## NORTH END OF THE CITY

ONE OF THE BEST PORTIONS OF THE CITY OF RICHMOND.

GOOD CLASS OF PEOPLE

Business Houses as Good as Found Anywhere—New Residences, etc.

The northern portion of Richmond is fast becoming a splendid place to live. New houses are being erected, the streets are kept in excellent condition, lawns are clean and tidy, homes are being repaired and painted, and as a rule the residents are orderly and progressive. Some years ago this part of the city had a rather savory reputation, and it took long years to live down the name it had acquired, but it has done so and done it well and most substantially.

As good business houses can be found in this portion of the city as elsewhere. Groceries, the very best, and several of them. There is room for a good drug store in the northeastern part of the city. One of our best schools is located on Fourteenth and north G streets. There are also two churches. Several good building lots can be had at reasonable terms, and it is more than likely several will be sold for building purposes before long.

There are a few old landmarks that ought to be removed and then the locality will be O K in every way. It won't be many moons until this locality will be much sought after.

### REAL ROMANCE.

Marriage and Death of an Aged Couple at Whitewater.

Two deaths occurred in Whitewater, Indiana, recently, that reveal a romance in the lives of both. Samuel Wright died about a week ago and Wednesday of this week Mrs. Wright passed away. In their youth the twain were lovers and were to have been married. Some estrangement or other came between them and the wedding was put off. Both married, the wife of Mr. Wright dying about ten years ago, after a wedded life of more than forty years. The husband of Mrs. Wright died six years ago. Though both were considerably past seventy years the old love flame was rekindled and they were married. No happier couple ever lived in Franklin township, the people of Whitewater say. Ten days ago the husband was stricken ill and died after two days' suffering. The widow was prostrated as a result of the separation, and Wednesday she passed away.

## HIGH SCHOOL COMMENCEMENT

A LARGE CLASS OF THIRTY FOUR STUDENTS GRADUATED THIS MORNING—FIRST TIME THAT THE FEB. TERM COMMENCEMENT HAS BEEN ABOLISHED.

### Orations Were Especially Fine

Miss Florence Shute Was Valedictorian, and Miss Lela Jordan Was Salutatorian—Misses Jordan, Deardorff, Huber, Knollenberg, Thompson and Messrs. Schaefer and Reller Were the Honored Pupils

The annual commencement of the Richmond high school occurred this morning in the high school hall, at 9 o'clock.

The hall was decorated with the class colors and those of high school and semi-circle of graduates in white and black, forming a very pretty picture. The stage of the chapel was effectively draped and decorated for the occasion, a notable one in the lives of the graduates.

The Class a Large One.

The class is composed of thirty-two students and is one of the largest that have been graduated in several years. The class has set a high mark in many fields—athletics, scholarship, forensics, etc., and with it will go several of the able leaders of the school in these many fields. Several of the athletic teams have been largely composed of members of the class of 1904, and with the going out of the class many of the fine athletes of the school go with it. A noteworthy point to be brought out is that the large size of the class is accounted for somewhat by the fact that this is the first year the spring term and summer term graduates have "commenced" together, the abolishing of the February commencement first occurring this year. The class is therefore two classes combined into one.

Program.

The program, which began sharply at nine, was begun by an overture, "Maid and Minstrel," by the Richmond High School Orchestra, which was well rendered and brought forth much applause.

Rev. C. O. Shirey, of the Second Presbyterian church, made the invocation, a touching one.

The orchestra then rendered "Psy-

che," by Harry Pabst, in its best style, which was very good.

Salutatory.

Miss Lela Jordan offered the salutatory, subject "Triumphs of Oratory." Miss Jordan's oration was a crowning effort and was worthy of a great scholar. The race between her and Miss Shute, the valedictorian, was very close and she has made a name as a hard student and brilliant scholar. She handled her subject in a masterly manner and her efforts were well received. In her address she spoke of the victories achieved by oratory and of its triumphs.

Colin Schaefer.

