SPECIAL TO THE TIMES
SEARCH WARRANT FINDS TWO STILL
 WEITZEL, Ind., Jan. 2.—The home of Joseph Wawozyniak at 523 Chicago street was searched by the Whiting police officers Wagner, Saltzman and Wawozyniak charged with violation of the liquor law on a warrant sworn out against him by Nathaniel Saltzman. In the search considerable liquor and two stills were found. Wawozyniak was released on a \$1,000 bail furnished by Mrs. Blackick, his trial to come up on January 4.

MAYOR CALLAHAN ASKS FOR CO-OPERATION

A practical man in Mayor Frank Callahan. He has no dreams of an Elysium, no glowing visions of a community relieved entirely of poverty and kindred ills. His aim is to gradually improve these conditions with the assistance of the people. The new mayor in his address told the people that he deeply felt the responsibility bestowed upon him as the mayor of East Chicago, and asked that the citizens of the city co-operate with him in making East Chicago a city proud to live in.

JUDGE TWYMAN RECEIVES OVA-TION FROM BAR ASSN.

Judge Allen P. Twyman, predicting a huge success for the new administration, asked that the people not be too severe with their criticisms and be sure before saying harsh things that the city officials are in the wrong. Judge Twyman cautioned for the good of the city that criticizing should be constructive instead of destructive. The new judge gave his audience to understand that he would follow the law in his judicial work regardless of the outcome of friendship. Following the taking of oath of office, Judge Twyman spoke before the East Chicago Bar Association.

JUDGE CRITES BEHIND NEW AD-MINISTRATION.

Judge M. E. Crites, of the Lake County Superior Court, in his address before the new officials talked very candidly. As to the possible outcome and success of the new administration, Judge Crites did not make any prediction. He said that only so far as the men composing the new city government were representatives of high and unquestionable character could the new administration hope for success. Judge Crites said that he was back of Mayor Frank Callahan and the new administration, and that it is the duty of every citizen to get behind this city government and assist in every way possible to make it a success.

Cards One Thousand Years Old.

The statement, often repeated and apparently very generally believed, that passing cards were invented and first used to distract the melancholy Charles VI of France is not correct. There is a pack in the British museum known to be more than 1,000 years old and there were undoubtedly Japanese and Chinese cards in the twelfth century.

Glands of Young Animals Said to Restore Youth.

Scientists of international prominence declare that the glands of young animals have remarkable pow-ers for renewing vitality, toning up the nervous system and strengthening the vital forces. Users claim they feel and look years younger. Many report-ing that improvement has taken place in two or three days' time. Wells Drug & Stationery Co. or any first class druggist is now in a position to sup-ply you with this latest science dis-covery under a guarantee of satisfac-tion or no charge. Thousands of re-buffed men and women are now tak-ing glandine to increase their vitality. If you wish to try it without risk, go to your druggist today and ask him for a supply of glandine.

NOTE—Glandine is composed of the pure gland substance of various vi-tal glands taken from healthy young ani-mals, combined with other well known remedies used by leading members of the medical profession in their daily prac-tice. It is prepared in one of the world's largest and best equipped phar-maceutical laboratories and may be taken safely by any one. There is no harm-ful or habit forming drugs in glandine.

GARY SEES INAUG-URAL CEREMONY

(Continued from Page One)

Hodges closed his address by present-ing the key of the city to the new mayor, assuring his successor that his advice and help were at his service whenever required. As a token of the esteem of the Gary police department, a basket of flowers were presented to ex-mayor Hodges by Mrs. J. A. Pat-terson.

OTHER OFFICIALS SWORN IN.

Judge Wm. M. Dunn was the next blushing recipient of a bouquet of flowers. After expressing his thanks, he administered the oath of office to Mrs. Beale Ross, clerk of the city court, who in turn, swore in Judge Dunn, City Treasurer John Lane and the members of the city council.

The attention of all was focussed on R. O. Johnson as he arose to take the oath of office administered by Judge Grenwald. As the solemn words were spoken by the chairman, the dropping of a pin could be heard in the great audience. Silence reigned for several moments and was finally

broken by an outburst of prolonged applause in welcome and greeting to Gary's new mayor.

MANY PERSONAL OFFERINGS.

As Mayor John proceeded to make his opening remarks, he was pre-sented with many baskets and bou-quets of beautiful flowers by Dr. Vic-toria Barnes, who stated that, as the mayor's friends were too numerous to be able to personally shake his hand, they sent him the flowers as an ex-pression of their loyalty and good will. Frances Kennedy-Johnson, the well-known actress, then presented Mayor Johnson with an immense horseshoe of roses, with the statement that the flowers represented the senti-ment of Miller, where she and her husband have resided since perma-nently a large tract of land along Lake Michigan several years ago.

"Once in awhile there is a happy day, When the sun shines and the birds sing in May. Once in awhile a dream comes true, For once in awhile there are friends like you."

were the words Mayor Johnson used in expressing his gratitude to the donors of the flowers.

MAYOR JOHNSON'S ADDRESS.

