companies," the report continues, "now ship to all parts of the riobe, Manila alone having ordered more than 1,100 planos from that city within the last two years. Mexico has been buying more than 6,000 per annum from Chinago makers, and other large customers have been located in Central and South America. Three of the largest plano companies in the world, the Cable company, capitalized at \$2,000,000; Steger & Sons, whose capital and surplus amount to \$3,100,000, and whose plant site comprises town of 1,500 acres; and the W. W. Kimball company, each make from 18,000 to 20,600 planos a year." ork the credit for making the bighest

GRAIN GOSSIP

"Tarmers' deliveries of winter wheat are decreasing, and in some instances have stopped." said the Modern Miller. "In the soft winter wheat states many farmers filled their bins and disposed of the surplus. Considerable wheat stacked. Heavy marketing of wheat in Kansas checked by rains throughout state."

Northwest wheat receipts: Minneapolis, 142 cars; 105 last year. Duluth, 46 cars; 60 last year. Winnipeg, 143 cars; 146 last year.

Deliveries on July contracts in Chicago laturday were: Wheat, 95,000 bu.; coru, 40,000 bu. The wheat was taken by Logan k Bryan and the corn by Bartlett, Frazier St. Louis received 143,000 bu wheat Sat-brday as against 190,000 bu a year ago.

Logan-Bryan, Chicago, wired A. W. Thomson: Conservative view of wheat, we think, that present prices are justified by the reduction in the year's yields to thate and if there is to be any further reduction there should naturally be a corresponding increase in values. At this writing opinions differ widely on the outtome of the spring crop in the three northwest states, estimates ranging from 140,000,000 to 170,000,000 bu. Black rust reports were serious Friday and if this olight spreads to blue stem wheat, the experts claim the results may be more serious than now indicated. Run of winter wheat is still large, but advices indicate that there is to be a falling of. Think the heavy winter crop movement largely offset by the fact that markets of this country have reached level for expert sales.

Crop Expert John Inglis says: Viewing corn, for the moment, in reference to its present condition, find four things that manifest themselves: Stand, growth, color and cleanness of the fields, are all that could be desired. As we can not decide how it will sear or fill until tasseled the outcome is still very uncertain, but all fields that I have examined, when sufficiently tasseled to warrant shooting, have found a very large percentage of staiks where no shoots are coming. Country very dry and as have previously stated, rains can not restore empty stalks, but may enable what there is to fill perfectly.

Primary market receipts: Wheat, 1.438.000 bu; last year, 955.000 bu, Corn, 334.000 bu; last year, 381.000 bu, Oats, 704.000 bu; last year, 502.000 bu. Total seaboard clearances Saturday Wheat, 176,000 bu; flour, 9,000 bu; corn, 6,000 bu; oats, 9,000. Wheat and flour combined equal 216,000 Estimated Chicago car lot receipts for

A SAD STORY.

The Misfortune That Came With a Terrible Tumble. Fowling is now very little practiced in the Shetland islands, although many eggs are secured annually. Many thrilling stories of fowling adventure Connersville will be the attraction are told by the Shetlanders. A mar who had undertaken to climb a certain at Athletic park this afternoon, meet- steep cliff was neither very experiing behind until he had got up about

> His comrades, having thus been warned, moved the boat out of the way so that the poor fellow came sheet down into the deep water. Mighty was the plunge, but at length he rose to the surface, when of course he was instantly caught hold of and dragged into the boat. After many gasps and much spluttering of sea water from his mouth his only remark was: "Eh, men, this is a sad story. I have lost my snuffbox."-"Sketches and Tales of Shetland."

The Last Ditch. When William, prince of Orange afterward William III. of England, was elected stadtholder of the United Netherlands in 1672 and found himself in the midst of war with England and France he was asked by the Duke of Buckingham whether he did not see

ruin impending over his country. "Nay," he answered. "There is one certain means by which I can be sure enough to see my country's ruin. I will die in the last ditch." And, rejecting all terms of peace, he checked the invasion of France by opening sluices and flooding every tract of land, drove them from Holland in 1674 and made honorable terms with England and finally after varying effort brought the war to a successful close by a treaty with France in 1678.

Taken at His Word.
