MONDAY, OCTOBER 22, 1906.

REAL NEWS IS WELCOME.

With every hour THE LAKE COUNTY TIMES grows more satisfied with itself over the timely publication of the culmination of the most vitally interesting real estate transaction within the corporate limits of Hammond.

It takes no credit for this. A part of the policy formulated before the first copy of THE LAKE COUNTY TIMES left the press, on June 18, was the reservation of the right to determine when **news** is **news**, and when, as news, it should be published. It resolved to hold itself aloof from entangling alliances; to publish the news whether it helped or hurt; to set down nothing in malice nor hold back anything for any purpose; to edit its newspaper from within and not from without; to print the truth, the whole truth and nothing but the truth according to its lights; to make suitable amends for its own mistakes and save those it might offend the trouble of going elsewhere for redress; to call the attention of Hammond and its sister communities to the fact that they had outgrown their swaddling clothes—in short, to make a respectable newspaper.

It recognized at the outset that this policy would do violence to the ethics, traditions and usages of Lake county journalism, but it was prepared to accept the consequences.

If the people of Hammond and the surrounding country were satisfied to have their news cooked in one pot over a slow fire, there would be no mission here for THE LAKE COUNTY TIMES. THE LAKE COUNTY TIMES had faith in the appreciative intelligence of the people of these parts.

It has not been disappointed. Therefore it is satisfied.

AT THE GRAND THIS WEEK.

Harvey Brooks, manager of the Grand theatre, has a good program on this week among the different acts are Prof. Brogdon's dog circus which pleases the audience; O' Hara and Watson, singing and dancing; Chas. Frosto in the "Matinee Girl"; Miss Cecil Watts, one of the leading colored sopranos of the world, also Brooks & Brooks in a musical comedy and Miss Tillie Murry in singing and dancing acts. New illustrated songs and moving pictures on tonight.

FALLS IN FIT ON TRACK.

This morning as Geo. Patterson who had just got off the Lake Shore 6:15 train started to walk up the track toward Oakley street he was seized with an epileptic fit and in falling struck his face on one of rails bruising him up quite badly, necessitating his going to Dr. Clark who dressed his wounds. Patterson lives in Chicago and is employed at the Conkey plant.

How They "Happened."

Tennyson, in "The Princess," coined a phrase and a maxim which seem destined to live long. The phrase is "The sweet girl-graduates," and the maxim, "'Tis better to have loved and lost than never to have loved at all."

Cannot Be Too Careful.

As many accidents have occurred from lightning this season, it is well for people to observe rules of prudence and to keep out of dangerous places and avoid coming in contact with dangerous objects while thunder storms are going on. The laws governing the electric fluid ought to be well enough known to persons of ordinary education and observation to afford them a considerable measure of self-protection.

An Optimistic Thought.

When a jealous man who doesn't amount to anything shoots somebody who doesn't amount to anything for being too attentive to a woman who doesn't amount to anything, why should anybody who does amount to anything get excited about it?—Judge.

A Long Wait.

"What I'm waitin' fur," said Uncle Jerry Peebles, "is a chanst to vote fur some man that isn't the 'people's candidate,' but is just runnin' fur office on his own hook."

Li Wondered Why.

When Richard Harding Davis met the Viceroy, Li Hung Chang, in St. Petersburg he was asked how old and how rich he was, and what he did. He replied: "I write books." "Why do you write?" said Li; "are you not strong enough to work?"

IN FASHION'S REALM

THREE SHADES OF ONE COLOR SEEN ON SMART GOWNS.

French Models Suggest Old Time Portraits—Pelerine Sleeves to Play an Important Role in Modes—The "Spanish Tilt" a Millinery Novelty.

The colors displayed for winter wearing, both in gowns and hats, are sufficiently beautiful to quite turn the head of the majority of women. Never were there so many or so absolutely ravishing shades of one single color as are seen this season. Take, for example, the red tints. One has her choice of the entire gamut of shades, from

COSTUME OF JACQUEMINOT BROADCLOTH.

the richest and deepest dregs of wine down to the palest of the pastel colorings. Bordeaux is a favorite, and so is jacqueminot, and the different shades of old rose are a delight to the eye.

One fashion authority has declared that at least three shades of the same color should appear on a smart gown if its wearer would have the satisfaction of knowing that it was entirely as it should be. Or if but two shades are chosen, surely there must be a third coloring introduced somewhere—the eternal "touch of black" if nothing else. This rule of three is said to apply to millinery as well as dressmaking, and certainly some of the early models prove the truth of the statement. The pelerine sleeve is destined to play an important role in the picture-like effect.

