6TH WARD VOTERS

A Statement From Charles S. Neal,
 Who is a Candidate For Council-
 man From the Ward.

Voters of the Sixth Ward.

I have been able to see personally a large number of the voters of the ward, but, for the benefit of those I have not seen, I wish to say that I respectfully solicit their support. I have been in council two years, or rather will have been when my term expires, and I desire to be returned for another term of two years. I feel that my two years' experience will make it possible for me to be of increased usefulness to the ward and city. I feel that, if my term of two years has been at all satisfactory, I should be renominated in harmony with the Republican party's policy in this city and county of renominating men elected to office for two years. The record I have made in council is open and above board and my position on all matters of importance that have been before the body are well known. I am serving on the B. P. I. and the claims, printing, crematory and public buildings and grounds committees. I have stood for what I believed to be for the best interests of the city, and have no apologies to make. I would only ask that voters give a fair consideration to the subject before casting their ballots. I believe if they do so they will see no reason for turning

me down on a two years' term. I desire to say further that I am deeply grateful for the most kindly expression that has been given me by the voters I have approached. The cordial approval given of my career in council thus far is quite gratifying to me. The necessity I am under of earning a livelihood by doing a good sized day's work has not made it possible for me to hunt down every voter, but I will be none the less grateful for his support.

Very truly yours,

CHAS. S. NEAL.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by A. G. Luken & Co., and W. H. Sudhoff, fifth and Main.

SNUFF TAKING BABIES—

A GEORGIA GROWTH.

(Clifton Johnson in Feb. Outing.)
 At the house we found a woman standing in the doorway, smoking her pipe; and beside her was a rosy-cheeked little grand-daughter, not yet three years of age, with snuff-dip in her mouth. I had seen plenty of women with snuffsticks protruding from their lips, not only when they were about their homes, but when walking on the roads and riding on the trains. I had not yet, however, previously encountered so pouthful a snuff-taker. There were tears in her eyes. She had just been punished for tipping over the snuffbox.

"I reckon that chile use ten cents of snuff a week, with what she dip an' waste, too," said the woman. "Tobacco do cost. The person what don't use hit at all had ought to get rich. Ellen, Ellen!" she called, "come and take care of this baby"; and the little one's mother came out on the porch, and sat down with the child in her lap.

"This baby was always polly until las' winter," Ellen explained, "an' the doctor say she couldn't live, so we let her have what she want. Hit seem like she crave for tobacco, an' she learn to dip snuff an' she learn to chew. 'Most all the women an' girls hyar use snuff. The boys an' men dip some, but generally they jus' chew an' smoke. The boys learn to chew when they air little, an' they keep on chewin' till they air settled married men. 'Then they begin to smoke a pipe. The girls learn to dip snuff when they go to school, though hit ain't allowed if they master know hit. But the smaller girls think they got to do like the big girls, and there's lots o' snuff-dippin' at recess an' noontime, when the teacher don't see hit. I don't remember how ole I was when I begun to use tobacco, but I remember hit made me sick. Paw let us get a chew from his box whenever we want hit. I don't chew none now, and I have try to give up my snuff, but hit seem to be like usin' opium, or drinkin' spirits—yo can't stop."

CONGRESSMAN LIVINGSTON

Says Pe-ru-na is a Splendid Catarrhal Tonic.

COLONEL L. I. LIVINGSTON.

Colonel L. I. Livingston, Member of the Industrial Commission and the leading Democratic member of the Committee on Appropriations in the House of Representatives, whose home is at Atlanta, Ga., writes:

"I take pleasure in joining with General Wheeler, Congressman Brewer and others in recommending Peruna as an excellent tonic and a catarrh cure."—Col. L. I. Livingston.

Catarrh Cured.

All phases of catarrh, acute or chronic, are promptly and permanently cured. It is through its operation upon the nervous system that Peruna has attained such a world-wide reputation as a sure and reliable remedy for all phases of catarrh wherever located.

Mr. Jas. O. Morin, 1179 Ontario street, Montreal, Canada, writes:

"Peruna is certainly a great catarrh remedy. It cured me of catarrh of the head and I gladly indorse it. Canadians are peculiarly afflicted with this disease and for years the doctors have tried to overcome it with elixirs, powders and pills, but Peruna has solved the question and since the medicine has been established here hundreds of people have been cured of catarrh."—Jas. O. Morin.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.
