Wholesale and Retail Jewelers, 704 Main St.

NEWSPAPER INTERESTS IN COMBINATION.

A recent invention has revolutionized the art of making printing inks, and a substantial reduction in the cost of manufacture has given The Standard Ink Works such a strategical advantage over their competitors in the ink trade that the editors and publishers who control and largely own the business have decided to invite the financial co-operation of the general public in an immediate enlargement of the working plant.

The purpose of corporation is to secure to American newspapers the absolute control of their ink supply independently of any industrial combination or other outside influence, and, at the same time, to make money for its stockholders through the sale of printing inks to publishers and printers in all parts of the civilized world.

The corporation owns and operates, in New York City, a printing ink factory having a capacity of 10,000 pounds of printing ink a day. The factory is equipped with the latest and most highly improved machinery for the manufacture of all grades of printing inks.

The corporation owns and operates, outside of New York, a modern and fully equipped factory for the preparation of the materials from which printing inks are made. This factory represents an outlay of between \$50,000 and \$100,000 in cash. It has a capacity at present of \$100,000 pounds a day.

It is the intention of the corporation to bring the capacity of its New York City factory up to the full capacity of the works.

By reason of the recent improvement in the quality of the materials and the reduction in the cost of the manufacture, the corporation is able to offer to investors this plain business proposition: It can manufacture better printing inks at a lower cost than any other maker of inks in existence. It can sell good inks for less than it costs other concerns to make poor ink, and still earn generous dividends on its outstanding investment. The profits of manufacture, under the new and more favorable conditions, will range from 100 per cent to 300 per cent.

The corporation has no debt, no preferred stock, no bonds. All stock is common stock, full-paid and non-assessable.

Only stock actually issued counts as capital. Dividends are paid only on issued stock.

The active management of the business is in the hands of practical and experienced men, all except two of whom have had many years' experience as editors and publishers. The Executive Board of Directors is made up as follows:

Major General Oliver Otis Howard, U. S. Army (retired), Burlington, Vermont; Robert Hunt Lyman, 53-63 Park Row, New York City; Henry W. B. Howard, Polytechnic Institute, Brooklyn, N. Y.; B. Peele Willett, 142 Fifth Avenue, New York City; Hiram C. Haydn, 173 Bellflower Avenue, Cleveland, Ohio, Edward B. Smith, 156 Fifth Avenue, New York City; William Willard Howard, 17 Broadway, New York City.

For the purpose of extending its business by the construction in New York City of a larger factory for the manufacture on an extensive scale of all grades and colors of printing inks, the parent corporation now offers for sale a limited allotment of its capital stock at the low price of fifty cents a share (par value, \$1.00 full paid and non-assessable).

When this sale is closed (which may be at any time without notice), the price of stock will be advanced to \$1.00 a share.

Subscriptions to this allotment of stock should be sent to Mr. William Willard Howard, Treasurer, 17 Broadway, New York City.

Circulars describing the enterprise in detail will be sent free to any address on application.

Mr. and Mrs. J. B. Kahle returned to their home at Columbus, Ohio, yesterday, after a short visit with friends in this city. ** *

Don't do without polo news. If the boy happens to miss you please phone 21, and we will appreciate it. ** *

Mrs. Sue Clark and Miss Emma Rust have returned from Indianapolis, where they were the guests of relatives and friends for the past few days. ** *

Do you want a good little farm with many advantages. Call on J. E. Moore, over 6 north seventh St. 20-tf. ** *

Miss Louise Woerner, who has been the guest of local friends for a few days, returned home to Eaton, Ohio, yesterday. ** *

W. S. Kaufman has returned from a business trip to New Castle. ** *

Gas Fitting Done by William Waking guaranteed. Phone 506. 23-eod-7t. ** *

The Misses Zella and Louise Shepherd, of Cincinnati, are visiting Mary E. Dickinson, 229 North Seventh street. ** *

Rev. Stephen S. Myrick has resigned his charge at West Elkton, O. and goes to Baltimore to take up work there. ** *

Dwyer Matched With Leonard.

Atlanta, Ga., Dec. 29.—One of the most interesting wrestling matches ever held in this city will take place tonight at the Grand Opera house when Charles Leonard of Newark, N. J., will meet Prof. M. J. Dwyer, of this city. The men will fight catch-as-catch can. Leonard is one of the best men in middleweight circles and the old wrestling partner of Roerber, who was practically the wrestling champion of America for several years. Prof. Dwyer is at present engaged as boxing and wrestling instructor of the Atlantic Athletic Club. The men will weigh below 170 pounds. The winner will get 75 per cent of the gate receipts while the loser corals 25 per cent.

Eckman Released.

Yesterday morning Osear Poe, who was accused of cutting Tell Eckman at a dance on last Saturday evening, was released by Mayor Zimmerman pending further investigation of the trouble. Poe claimed that he had nothing whatever to do with the trouble. Eckman was not badly cut and is not suffering from his wound. The police will conduct a further investigation and endeavor to find out who did do the cutting.