The main theme of the mayor's ad-dress was the obligation and the duty of every citizen in a municipality to do his or her share in assisting and supporting the chief executive in ad-ministering the affairs of that munic-iplity. "I was elected upon a plat-form of principles which was signed by all of the gentlemen that took the oath of office and this lady," the mayor said, "and if those principles were good enough to vote for and elect these officers, they are good enough to live under for the next four years, and these are the principles we are going to carry out. I am going to appoint a committee of fifteen citizens, so that I shall be closed to the citizens of Gary and know what they want."

Mayor Johnson stated that he was not ready to announce the names of the members of the committee of fifteen, inasmuch as he was awaiting the out-come of the election of officers of the various organizations and societies throughout the city.

The mayor pointed out that before election it was stated that, if he were

elected, the city would be turned over to vice, and in contradition to that contention, he quoted paragraph 3 of his platform.

TO CLEAN UP CITY

"I want to serve notice on you now that, when your friends in Chicago, East Chicago, or any other place ask you about the city of Gary—what are you going to do—you can tell them I said we are going to run Gary, and, if this wasn't a wholesome place to live prior to Jan. 1, 1922, then it isn't a very healthy place to live now. Gary is just in the making of a great city," the Mayor said, "and I believe it is only a matter of a few short years when Gary will be one of the greatest cities in the state of Indiana, and Calu-met District will be the greatest dis-trict in the United States."

The Mayor advocated immediate ac-tion on the Burns Ditch and stated that he was for the annexation of Ho-bart township. "And the Tenth Ward," he said "we are going to take care of you."

MIGHT PASS CURFEW LAW

"Having served you for four years before, I know that the Mayor has a great many things to contend with. They will call you about their boys and girls," the Mayor stated. "They think that the Mayor of the City of Gary should take care of their boys and their girls. Whenever you find that a boy or a girl is going wrong, you want to just look around and see where the parents of these children are. I think it would be a pretty good idea to ask these councilmen to pass a curfew law, so that we know where these girls and boys are. You see girls on the street, 12 and 14 years old at late hours. I think I will get some police-women, some large enough to handle them who will put them across their knees and spank them. And their clothes won't need much ad-

justing, because they are short enough now."

Mayor Johnson then remarked that it gave him great pleasure to notice so many ministers and fathers in the audience. "I just thought how nice it would be to have the ministers and fathers take care of their parishes and congregations and I will take care of the rest. In this way we will be able to separate the sheep from the lambs."

MOONSHINE TO GO

Moonshine was rapped by Mayor Johnson in unequivocal terms. "I think today," he said, "that one of the greatest questions that I have to con-tend with in the city of Gary at the present time will be 'white mule.' There is no question but what there is 'some' kick. But I want you to understand this—that the man or the woman who is going to play with white mule, is going to jail, and you are not going to take me with you. I am not going to stand behind the man in the city of Gary who will make moonshine and sell it in the sunlight. I would just as soon have a man come to me with

a bottle of poison as with a bottle of moonshine. It is the same thing. The man that comes in with moonshine, can go to jail. That is what you elected me for. Why don't you get a gun and go out and kill them outright, in-stead of doing it a little at a time. Don't be like the Irishman who cut off his dog's tail piece by piece, think-ing it would not hurt him so much."

"You can begin right now and tell some of your friends who have been misled and think that they are going to make some easy money that it is not going to be so easy. I want each and every one of you to help make Gary a bigger and greater city."

TO ENFORCE 18th AMENDMENT
 "The Eighteenth Amendment may not be so popular," the Mayor went on, "but you must remember that the ma-jority rules, and, when the majority speaks, I am just a good enough Amer-ican to be for it. The Eighteenth Amendment is there, and, as long as it is there, we are going to force that law. Citizens of Gary, let us work as soon have a man come to me with and help each other. It will be my

pleasure to serve you, the people of the City of Gary, to the very best of my ability for the next four years."

The conclusion of Mayor Johnson's speech was marked by enthusiastic applause, which lasted for a period of ten minutes. At the request of Mr. Snyder, the audience then arose and sang "America" and Father DeVillie closed the proceedings with prayer.

WHY YOU NEED IRON

To make you strong and "brainy" and put the power into your blood to overcome dis-ease germs

The food you eat contains carbon. When your food is digested it is ab-sorbed from the intestines into the blood. When the carbon in your food comes in contact with the oxygen car-ried by the iron in your blood, the car-bon and oxygen unite and by so doing they give off tremendous energy, there-by giving you great force, strength and endurance. Without iron your blood carries no oxygen and without oxygen there is nothing to unite with the car-bon in your food, so that what you eat does you no good—you do not get any strength from it—it is like putting coal into a stove without a fire. You can-not get any heat unless the coal unites with the fire.

The strongest weapon with which to prevent and overcome colds, pneumonia, kidney trouble, rheumatism, nervous prostration, in fact almost any disease or disease germs is plenty of blood rich, pure blood strength, energy and en-durance and the greater energy carried in the body is organic iron, not metal. He iron which people usually take, but organic iron like the iron contained in what is known as organic Nuxated Iron which may be had from almost any druggist. Nuxated Iron often increases the strength, energy and endurance of weak, nervous, run-down folks in two weeks' time.

It has been used and highly recom-mended by former United States Sen-ators, Members of Congress, Judges of U. S. Courts, many physicians and prominent men.

Over 4,000,000 people are now using it annually. Satisfactory results are guar-anteed or the manufacturers will re-fund your money. Sold by all drug-gists in tablet form only—adv.
