

# HARDING FAVORS EX-NEWSPAPERMAN FOR CHINA POST

Thurston L. Porter.

President Warren G. Harding has nominated Thomas L. Porter for a diplomatic post in China. Porter came to Washington from Buffalo. He served in France with the office of the auditor of the war department and was on the editorial staff of the Detroit news at one time.

# SPIRIT GUESTS AT BANQUET

INTERNATIONAL NEWS SERVICE  
LOS ANGELES, March 23.—For the first time on record scores of persons in Los Angeles today made final preparations to attend a banquet at which the guest of honor will, they declare, be "a spirit from Astraland." While twelve chosen friends of the late Dr. James M. Peebles, internationally known spiritualist and reformer who died recently in Los Angeles, secretly scatter the ashes of the deceased in a rose garden in accordance with his wish. Scores of others will gather at a downtown cafe, where, it is claimed, Dr. Peebles in spirit will attend the "Peebles Centennial Jubilee Banquet" given in honor of his hundredth birthday. That Dr. Peebles will attend the banquet is asserted by Dr. Guy Rogar, executive secretary of the Longer Life League, an earthly friend of the deceased and one who claims to have had communication with the spirit of the noted man after the death of the latter. "Dr. Peebles died with his mind well made up as to how he would communicate with those he left behind him and the sending of his message to be read in his presence tomorrow evening at the Longer Life League dinner," declared Dr. Rogar today.

# Having Nothing to Do, Golf Dopers are Trying to Figure Scores of Season

CHICAGO, March 24.—Golf statisticians are already trying to figure what score will be returned by the winner of the national open championship when the title now held by James Barnes, of New York, is contested at Skokie Club, Chicago, July 14-16. The course has a par of 70, which has been beaten only twice, Phil Gaudin, the home professional, having made a record of 68 for the links, while Abe Mitchell, using all the aid, scored a 69. George Duncan made the difficult links in 72, which was about his average for all his play on various American courses last summer.

The record score for the event is 165, made by Chick Evans in 1916, at Minikahda Club, Minneapolis, and Chicago experts are unanimous in the opinion that this will not be equalled at Skokie. Many of them predict that no golfer has more than a large odds chance of breaking under 290.

The course has been revamped in recent years to require not only skill with club play, but real headwork in placing shots both from the tee and through the green. But if the course is humanly possible in fewer than 290 strokes for 72 holes, it likely will be made to submit at the championship, for all of Great Britain's best, as well as the most expert in America and even the trick shooter from the antipodes, will be there to conquer in the fewest swings of the club possible.

Flamingoes, the beautiful birds which breed in the Bahama islands, are in danger of becoming extinct.