The latest reports from the other side all agree on the sloping shoulder effect both for street and house costumes. Some of the newest of the French models suggest old time portraits with their graceful fichu lines. This long shoulder effect is often achieved by means of cleverly arranged trimmings, and again an epaulet or other similar shoulder expansion is often cut as a part of the bodice itself. All sorts of devices for lengthening the shoulder line will be resorted to as the season advances, and this is one of the features which the far sighted woman should take up cautiously, as there is

THE SPANISH TILT.

always the possibility of such an effect being run to the ground in a few months.

Most of the new gowns have skirts that are plaited in one way or another—side, sun, accordion or box—and the day of the gathered skirt seems to be gone. You do not see those full round skirts which were the rage only so very recently. In nearly every instance they are kilted, knifed, accordion plaited or laid in little side plaits in groups of three or four. The costume illustrated is of jacqueminot broadcloth. The skirt is a seven gored model, with plaits on each seam. The jacket is hip length and trimmed about the neck with oxidized silver soutache on bands of deeper red velvet.

Fashion's followers are indebted to the vivacious queen of Spain for the bit of millinery seen in the cut. The creation is of black panne velvet. The crown is wound with satin ribbon, and all the trimming, composed of lustrous ostrich plumes, is massed at the back. The hat is dented at the front, the brim being held down with a little leaden weight covered with a decorative bit of silver gilt resembling the head of a hatpin. AMY VARNUM.

STOCKS AND PROVISIONS

Latest Movements in Finance and Trade.

(By Direct Wires to Lake County Times.)

NEW YORK LETTER.

New York, Oct. 22.—Shorts who sold stock that they did not own Saturday were given a severe touching today. From the opening of the market until the close, stocks were booming at all times and most of the declines that were established Friday and Saturday of last week were entirely wiped out. Copper advanced over three points; Smelters three and one-half; Union Pacific very close to four; Baltimore & Ohio three and the lower priced issues from one to two points. The only exception to the bull movement was New York Central which seemed to have an exceedingly weak undertone and did not participate in the grand rally that was going on in the balance of the standard rails. It sold off to 129, the lowest price this stock has reached in some time.

There was a failure announced on the exchange of one of the smaller concerns which it is said has been on the wrong side of the market for months and the smash Saturday compelled them to announce their suspension from business as they could not meet their contracts. This, however, had no effect on the action of the market today as it is believed the house closed out the major part of its trades on the break last week.

The call money market had a rather hardening tendency today, early loans being made as high as 7 per cent. There were rumors to the effect that Secretary Shaw would come to the relief of the money market. This was given as the reason for the pronounced bullish enthusiasm together with a greatly oversold market.

The market generally closed strong and buoyant without losing any of the early advances established.

CHICAGO LETTER.

Chicago, Oct. 20.—WHEAT—This market had a declining tendency all day, although the news in a measure was in favor of the bull operators. Receipts in the northwest were lighter than usual, but this was partly attributable to the lack of cars and bad roads throughout that section of the country.

The cash situation in the southwest is reported better, and quite a little hard wheat was sold to exporters. The selling in the pit today was mostly for short account and any real bullish news will start them to cover. The market closed with a weak undertone.

CORN—Higher early, but later suffered a decline of half a cent for the May option. The car shortage throughout the west is creating a bearish sentiment on corn. The receipts of new corn have been very light for the past two days, owing chiefly to the lack of cars to transport the grain to market. The market closed at the lowest prices of the day for all of the active futures.

OATS—Displayed some strength in the early part of the session, but later when the other markets became so weak it eased off in sympathy with them. Cash situation continues strong, sales of over 200,000 bushels to the seaboard being reported. The market closed steady.

SOUTH WATER STREET MARKET.

Chicago, Oct. 22.—The poultry market again displayed considerable weakness. Buyers show no disposition to take hold even at the recently reduced prices. Supplies on the other hand are liberal and considerable stock had to be held over. The peach season is over, but grapes, apples and pears continue in good supply and are actively traded in at previous prices.

Butter—Receipts, 6,956 tubs. Extra creamery, jobbing, 25½; price to retailers, 27c; prints, 28c; firsts, 22@24c; seconds, 19@21c; ladies, 17c; renovated, 19½@20c; dairies, Coolers, 22c; firsts, 20@21c; packing stock, 15½@17c.

Vegetables.—Head lettuce, 50c@$1.00 per tub; leaf, 35@40c case; lima beans, $2.50 per 24-qt case; onions, 60@90c per sack; pumpkins, 75c per brl; peppers, 40@50c per sack; parsnips, $1.00 per tub; turnips, 38@75c per sack.

