Aldrich went to La Junta on Wednesday to see what could be done about furnishing water to the farmers of Prowers county. They found that the water had been cut off from the canal by a break near the headgate. This had always been a weak spot, and has now been remedied in a substantial and permanent manner, and no more trouble is anticipated from that source. Messrs. Henry and Aldrich are directing the work personally this week and promise a good supply for Prowers county farmers hereafter as the stage of the river will permit. DIED—at the residence of T. E. Dwyer on Riverside farm, Sunday, May 22, 1892, of consumption, Wallace Devaney aged 27 years. He was on his way from Neosho, Kansas, to Trinidad where he had a brother with whom he hoped to spend many happy days, hoping the climate of Colorado would make him strong again; but alas for human hopes, they proved a sad disappointment, and he died among strangers. His brother Emmett was sent for and reached his dying brother some hours before the vital spark had fled. He was a member of the Christian church for 5 years. He and his wife were converted by Brother Harris. He was not as one dying without hope; he died trusting in the Lord. He leaves a dear wife and three children, an aged father, three brothers and three sisters to mourn his loss. Father, brothers, sisters, it is our loss but Heaven's gain.
 EMMETT DEVANEY.

Lamar's Birthday.
 Lamar was six years old last Tuesday, and the citizens manifested their joy at its progress by celebrating the day.

The day was opened by booming of canons, and streamers and bunting waved from the business houses.

At eleven o'clock a parade was formed, headed by Grant Lynch's drum corps, and marched from Kansas avenue to the Lamar Milling and Elevator company's mill site, where the corner stone of the large structure was laid, with appropriate ceremonies, by Mayor Vanorsdale. Secretary Herbert, of the board of trade, read a very complete and well written historical sketch of the town and county, that was deposited with copies of the LAMAR REGISTER and LAMAR SPARKS and other interesting matter, and sealed up for the use and instruction of future generations.

The special features of the evening were the anniversary ball, and the festival by the W. R. C. ladies. The large ball room was crowded by happy dancers, who only stopped in their whirl of fun, to congratulate themselves on Lamar's progress and assured splendid future.

The W. R. C. festival was well patronized and the ladies were more than pleased with their success.

Everybody was happy and is greatly pleased with the day. As the *Pueblo Chieftain* said, in its article regarding "A six year old kid; that sturdy little city of Lamar." "It is pleasant to see the people of the Arkansas valley prosper, and not only that, but we like to see them let everybody know they are prospering, by means of such celebrations.

Deputy Road Commissioner W. W. Jones has been doing some important and much needed work on the county road leading from the bridge north. This road which was nearly impassable in bad weather is now a good one.

News has reached this burg that Lorenzo Jones, formerly of Granada but now of Unionville, Missouri, ratified the nomination of Major Warner for Governor by becoming the high-stepping father of a bouncing boy baby. This was a very proper thing to do under the circumstances, and we congratulate our old friend on this renewed evidence of republican zeal.

A special election was held in Granada on Tuesday to fill the vacancies in municipal offices occasioned by removals from the city and other causes. The following now constitute our city dads: M. F. Dickinson, mayor, W. W. Jones, W. A. Swift, J. C. Merrill, J. D. McCready, W. H. Hale and L. C. Graden. The new board organized on Wednesday and elected Frank Lee as treasurer.
