NEGRO ISSUE WAS UP WHERE ODELL DIFFERS

Discussed at a Convention at Nashville by Some Men of the South.

JOHN SHARP WILLIAMS WRITES

Sees Hope in a Decreasing Negro Birth Rate—Thompson's Suggestion: Send Them to Panama.

Nashville, Tenn., Nov. 14.—The southern quarantine and immigration convention, which has assumed its new title of Southern Immigration and Industrial association, concluded its business, the closing session being devoted to the reading of several papers on pertinent topics. During the day session a letter was read from John Sharp Williams, in which he expressed the belief that the solution of the race question might be found in a pre-conceived effort to bring white people of the right sort into the south as servants, tenants and farmers. He advocated the formation of a land company with a capital of at least \$1,000,000, to buy lands throughout the cotton states and sell them on time to desirable immigrants.

"Hopeful" Phase of the Case. A hopeful sign, Williams said, is the fact that the negro birth rate in the country is decreasing very remarkably, while the birth rate of the white people in the gulf states is the largest anywhere in the world. Williams recommended the establishment of a mounted rural police after the Cape Colony and Canadian system. "The political phase of the negro problem we have pretty well worked out to an approximately satisfactory issue," he went on to say, and recommended a limitation of the franchise to the white race.

Makes Predictions of the North. He prophesied that similar action would be taken a generation hence in Illinois, Indiana and Ohio. He also favored the rigid enforcement of vagrancy laws and said that if the negro would not work he must get out of the field. The importation of desirable white immigrants, not only from foreign countries, but from the north, was also suggested in the letter.

Would Ailure Him to Panama. N. F. Thompson, of Chattanooga, advocated the strictest enforcement of the vagrancy laws with a suspension of sentence in case the negro would go to the Panama canal, and in going into the race problem said that the south has no problem as serious as those which spring from slums in New York, the anarchists in Chicago, the race prejudice in San Francisco and the "mob spirit" found practically in all the labor centers of the north and east.

Prefers the Negro for Work. W. J. Oltner, of Knoxville, Tenn., told of the troubles of contractors in keeping negroes at work on construction works, but still he preferred the negro to the Italian or the Chinaman.

'PHONE RATES BY ORDINANCE

Federal Judge Enjoins the City of Louisville in a Case of That Sort.

Louisville, Nov. 14.—Judge Evans, of the federal court, has granted a temporary restraining order against the city of Louisville prohibiting the city from carrying into effect the new telephone rates in accordance with the ordinance signed by Mayor Barth. The signing of this ordinance was the first step toward municipal regulation.

The temporary order was granted on motion of the Cumberland Telephone company, and the hearing for a permanent injunction was set for Dec. 8. The ordinance, which made business rates \$4 a month and residence rates from \$2 to \$3, was to take effect immediately.

Sealed Up in a Box Car.

Columbus, O., Nov. 14.—While he was asleep in a box car into which he had crawled at Louisville the car was sealed and for three days and a half James Quirk, a steamfitter, was unable to make any one hear him. He was without food, water or sufficient clothing for all that time. A yard clerk in the Columbus yards heard him and rescued him.

Death of Henry H. Shufeldt.

Oconomowoc, Wis., Nov. 14.—Henry H. Shufeldt, 72 years old, a multi-millionaire of Oconomowoc and Chicago, is dead here at his country residence. Shufeldt was one of the best-known and richest distillers in the country. For the past three years, however, he had retired from active business.

Andover to Come West?

Boston, Nov. 14.—The trustees of Andover Theological seminary (Congregational) have received a letter from President James, of the University of Illinois, offering to transfer the seminary to Urbana, Ill. There are only fourteen students at Andover.

Funk is Wanted at Joliet.

Canton, O., Nov. 14.—William Funk was arrested here while visiting relatives in this city on an order from Chief of Police David Emery, of Joliet, Ill., who wired that Funk is wanted in that city to answer a charge of burglarizing a bank.

Ambassador Durand's Successor.

London, Nov. 14.—Gerald A. Lowther, British minister at Tangier, is mentioned as the possible successor of Sir Mortimer Durand as ambassador of Great Britain at Washington.

He Antagonizes the View That Roosevelt's Message to New York Was Useful.

THAT IS, TO THE REPUBLICANS

Declares It Helped in the Defeat of Their State Ticket.

Also Finds Fault with the Campaign Management—Calls It Asinine—Bryan and Hearst a Strong Team.

New York, Nov. 14.—B. B. Odell, ex-governor and ex-chairman of the state Republican committee, said that the management of the Republican state campaign was the "most asinine" he ever knew. The whole state ticket, he said, might just as well have been elected. As the result stands it looks like a Democratic victory, and leaves the Republican party in bad shape with a national campaign coming on. The Republicans, he declared, made no campaign at all, but put it all on Mr. Hughes' shoulders.

Ex-Chairman Was Ignored.

"I heard absolutely nothing," said Odell, "about any state campaign up my way. We didn't know there was a headquarters down here. I wasn't notified of anything that was going on. My advice was never asked once. Many of my friends all over the state had the same experience. Even when Mr. Hughes was touring my county I was not notified or consulted. I wasn't informed of the smallest details."

Shouldn't Have Butted In.

Continuing, Odell said: "The people of this state have always resented the interference of a president of the United States in their local elections. They have done so since the days of DeWitt Clinton. I think that the interference of President Roosevelt did more harm than good. I realize now that I made a mistake when I accepted the chairmanship of the state committee while I was governor. The people resent official and outside interference in their local political affairs. That is why I say that the interference of President Roosevelt in the last campaign did more harm than good."

Bryan and Hearst a Strong Team.