Poultry—Geese, $6.00@9.00 per doz; ducks, 11c per lb.

Beans—Hand picked, choice, $1.46@1.48; screened and depending on quality, $1.00@1.30; red kidney, per bu, $2.00@2.30; off grades, $1.40@1.90; brown, Swedish, $1.00@1.70; California, limas, per 100 lbs, $4.50@4.75.

Green Vegetables—Beets, $1.00@1.25 per brl; cabbage, 60@75c per crate; carrots, $1.00 per 100 bunches; celery, 30c@$1.25 per case; cucumbers, 75c@$1.00 per dozen; cauliflower, 25c@$1.20 per box.

Veal—Quotations for calves in good order were as follows: 50 to 85-lb weights, 6½@7c; 60 to 75-lb weights, 7½ to 8½c; 85 to 110-lb weights, fancy, 9@9½c; 150 to 170, good meaty, 4@6c.

Dressed Beef—No. 1 ribs, 13½c; No. 1 loins, 17½c; No. 1 round, 7½c; No. 1 chuck, 6c; No. 1 plate, 3½c.

Live poultry—Turkeys, per lb, 14@16c; chickens, fowls, 7½c; springs, 8c; roosters, 7c.

Eggs—Receipts, 4,957 cases. Fresh stock at mark, new cases included or cases returned, 18@20c; firsts, 22c; prime firsts, packed in whitewood cases grading 60 per cent fresh stock, 23½c; extra, 80 per cent fresh stock, packed for city trade, 26c.

Potatoes—Receipts, 70 cars. Early Ohio, Minnesota, 45@48c per bu; white stock, Wisconsin, free from frost, 42@43c per bu; containing field frozen, 35@40c per bu; red, fair to good, 40c per bu; mixed, red and white, 38@40c per bu; common, small, unripe red or white, 35@37c per bu; sweet potatoes, Jersey, $2.85@3.00 per brl; Virginia, $1.50@1.60 per bu.

HAMMOND MARKETS.

The following are the average prices quoted in the local markets:

Flour, 50lb.....	1.25
Potatoes, bu	80c
Eggs, doz.....	26c.
Butter, lb.....	30-32c.
Eggs, doz..	26c.
Milk, qt.	6c.
Sugar, lb	6c.
Cream, qt.	24c.
Round steak, lb.....	15c.
Ham lb.....	22c.
Porterhouse steak, lb.....	19-22c.
Pork, lb.....	16c.
Sirloin steak, lb.....	17c.
Crab apples, bu.....	1.40
Head lettuce, head.....	10-12c.
Lima beans, lb.....	10-12c.
Celery, per stalk.....	5c.
Apples, bu.....	1.00-1.20.
Egg plant	8-10c.

HEARD ON THE BOURSE.

New York, Oct. 22.—This is supposed to be bargain day in the stock market—one of the days that comes about twice a month; so you can load up with stocks at least on a scale and make any kind of money by holding on for a week and then have a little patience and do it again in a short time. Most of the London selling was done from this side. The foreigners have no stocks to amount to anything to sell us. When London is reported with a great flourish as a seller of 50,000 shares you can't help but wink, as there are half a dozen men in Chicago who can buy or sell and who habitually carry that much stock, to say nothing of the New York plungers.

Work at the highest pressure is assured all along the line for the first half of next year and in some lines committments run well into the second half. Increasing interest centers in the supply of raw materials for next year, and the prices demanded for them. Considerable sales of lake ores are reported at an advance of 50 cents and as high as 75 cents above this season's figures.

The narrow waisted bulls in the stock market got a bad fright on the unexpected action of the Bank of England in raising the rate. It simply demoralized the market and the bad bank statement helped it down. The well-known saying that the bears make all their money in one night, again came true. It will take at least a month with everything in its favor to put prices back where they were a few days ago, and in the meantime we are bound to have election scares.

Sterling exchange advanced to a point where it could allow of gold experts. It will be some time before the real reason for the raise in the bank rate will be discovered. No matter what the reason is the result is a bad scare and it is notice to this country that "you can't have any more of our money to speculate with and you will have to pay up what you owe us, no matter how much prosperity you have now; how big your crops are; how much your railroads earn or how they increase dividends. We want our money paid back and nothing will re-establish our foreign credit, but liquidation, as the limit of borrowing has been reached for the present."

Secretary Shaw has got to come to the rescue now and give some real help; no more money can be had abroad, or this shake-out will look like nothing to what the market will get.

