

RED CROSS CHIEFTAIN TO SPEAK

James L. Fieser, director of Home Service for Lake Division of the American Red Cross, to be speaker at the annual meeting of the Hammond chapter on Wednesday evening, Nov. 20, in Liberty Hall.

The Hammond Chapter is most fortunate in getting this man for a speaker at the one meeting of the year when all members of the Chapter come together to discuss the work for the year and vote for new directors.

Mr. Fieser is one of the foremost organizers of the Red Cross work in the country. Under his direction splendid organizations have been built up for directing Home Service in the Lake Division. Home Service is the most vital work that the Red Cross has yet undertaken because it offers an opportunity for most personal connection with individual soldiers and sailors of our Army and Navy and with their families.

Because some men and women happen to be of an age or have certain physical fitness better adapted for military service does not make the responsibility of carrying on the war theirs any more than ours who stay home and the least we can do is to protect and comfort in every way possible the interest and families of our fighting men. For that reason Home Service must be proffered in the same spirit of self-sacrifice and genuine sympathy and understanding friendship in which the soldiers of our Army and Navy give their lives and service to their fellowmen.

There is no imaginable form of trouble or misfortune here Home Service does not aim to lend a helping hand and offer a cheering solution to those who are bearing the brunt of the battle.

In order that this may be really helpful and constructive service the Home Service worker requires careful preparation and the study of many subjects. For this reason the Red Cross has instituted courses for training persons to direct this work. Under Mr. Fieser's direction splendid institutes are being held throughout the Lake Division. Much work lies before us in the rehabilitation of the wounded and shell shocked soldiers who are already being returned to this country.

Mr. Fieser has first hand information on the subject, and all members of the Hammond Chapter are urged to come out to this meeting and learn what our part is in the reconstruction program.

Boy Scout Column

On December first each Scoutmaster will be asked to furnish a list of all Tenderfoot and second class Scouts who have not passed a test during the month of November. Such boys will be suspended from Troop, until they pass a test.

We are holding instruction regularly and giving every opportunity in addition to that furnished by the various Troops and Scouts must do their part if they wish to remain in the organization.

Court of Honor.
There will be a meeting of the Court of Honor next week. Watch for exact date. All Scouts who wish to take Merit Badge tests or who have completed work for a Merit Badge, should report to the office and arrange to go before the Court.

Drums and Bugles.
Thirty drummers and thirty-six buglers were present at the first regular class of the Corps at Central school last evening. Twelve members were absent which makes a grand total of seventy-eight in the Corps at present.

Several others have signified their desire to join. We have decided to continue giving terms with a slight change and those who wish to purchase either bugles or drums consult the Executive.

A big bass drum has been ordered and will be on hand as soon as it is lettered. Perhaps some good citizen will present us with a set of cymbals.

Mr. Barrett—Scoutmaster.
Mr. Leo Barrett of Grand Rapids, Wis., has taken up residence in Hammond. Mr. Barrett was formerly a Scoutmaster in Grand Rapids and has already signified his willingness to take a troop here. We are very glad to welcome him among us as men are very scarce who are willing to give the time to lead our Troops.

Pres. Meyer Hunting.
LeGrand T. Meyer, president of the Local Council is still in Wyoming, seeking the crafty Rocky Mountain sheep. Judging from the reports we are of the opinion that the sheep have little chance.

The colonel sends greetings to all.

CARD OF THANKS

CARD OF THANKS.
We wish to thank our relatives, friends and neighbors for their kindness and sympathy during the illness and death of our brother, A. G. McLean, for the use of their autos and floral offerings. The Rev. Bassett for his kind and comforting words, also we sincerely thank Mr. and Mrs. John McLean of Hoffman street for their kindness and help that we can never forget.

SISTERS AND BROTHERS.
We wish to thank our friends and neighbors for their kindness and sympathy during our late bereavement. We wish especially to express our thanks to Rev. Bassett and the choir, the Rebekahs and we greatly appreciate the beautiful floral offerings.

CARD OF THANKS.
I. E. WARD AND SON, MR. AND MRS. O. P. WARD, MR. AND MRS. E. HOLTZ.

We wish to thank our friends and neighbors for kindness and sympathy during illness and death of Mrs. Grace Reed, also for the beautiful floral offerings.

MRS. THOS. TEBOUT, CHARLES REED.

Scouts and says that there is two feet of snow where he is.

W. S. S.
We are much disappointed to find that Lake County is practically at the bottom of the list in the per capita amount of money invested in War Saving Stamps. Most of the Indiana counties have from \$15 to \$20 per person. Our average is only \$7.40. Scouts should get out at once and help raise this average. There is a golden opportunity for energetic salesmen. We are able to find but two or three men who belong to the "Limit Club." There should be not less than 75 in Hammond. A member of the limit club is a person who has bought the limit allowed by the government—\$1,000.

Do You Want to Work?
Any Scout wishing to earn some money after school should report to the office on Monday and Tuesday as soon as school is out. We have some light work which has been offered by a gentleman whose son is a Scout and who came to us because he feels that Scouts can be trusted to do as they are told.

No Hike Tomorrow.
By order of the Executive Committee there will be no hike for the Patrol leaders tomorrow.

