AYER'S

FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague,

Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Billious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused, by the Malaria of miasmatic countries. No one remedy is louder called for by the

no harm can arise from its use in any quan-That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of Fever and Agus from the system and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for It is hoped this price will place it within the other ever discovered for the speedy and certain cure of Intermittents is, that it contairs

had the disease. ever suffer from Intermittents, if they avail themselves of the protection this remedy af-

Ayer's Cathartic Pills, field; J. A. Sullivan, Fairview; D. Thorn- are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanso, and invigorate every portion of the human organville; E. F. Halliday, Maxsville, and by properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costineness, Hearthurn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appe tite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions. They are an excellent alterative for the renovation of the blood and the restorstion of tone and strength to the system debilitated

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publiely known, who have been restored from alarming and even desperate diseases of the lungs b, its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to
