DEMAND MADE FOR WATERWAY

SPEAKERS AT TODAY'S SESSION
OF ASSOCIATION UNANIMOUS
FOR CANAL.

Chicago, Oct. 14.—A demand for immediate action looking toward the construction of a deep waterway from the lakes to the gulf was urged by speakers at Friday's session of waterways association. Unanimous approval of a plan to urge deeper channels from the lakes to Cairo than originally had been planned also was expressed. Gov. Erberhard of Minnesota said:

"The construction of the lakes to the gulf waterway involves not only digging the channel not less than eighteen feet deep and wide enough to accommodate the increasing traffic, but also the equipping of docks, wharves, warehouses, boats and loading and unloading facilities.

"That the total expense of equipment will be something more than the estimates conceded, but even if it should be fifty per cent greater and total more than \$300,000,000 it ought to be a sound financial investment."

Rev. Andrew Gray of Pekin, Ill., described the proposed waterway as the greatest proposition engaging the attention of the American people. He was applauded when he said it took a Roosevelt to start the Panama canal and asked what big man would win fame and honor by starting the lakes to the gulf waterway.

WESLEYAN STUDENTS IN CAPS AND GOWNS

Mt. Pleasant, Oct. 14.—Wrappers and hats, the seniors of Iowa Wesleyan lost much of their dignity in looking for their missing garments following their initial appearance of the year at the chapel services in caps and gowns. Hats, caps, topcoats and jackets, had been laid aside in putting on the senior robes and could not be found after the morning assembly. After a search the missing garments and top pieces were found on the fourth floor of "Old Main," the senior dignity returning with the recovery of the garments. Juniors are suspected.

UNION COUNTY IS PROSPEROUS

ONLY INSTRUMENTS FILED WITH
COUNTY RECORDER WERE
MORTGAGE RELEASES.

Creston, Oct. 14.—An inspection of the record books of County Recorder Clara Braunberger will prove that the hard times that the calamity howlers are claiming are now being felt in this country are not a fact, so far as Creston and Union county are concerned, and no doubt what is true here is true in the balance of the state and perhaps throughout the entire nation.

During the past week or two, nearly all the instruments filed for record have been releases of mortgages on farm and city property, clearly proving that the laborer, the farmer and the business man are doing pretty well and are able to lay up a little to pay off the encumbrance which they had placed over their little home, farm, or business.

Wednesday, and Thursday the only instruments filed for record were releases, three being filed each day, and the aggregate amount of money for which the mortgages had been given and for which the releases placed on file were given was \$7,980. If the record should be kept up for a month of twenty-six working days, the amount released would be \$103,740. The number of time past has been almost as great as has been the number filed in the last couple of days, and there can be no question about the prosperity of the people of Creston and Union county.

THE MECUMS PLEAD GUILTY.

Men Who Figured in Anamosa Prison Delivery Will be Sentenced in Canada Courts.

Anamosa, Oct. 14.—The Mecums have pleaded guilty to seven charges against the housebreaking and similar crimes in the Canadian courts. Warden Barr is in receipt of a letter from there which states they have not yet been sentenced, but have been remanded for trial before the assizes on two charges for attempted murder.

It is judged from this letter that the Mecums will be sentenced for the minor charges in the police courts and will be held for the other charges in a higher court. Their trial on the murder charges is expected to commence soon, and it is anticipated that they will be given a dose of Canadian justice that will keep them in prison for many years.

DEATH AGAIN ENTERS RANKS OF HIGH COURT

Associate Justice John M. Harlan, One of the Pioneers of the Bench, Dies Suddenly of Bronchitis.

TERM OF SERVICE
WAS NEAR RECORD

Had Justice Harlan Lived Until Next June He Would Have Served Longer Than Any of His Predecessors.

Washington, D. C., Oct. 14.—Associate Justice John M. Harlan, the oldest member of the supreme court of the United States, for years conspicuous in Kentucky politics, once candidate for the republican nomination for vice president of the United States, a foremost constitutional authority, and prominent in the councils of the Presbyterian church, died at his home in this city today. He was 78 years old last June.

Justice Harlan has been ill with bronchitis less than a week. He sat on the bench last Monday when the court heard arguments of the so-called anthracite coal trust cases.

The following day Chief Justice White announced that Justice Harlan was slightly ill and yesterday he asked the attorneys to consider that Justice Harlan was sitting in their cases, although not physically present.

Justice Harlan, however, was in much more serious condition than his colleagues in the court realized. Despite his advanced age, he was robust and ordinarily enjoyed the best of health. He was rarely absent from the bench, an attack of influenza a few years ago being almost the only illness from which he had suffered for a long period.

Death of Colleague Shock.

The sudden death of Associate Justice Brewer of the supreme court, who was not only a colleague on the bench, but a personal friend, very much affected Justice Harlan.

Chief Justice Fuller's death in the summer of 1910 was also a great shock to the venerable jurist.