Baltimore & Ohio earnings are increasing at the rate of 13 per cent per annum on the common stock.

The Tennessee Coal & Iron people have increased their capital stock and also issued $7,300,000 of treasury stock.

The railroads of the country are up against it in the matter of getting cars. Every day conditions grow worse and there is no hope of relief. The fact is business has grown faster than the railroads can take care of it.

The Iron Age says: "The enormous pressure upon our iron and steel plants is increasing rather than decreasing and is spurring the management to unusual efforts. It is reported that during the first thirteen working days of the present month the steel works of the United States Steel company produced a daily average of 48,000 tons of ingots, which if maintained would make the record for the month of October close to 1,300,000 tons of steel."

Have your prescriptions and family receipts filled in our drug department, by registered pharmacists. We use only the very best grades of drugs and chemicals and always fill them just as your doctor wishes, at very reasonable prices. Lion Store Drug Department. 10-20-3t

A STORY

Told by a physician, of a railroad brakeman, teaches a wonderful lesson, and applies itself to many people in all walks of life. Said he:

"The majority of accidents can be directly traced to the individual not being in a healthy state of mind or body. Recently I learned a life-story of a man whose every thought was of his wife and little ones. From the time he returned from his trips his whole time was given to romping and playing with his children and showering attentions on his wife. To his family he was a happy-go-lucky fellow, always ready with a laugh and story. His home was a little paradise. He never used tobacco or liquor in any form. Away from his home and family, among his fellow-workers, he told how at times he was bothered with pains in the back and sides, dizziness and faint feeling. They had seen these spells come on and advised him to do something. They might as well have talked to a stone wall.

"One day, in coupling cars, dizziness or faintness overcome him and he was crushed to death. The post-mortem showed a case of kidney and stomach trouble that could have been easily cured with some simple remedy like an Herb Extract, a Quaker preparation that can be obtained at most any drug store. Many men are like him—careless of their health—and as I stated, I attribute the majority of accidents to their carelessness."

"ARTESIA GARDEN LANDS."

About 100 miles south of San Antonia, Texas, lies a tract of 14,000 acres called the "Artesia Garden Lands," so named because the deep, rich soil and the mild climate make the land especially adapted to the growing of all kinds of garden truck, fruits and vegetables. You can find no finer fruit or truck lands anywhere. Truckers have been realizing from $200 to $800 an acre from their lands in this section. There is no better alfalfa land in this country, that crop producing from seven to nine cuttings each year, and each cutting yielding from 1 to 1½ tons per acre, which sells readily for from $10 to $12 per ton. Rocky Ford cantaloupes grow to perfection on this land, as do all other kinds of truck, fruit and vegetables. Corn and cotton do equally as well. From this land you get three crops each year, any one of which would pay for a number of acres of the land. The soil is deep and rich; the climate is fine and healthy; the location is near town, schools and churches; the price is extremely low. Can sell 40-acre tracts and up at $12.50 per acre; one-half cash, balance on easy terms. You can raise a crop in less than ninety days and pay off the balance without interest. Go down and investigate for yourself. Cheap rates. Next excursion November 26th; only $25 for the round trip from Chicago. Why rent land? Why work for another and get just enough to live on? Buy 40 acres or more of this garden spot, and in a few years you will be independent. DO IT NOW. Send for descriptive circulars of this section.

The Showalter Land Agency
EAST CHICAGO, IND.

NOTICE.

The barber shop in West State street, formerly owned by Harry Tuttle has passed into the hands of A. Stamm. 9-26-tf

Change of Cars.

On Nov. 19 the Wabash, in connection with the Iron Mountain T. & P., I. & G. N. and the National Lines of Mexico, will resume its Mexican special service from Chicago to the City of Mexico, leaving Chicago at 9:17 p. m., every Monday and Thursday. The Mexican special consists of sleepers, observation cars and dining cars. Only three days on the road. Write for illustrated printed matter and full information. F. H. Tristram, A. G. P. A., 97 Adams street, Chicago.

LOW RATES TO PACIFIC COAST.

Via Chicago, Milwaukee & St. Paul Railway.

Colonist tickets, good in tourist sleeping cars will be sold from Chicago to Seattle, Tacoma, San Francisco, Los Angeles and many other Pacific coast points for $33, August 27 to October 31 inclusive. Reduced rates to hundreds of other points west and northwest. Folder descriptive of through train service and complete information about routes will be sent on request. E. G. HAYDEN,
Traveling Passenger Agent.
426 Superior Ave., N. W. Cleveland.

There is more catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. CHENEY & Co., Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.