"I do not wish to appear in the role of general critic of the conduct of the campaign, but so far as I can make out there was no real campaign. We should have stood for many of the things that Mr. Hearst advocated, like the eight-hour law, the three platoon system for the police and firemen." Odell said that Hearst was greatly strengthened as a political factor by his campaign, and that while he might not be elected president he was now a man to be reckoned with in the future. He said that a combination of Bryan and Hearst would be a hard one for the Republicans to beat.

DOINGS AT THE LABOR MEET

Action on a Universal Label and Gompers' Political Policy—National Labor Press Society.

Minneapolis, Nov. 14.—At the second days' session of the annual convention of the Federation of Labor the most important action was that of delegates empowered to act regarding the adoption of a universal label design, referring the matter to the convention of 1907. President Gompers' plan of creating a political power out of combined union strength was endorsed by the convention when it approved the report of First Vice President Duncan, in which he favored that policy.

It is proposed to organize a national labor press association at this gathering. There are 300 publications in the United States devoted to labor. R. E. Woodmansee, of the Illinois Tradesman, and secretary-treasurer of the Illinois State Labor Press association, is the leader in the movement. The sporting spirit of the gathering was developed when in spite of vigorous opposition on economy of time principles, the convention voted to adjourn at noon Saturday to attend a foot ball game. At night 3,000 persons attended a mass meeting, at which Gompers, John Mitchell and others made addresses.

Negro Deviltry in Georgia.

Atlanta, Ga., Nov. 14.—Mrs. J. N. Camp, the wife of a farmer living about a mile beyond the western city limits, was bound with a leather strap and raped by a negro at her home. The negro escaped and an armed party, which has been searching for him, has not yet located him.

Negro Bank Closes Its Doors.

Greenville, N. C., Nov. 14.—The Workingmen's Savings and Loan company, of this city, the only negro banking institution in the state, closed its doors by order of the state bank examiner. Careless bookkeeping is said to be the cause.

Congratulations for Hearst.

New York, Nov. 14.—At a meeting of the executive committee of the Independence League resolutions were adopted congratulating William R. Hearst upon the result of the recent election in New York state.

Jimmy Burns Beats Neary.

Los Angeles, Nov. 14.—George Mennis (Jimmy Burns), of Chicago, knocked out Charlie Neary, of Milwaukee, in the second round of what was to have been a twenty round go

STRIKE PERIL IS FADING

Railway Employees East Are Getting Settlements—Negotiations in the West—One Offer Refused.

New York, Nov. 14.—There no longer appears to be any danger of a strike of railroad employes in the east, as the situation with reference to the demand of the members of certain organizations has been considerably cleared. The New York, New Haven and Hartford, and the New York Central railroads came to an agreement with committees representing the firemen of the two roads affecting the status of the men on the new electric locomotives, and the adjustment committee of the Erie locomotive engineers announced that it had come to an agreement with the officials of that system. The firemen's committee will confer further with the New York Central and the New York, New Haven and Hartford officials concerning the questions of increased wages and shorter hours.

As to western lines representatives of the trainmen and firemen are negotiating with the Pennsylvania lines for an increase west, the unions refusing to accept as a settlement the 10 per cent. increase already granted. The firemen of the Big Four called on the officers of that road at Cincinnati and asked that they be remembered in that increase of 4 cents an hour granted western firemen. There is a rumor that the Southern Pacific, Santa Fe and Salt Lake lines will give a general increase of wages.

MILLIONAIRES ON THE STAGE

Supposed She Was Completely Incognito, but Her Secret Has Been Made Public.

New York, Nov. 14.—Masked under the name "Eleanora Leigh" so completely that she hoped that not even her most intimate friends would suspect her identity, Miss Alice Lewisohn sister of Jesse Lewisohn, daughter of the late Leonard Lewisohn, multi-millionaire copper king, is playing a conspicuous role in the matinee performance of Robert Browning's "Pippa Passes" at the Majestic theater.

Miss Lewisohn is not only playing in the piece, but it is her property, and Mrs. Sarah Cowell Le Moyne, the star, who is supposed to be the sponsor for the drama, is it is said in reality sponsor in name only.

Enforcing the Eight-Hour Law.

Washington, Nov. 14.—Attorney General Moody has issued a circular letter of instructions to United States attorneys regarding prosecution of violations of the eight-hour law. He says the government has decided on a strict enforcement of this statute as relating to public works of the United States. United States attorneys are directed to investigate complaints which may come to them from any source of violation of the law.

Feud Fight Between Soldiers.

Cheyenne, Wyo., Nov. 14.—Quite a sanguinary battle occurred on the streets of Cheyenne when a detachment of artillerymen from Fort Russell attacked a number of infantrymen, all on leave. Each side fought desperately with knives. Five men were cut and slashed, one of whom is expected to die. The wounded were taken to the hospital. The cause of the fight is an old feud.

BLACKMAIL UNEARTHED

Plot to Extort Money from the Wealthy Owners of the Missouri-Kansas Zinc Mines.

Joplin, Mo., Nov. 14.—L. H. Hoge, inspector of the postoffice department, has unearthed a blackmail plot directed against the wealthy mine owners of the Missouri-Kansas lead and zinc field. It was planned to secure thousands of dollars from these men. T. W. Lewis, a miner living in Duneweg, was arrested by Inspector Hoge. He is charged with sending threatening letters through the mail. The letters were sent to T. F. Coyne, a wealthy mine operator of Webb City, Mo. Lewis was bound over to the January term of the grand jury.

Nov. 5 Coyne received a letter from "Lewis" stating that unless he sent the writer \$350 forthwith he would be blown to atoms with nitroglycerine. The letter stated that the writer was a member of an organized band whose purpose was to get money from wealthy mine owners of the Joplin district.