Justice Harlan continued to perform his share of the work of the court. His great ambition was to serve until next June, when he would have exceeded the service of any other member who sat on the bench. As it was his service was longer than that of any other associate justice except Justice Marshall and Associate Justice Stephen Field. Justice Field's was the longest service—thirty-four years, six months and ten days; Marshall's, thirty-four years, five months and five days; Justice Harlan's, thirty-three years, ten months and twenty-five days.

His service did exceed that of Justice Story, who was on the bench thirty-three years, nine months and twenty-two days. These are the only justices who have served their country on the bench for more than a generation.

First Taken Sick Monday.

It was while sitting on the bench Monday that Justice Harlan first felt the attack of bronchitis. He asked then for such simple remedies as were at hand in the office of the marshal of the court, but he remained at his post. By Tuesday considerable fever was manifest. On Wednesday he was markedly weaker, and his condition grew worse, although it was not understood at the supreme court that his condition was at all alarming. Yesterday he seemed a little better. His son, John M. Harlan, of Chicago, a lawyer, was summoned here, however, and another son, Dr. Richard C. Harlan, traveling in Europe, was notified. Last night he grew worse and death came at 8:13 o'clock this morning.

Taft Shocked at Death.

San Francisco, Cal., Oct. 14.—President Taft was at breakfast at his hotel here this morning when informed by the Associated Press of Justice Harlan's death. The president was greatly shocked by the news and expressed much sorrow. President Taft had known Justice Harlan for many years and held him in the highest regard, both as man and jurist.

Disease Drives Hog Crazy.

Keokuk, Oct. 14.—A peculiar disease that is reported to drive hogs crazy and then topple them over dead is raging among the swine in the vicinity of LaGrange, Mo., twenty-five miles south of Keokuk. Several of the farmers are heavy losers already, and the ravages show no signs of decreasing. Just what the disease is, is not known, although it is supposed to be cholera, which is epidemic in other portions of Missouri. Vaccinations, which are supposed to render a hog immune from this disease, however, are apparently of little avail in this case, the veterinary surgeon saying only about half of the hogs vaccinated are rendered immune from the disease.

Albert Carter Wyman Dead.

Burlington, Oct. 14.—Albert Carter Wyman died last evening at his home 813 Fifth street, at the age of 63 years.

Mr. Wyman was born February 21, 1848, in Lancaster, Mass.; came to Burlington in May, 1866, and was married to Miss Orril A. Stewart on December 29, 1869, in Burlington. He was connected with the Wyman & Rand Co. for many years. He was a man of few words, of an unusually kindly nature and a lover of his home.

GIANTS WIN THE FIRST GAME OF WORLD'S SERIES

Remarkable Pitching Duel Between Mathewson and the Indian, Bender, Results in Win for Nationals.

CROWD IN LINE
ALL THE MORNING

Some Camped Out All Night in Order to be in Line for Tickets; Scalpers Sell Counterfeit Cards.

New York, Oct. 14.—The Giants penant winners of the National league defeated the Philadelphia American league club by a score of two to one in an evenly contested game at the Polo grounds today.

About 40,000 people saw the opening contest of the world's series. Which was a pitching duel between Christy Mathewson and the Indian Chief Bender. The Athletics scored their only run on a sacrifice hit and a passed ball and a sharp single by Davis which brought Baker home. A base on balls for Snodgrass followed by an infield out and an error by Collins sent the first giant across the plate in the fourth inning. The second run came in the seventh inning when Devore drove Meyers home with a double. The Giants played errorless ball. Bender struck out eleven men while Mathewson fanned five Athletics.

It was announced at the park that Bender and Thomas was the battery for the Athletics and Mathewson and Meyers for the Giants.

Umpire Kinnel umpiring behind the bat, Dineen on bases, while Brennan went to right field and Connolly to left field.

SEYMOUR ITALIANS

HONORED COLUMBUS

Seymour, Oct. 14.—The people of Seymour, and especially the Italians, celebrated Columbus day in a fitting manner. The fine Italian band awoke many of the citizens by playing some fine music at 6 a. m., marching around the principal streets and then going to Big Jim mine where they gave a concert. The noon trains were met by the band and large delegations came from neighboring towns. At 1:30 a parade, headed by the mayor, city council, and other city officials marched through the streets. In line besides the city officials was the band, a ship, the Sault Saint Marie, manned by a crew of sailors, the Capt. Joe Pole, at the helm and Christopher Columbus on deck. It was a fine representation. About 300 men, the Italian fraternity lodge in regalia, and others, brought up the rear. After the parade a program was given at Llewellyn hall. The speakers of the day was Pietro Vetorel. A dance concluded the program of the day.

WON'T FORGET IOWA

Harvey Spilman Likes Dakota But Must Have the News From Ottumwa.

Harvey Spilman, a former Ottumwan, writes of the Dakota country and states that he must have the news from this section and finds the Courier necessary as will be seen from the following:

Enclosed please find draft for \$15.00 and give me credit for stationery. I can't do without the Ottumwa Courier and when looking for good reliable news we read the Courier.

We are located in the Fox Ridge country, one mile from Redelm, on the Chicago, Milwaukee & St. Paul railroad, one mile from school. Have Sunday school and preaching every Sunday. We have close neighbors and like it here real well, most of the people in this region are well satisfied.