Colin Christian Schaefer's subject, "William of Orange," presents a wide field for thought and work and Mr. Schaefer showed how carefully he had covered his field. His effort was a masterpiece of eulogism and biography. The life, works and the results of the works of the Great Dutchman were all well set forth.

Neva Deardorff.

Neva Deardorff, one of the youngest scholars in the class, spoke on "The Effects of the Norman Conquest." The various phases of the English institutions at the time of the conquest were told of and the impression they received from the influx of Norman ideas, customs and manners was well explained.

Piano Solo.

Miss Jessie Beeler rendered a piano solo, "Praeludium and Tocata," by Lachner, in her usual pleasing and able manner and received a long applause. Miss Beeler's playing is artistic and with feeling and she is an accomplished pianist.

Naomi Huber.

Naomi Regina Huber chose for the

### INDIANA'S SHARE.

The Republican State committee has received from National Committeeman Harry S. New the announcement that Indiana has been allotted 130 tickets to the Chicago convention. Each of the thirty members of the delegation will get one ticket, to be given to whom ever the delegate may see fit. The alternates will receive no tickets, aside from their own cards of admission. The state at large has been allowed 100 tickets, to be distributed on recommendation of the state chairman and district committeemen. There is a good deal of complaint among members of the delegation because they were not favored with more tickets. The democratic delegates to St. Louis get three tickets each and the alternates one.

## FOUR TOWNS SEIZED BY JAPS

WITH A LOSS OF SIXTY-FIVE—RUSSIANS DISLODGED AFTER HARD FIGHTING

PT. ARTHUR SQUADRON WILL LEAVE THE PORT

And Engage Japanese if Port Falls—Japs Captured Saimhii—Loss Thirty-Three.

(By Associated Press.)

Fusan, June 10.—The first Japanese army for two days past has been doing important work reconnoitering toward Liao Yang, Hai Chang, Saimatza and Sin Yen. They have dislodged the Russians and occupied all these towns after sharp fighting. The Japanese casualties amounted to sixty-five killed and wounded.

St. Petersburg, June 10.—There is reason to believe that the plans for the departure of the Port Arthur squadron, if Port Arthur falls, have been captured. They will go out and engage Japanese and if possible effect a junction with the Vladivostok squadron and go to that port. The squadron is useless for the defense of Port Arthur.

Tokio, June 10.—The Japanese occupied Saimhii. The Japanese have three killed and thirty wounded. The Russians have twenty-three killed. Japanese also occupied Siurien where losses were heavier. Five thousand Russians were driven out of Siurien with a loss of seventy.

(By Associated Press.)

St. Petersburg, June 10.—Every possible means of preventing the Japanese attack on St. Petersburg is being taken, remote as such possibility seems. Approaches to Cronstadt are being mined. All fortifications are strengthened and equipped with guns of the latest patterns.

## EXCURSION

To St. Louis From Pittsburg.

The first excursion of the Pennsylvania Lines proper passed through here this morning about five o'clock en route to the fair. The party took breakfast at Indianapolis. There were sixteen coaches only fairly well filled in the excursion and the excursionists showed that they longed for that "dear Pittsburg," by the fagged expressions. As one man said, "Coach excursions may be all right and cheap but home is a trifle easier at least. I think perhaps I got in about twominutes of sleep the whole night long and that was when I fell unconscious from weariness."

## ELKS' INITIATION LAST NIGHT

A VERY SUCCESSFUL AND ENJOYABLE AFFAIR.

NINE PERSONS INITIATED

Large Attendance and a General Good Time—Banquet After Initiation.

Last night the Elks' Lodge room was the scene of a very enjoyable affair. It was the night set apart for the initiation of a class of nine candidates. The work was put on by the degree staff of the Elks and was one of the most successful initiations ever put on. The Palladium representatives interviewed several of the men who were initiated and they were all of the opinion—"they got their money's worth." After the initiation, the members served a nice repast in the hall which was greatly enjoyed. Music was furnished by the members and the evening was voted a success in every way. Following were the candidates:

John Hoerner.  
Marion Stanley.  
M. C. Kelley.  
C. F. Dunn.  
Arnold Klein.  
John E. Collins.  
Scott Markley.
