(Markets by E. F. Leiand & Company, 212 Union National Bank Building) CHICAGO, Aug. 18.-Wheat-Wheat was on the downgrade practically all day due to the partial breaking up of the heat wave and reports of scattered rains, which increased as the day moved on. Exporters did not seem at all anxious for wheat, as they reduced their bids to 10 cents over September, the lowest bid since the wheat crop began to move. Every little rally today met with sales and some stop loss orders were uncovered on the way down. Cash wheat was unchanged to one cent lower, and Liverpool closed at considerable decline from yesterday. There was some belief on the floor that the rail strike