RED CROSS WORK BADLY NEEDED

The following letter has been received from Division Headquarters in regard to changes in Red Cross work. "Instructions today received from Washington prescribe that the making of surgical dressings must be stopped immediately. Chapters are assured that there are in the Red Cross storehouses in America and France, ample supplies of surgical dressings to meet all contingencies that may arise.

All other forms of chapter production activity must be continued. Calls from Red Cross Commission in many parts of the world make known the unlimited need for civilian relief. The chapters, therefore, should finish at once, uncompleted orders of garments for refugees, so as to be prepared to take care of additional orders. Work on refugee garments at this time is all emergency work and should be stimulated to the utmost. The need for civilian relief for the winter is pressing and one garment now will be infinitely greater service in saving a life than many garments in three or four months from now. Surgical dressings workers should be urged to enlist in the work of garment making.

Further instructions will follow as the situation develops. The Surgical Dressings room will continue to be open, with the regular instructions for work in other lines.

BABY GIRL OBJECT OF COURT FIGHT

Shall Little Deborah, 15 Months Old, Be Returned to Her Mother?

The attorney's will finish their arguments today and it will be left to Judge Reiter in the Hammond superior court to decide whether Baby Deborah, aged 15 months, shall remain with her adopted parents or go back to the mother who bore her and her father, who is asking that she be returned.

Charles Reed, a truck farmer of Consoct, Michigan, is the father. According to the evidence the Reeds lived in Toledo and last Spring Mrs. Reed left her husband and returned to her home in LaPorte. She did not take the three children and Reed sent the baby to her in custody of his mother-in-law. The wife immediately gave the child to the Salvation army and the army found it a home with a Mrs. Worth. Her husband objecting to the adoption of the baby, Mrs. Worth gave it to Mr. and Mrs. Clifford Daugherty of Whiting, who have Deborah now. Daugherty is a foreman at the Standard Oil Company's plant and receives \$325 a month.

The home is a good one and the couple attached to the child. The baby's mother was married at the age of thirteen years and has had four children. Three children lived and the woman is now eighteen years of age.

Attorney Gavitt and Hall are appearing for the plaintiff and Fred Crumppacker and Roy Green for the defendant. The habeas corpus proceedings instituted by the father have occupied the attention of the court for three days.

DEATH CLEARS MYSTERY OF GIRL MISSING 6 YEARS

The story in the metropolitan papers of the solving of the mystery of the missing daughter of Richard Ricketts, formerly of Hammond, recalls the lurid publicity given the affair six years ago.

Ricketts, it was said, by a close relative today, is in a sanitarium. At the time Lillian, his daughter, disappeared, he had the police of the country searching for her.

It is reported from Detroit, Mich., that Lillian, upon leaving Hammond, assumed the name of Clara Butler and married Francis McAlvey of that city. She died of Spanish influenza in Detroit October 25. Her husband's statement to the press follows:

Lonesome for Mother.
"She was pitifully lonesome for her mother," he said. "She would get so homesick for her that she would often lie awake at night crying when she thought I was asleep. I used to urge her to write to her people. She would never do it, she said, because her father would find out and make trouble for the relatives who had befriended her."

When McAlvey telephoned to his dead wife's sister in Indianapolis last night, she said: "O, why didn't you tell us before? Mother has grown gray with sorrow."

McAlvey was told that his wife's pledge had been all in vain; that the father, long since separated from the rest of the family, had moved away and has been living in Knoxville, Tenn., where he is practicing medicine. He made the fortune he spent looking for the girl in the manufacture of medicines.

[BY UNITED PRESS.] WASHINGTON, Nov. 15.—Germany will ultimately have to pay for any food she obtains from the United States or the allies. FOUR GARY MEN COME TO GRIEF
Four Gary men came to grief in East Chicago yesterday when their car, through some unaccountable spirit of recklessness, got headstrong and ran full tilt into a west-bound freight train crossing Forsyth avenue. A bystander said that he couldn't understand why that automobile should behave as it did. It really seemed to have a stroke against that passive, slow-moving train wholly sedate, staying on its own tracks and minding its own business. Not satisfied with its first shock, the auto recoiled and jammed into the train again. Fortunately the men escaped injury. The automobile, however, got paid for its manners and is badly wrecked. In order to account for and explain in part the erratic action of the car the men were arrested and booked on the charge of being drunk. And in dry territory at that. Such inconsistency! Those arrested were: Dan Trukla, 2609 Fillmore street; Frank Pozzaj, 1524 Massachusetts avenue; Steve Windisch, 1533 Massachusetts avenue; Steve Rubin, 1524 Massachusetts avenue.

WHITING GIRLS ARE ROBBED
[SPECIAL TO THE TIMES.] WHITING, IND., Nov. 15.—The next time Lillian and Mildred Kaiding, 18 and 21, respectively, go to Chicago to shop the shopping is going to come first and pleasures, if any, later. They went in yesterday to buy Mildred a pair of shoes, but met two young men and permitted them to join in the tour. When they entered a shoe store and made their purchase Lillian asked one of the young men to give her her purse, which he had been holding. He did and "beat it." Lillian found \$9 missing. The other young man wasn't quick enough. He gave his name to the police as Milton Kohn, 21 years old