The few who are leaving are single men and speculators. We had an old settlers' picnic in the grove near Redelm last month and judging from the picnic dinner one would have to look outside the Fox Ridge country to find Dakota suffers. This country was organized last April. The town of Dupree (which is the county seat and is situated ten miles east of us) was incorporated about six weeks ago. We have twenty-five schools in the country. There has been considerable fall wheat sown in this part of the country. I have seen some very nice alfalfa here on old cattle ranches. I don't wonder the cattle men are loath to give up this country. With best wishes to the Ottumwa Courier and the people of Ottumwa and Wapello county.

I am yours very respectfully,

H. M. Spilman,

Redelm, S. D.

To Vote on Bond Issues.

Wapello, Oct. 14.—A special election for the voters of the independent school district at Wapello next Monday afternoon for the purpose of voting on a proposition for the issuing of not to exceed \$7,000 in bonds, the proceeds of which are to be lumped with the \$12,000 authorized at the annual meeting of the voters of the district for the purpose of erecting a new school house. Another proposition, providing for issuing \$2,000 in bonds for the erection of an outside heating plant for the school houses of the district, will also be presented to the voters.

WALSH PAROLED AFTER SERVING TWENTY MONTHS

Order Received This Morning at Fort Leavenworth Discharging Former Chicago Banker From Prison.

PLANS TO RETURN
TO HIS HOME TODAY

Petition For Parole Was Presented By Walsh After President Had Turned Down Application.

Ft. Leavenworth, Kas., Oct. 14.—An order from Washington paroling John R. Walsh, the former Chicago banker and railway president, was received at the federal prison here this morning. The prisoner at once began preparations for the start home.

Mr. Walsh up to the time of his parole, had served one year, eight months and twenty-six days of his five years' sentence.

The order of parole arrived from Washington this morning. When told that he was to be released, the aged prisoner plainly showed his pleasure.

Later, it was announced the aged former banker's son would arrive from Chicago during the day and that the start for home probably would be made late this afternoon.

Mr. Walsh went before the parole board here on September 26 last, and presented his petition for release.

The board at the same session heard the petitions of a dozen other former bankers, besides those of fifty prisoners serving sentences for various crimes.

Walsh Cheerful in Prison.

President Ladow and the other members of the board made their own conclusions in the cases a few days later. On Sept. 30 Mr. Ladow went east to submit his report to Mr. Wickersham. He would divulge none of the board's proceedings except to say that the recommendation of Walsh was exactly the same as that accorded to the others.

Walsh went back to work at his desk in the newspaper clipping bureau, and stated that Walsh had improved in spirits from the time he knew definitely that he was going to have an opportunity to present his petition. This spirit he maintained till his release today.

Despite his age, he performed his prison duties to the last in a cheerful mood.

The last obstacle to the granting of the parole was removed in August, when the United States district attorney at Chicago requested that the remaining indictments against the aged banker be dismissed.

Walsh's son, Richard Walsh, was expected to arrive at the prison before noon. He left Chicago on the Santa Fe railroad last night.

Prisoner is Told News.

When the prisoner was notified that a parole had been granted he was overwhelmed. He had been anxiously awaiting the arrival of a favorable reply. He confidently expected that it would arrive by Thursday at the latest. When it failed to arrive yesterday noon a few hours after he had expected it, he passively gave up all hope.

I fear the finding has not been favorable," he said, and seemed greatly depressed.

The order to parole was received by telegraph from Attorney General Wickersham. Walsh was at once summoned to Warden McClaughery's office and told of the favorable finding. He was overjoyed, and although he said little, the smile that wreathed his face told plainly of his great happiness.

No arrangement had been made to provide clothing for the paroled man. It is thought that his son is bringing it. In case he fails to do this, the former banker probably will leave here wearing a regulation suit of prison clothing as is customary in all cases of prisoners quitting the institution.

Family Joyful Over News.

Chicago, Oct. 14.—Relatives of John R. Walsh here were almost overcome at the first news of the banker's parole. They had received so many previous reports from unreliable sources that when the news came, they were unprepared to believe it.

The banker's son, Richard Walsh, for whose arrival, it was said the former banker would wait, was out of reach in one of the suburbs. At his home, the news was received joyously and immediate steps taken to find him and deliver the news. It was said he would leave for Leavenworth as soon as he could be found.

At the banker's home, where he is awaited by his wife, the news was received with equal joy.

Chronology of Walsh Case.

Dec. 16, 1905.—The Chicago National bank, of which Walsh was president, closed.

Jan. 3, 1907.—A special federal grand jury began to investigate Walsh's connection with the failure of the bank.

March 15, 1907.—Federal Judge Anderson sustained a demurrer filed by the defense as to twenty-two counts of the indictment, but overruled the demurrer as to the remaining 160 counts.

The wonder of baking powders—Calumet. Wonderful in its raising powers—its uniformity, its never failing results, its purity.

Wonderful in its economy. It costs less than the high-price trust brands, but it is worth as much. It costs a trifle more than the cheap and big can kinds—it is worth more. But proves its real economy in the baking.

March 13, 1908.—New trial denied.
