Office over Mrs. Thompson's boarding house Minnesota Ave.

Are Chiropractic Adjustments the same as Osteopath Treatments?
No. The Chiropractic and the Osteopath both aim to put in place that which is out of place, to right that which is wrong; but the Pathology Diagnosis, Prognosis and Movements are entirely different. One of my patients, Mr. W. A. Casler, has taken both Chiropractic and Osteopath treatments. The Chiropractic is ten times more direct in the adjustments and the results getting health ten times more thorough in one tenth of the time than an Osteopath would.

HALL'S VEGETABLE SICILIAN Hair Renewer
Is it true you want to look old? Then keep your gray hair. If not, then use Hall's Hair Renewer, and have all the dark, rich color of early life restored to your hair.

PIONEER PUBLISHING CO.

SUBSCRIPTION \$5 PER YEAR

The Annual Jaunt.

THE Northwestern editors of Minnesota will take their outing at Winnipeg, Manitoba this year, taking advantage of the fact that Winnipeg is about to hold its big fair and exposition. The trip will be taken over the new Soo line to Winnipeg and there will be stops at Alexandria and Detroit with three days at Winnipeg.

These annual trips taken by the editors of the state are widely educative. As a result of this one Minnesota summer resorts will be most liberally advertised and the service which the So readers will be very little for the advertising it will get. The editors will do Winnipeg justice, also, but Minnesota editors are intensely loyal and when they return to their homes and take up the quill once more their foremost thought will be to set forth the notable advantages which they have observed in their own state. The state editorial excursion will be held later in the year and will probably be to some southern point.

The Hay Crop.

NORTH central Minnesota is greatly interested in the hay crop. It produces thousands of tons each year and it consumes tens of thousands. When we consider that the excessive rains of the spring and summer and the flooding of the low lands all along the Mississippi and its tributary streams we shall realize that the damage done will cost this country a great deal of money before another season. The July flood along the Mississippi, it is claimed, will make it impossible to harvest the hay crop in a large percentage of the meadows. Good first crops have already been taken in some localities but the second crop threatens to be far below the average. It is claimed with show of reason that the comparative scarcity of hay throughout this section will materially affect the price of all dairy products the coming winter and higher prices are confidently looked for.

Why Not Everybody?

THE teachers in the public schools of the United States think that if Mr. Carnegie can give ten millions to the college professors he ought to provide, also, a pension for their old age.

And this leads to the inquiry, why should not everybody be pensioned? Does not the world owe everybody a living and should it not ensure everybody a comfortable living when old age is reached and man and woman are no longer able to win their bread by the sweat of the brow? Probably we shall be a good deal nearer the millennium than we are now when that day dawns but it is a noble ideal for those who give their best efforts for economic reform to have in mind.

When the day arrives there will be no Carnegies, no Rockefellers.

IT IS NO longer any use to declare that John Phipps is John D. Rockefeller's father. "And

even if I am John Rockefeller's father, I don't want any of his money. I've got enough of my own," declares Mr. Phipps. Nobody ever heard of a Rockefeller who had enough money.

EIGHT saloons have been forced into bankruptcy in Minneapolis within four months—and Carrie Nation hundreds of miles away.

THE butchers have united to fight the meat trust. Here's hoping they can make a killing.

BITS FROM THE NORTH COUNTRY

Hibbing 16, Ashland 5.

Civic league in full flower at Excelsior.

The Hibbing Club is a swell, swell thing.

Barnesville is 5 to 1 for \$40,000 waterworks.

Tomorrow night is the time for every parent to come to the aid of the schools.

Parker's Prairie negotiates a loan of \$16,000 for the benefit of its boys and girls.

Dominion Day beat the Fourth out about twenty four hours but the latter made the most noise.

Not a single north country newspaper got scooped on the Fourth of July rain storm story!

There are as many championship ball teams in Minnesota as there are Smiths in the United States.

If the Great Northern ever builds to Roseau or the Crookston league team wins a game, there will be hope for the Koochiching dam.

The Warroad Plaindealer and the Owatonna Journal want to give preference in education to the boy. The Plaindealer and the Journal are too modest. Years and years ago in India they used to throw the girls into the Ganges.

Brother Boen in his Fergus Falls Globe devotes a column of editorial to the circus. He thinks it is a good thing but that socialism would reduce the exorbitant price of reserved seat tickets from fifty cents to twenty five.

Barnesville Record Review.

On the front page of its current issue the Moorhead Citizen has quite a virulent article describing the disappearance of P. August Ecklund, the erstwhile secretary of the Clay County Land Co., and on the local page the Citizen editors tell us that "the Clay County Land Company has just received another fine lot of advertising matter that is the best ever." No one will dispute this last assertion.
