#### Program

TONIGHT

Banquet at the Markham Hotel to the visiting sheriffs and citizens of Bemidji at 9:30 o'clock.

TOMORROW

Tomorrow, the visitors will be given every opportunity to enjoy an outing on Lake Bemidji and her tributaries and a dinner will be served in the open air on a camping ground at the head of Lake Bemidji, near Rocky Point.

The big gasoline boat, the "North Star," has been chartered for all day Thursday and will be used to take the visitors about the lake to various points of interest; and there will also be several launches and a dozen rowboats.

The "North Star" will leave the dock for the day's outing at 9 a. m. Thursday.

#### Has Fine Raspberries.

Among those who are marketing berries this season, there are probably none who have had finer specimens of raspberries and strawberries than T. J. Andrews.

Mr. Andrews owns a five-acre tract on Irving avenue, where he has some fine strawberry plants and raspberry bushes. He picked and marketed nearly 1,000 quarts of fine strawberries and expects to handle about 1,000 quarts of raspberries before the season closes.

This is but another demonstration of the productive qualities of Beltrami county soil.

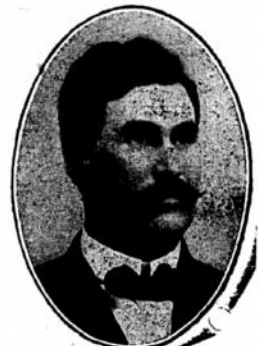

Additional local matter will be found on fourth page.

LOUIS GONYEA,  
Sheriff Polk County.

Of the eighty-four sheriffs of the various counties of Minnesota who are now holding office, more than half of the number have arrived in Bemidji for the purpose of attending the semi-annual meeting of the State Association of Sheriffs and also to participate in the second outing of the organization.

Many of the gentlemen who are in the city came from a considerable distance, being attracted by the fame of Bemidji as a summer resort,

and the number exceeded the expectations of Sheriff Bailey of this city, who was instrumental in securing the meeting for Bemidji.

Sheriff Gonyees of Polk county and Sheriff P. A. Peterson of Norman county came from Crookston and Ada respectively, as an advance guard.

When the M. & I. train pulled in from the south at 6 in the evening five more of the sheriffs got off, and on the arrival of the G. N. train at 8, Sheriff Dreger of Minneapolis, the president of the State Association, stepped off the train, heading a delegation of twenty-five enthusiastic visitors.

The visiting officials were soon housed and those who had not par-

stated that there had never been more than forty of the state sheriffs at any previous semi-annual meeting, but he believed, from letters which had been written him that the Bemidji meeting would hold the record for attendance, predicting that at least fifty of the eighty-four sheriffs of the state would be present.

After taking a refreshing night's sleep after their long rides, the visitors awoke this morning feeling

made toward developing this part of the north country, which is too often referred to by south-state residents as the wilderness.

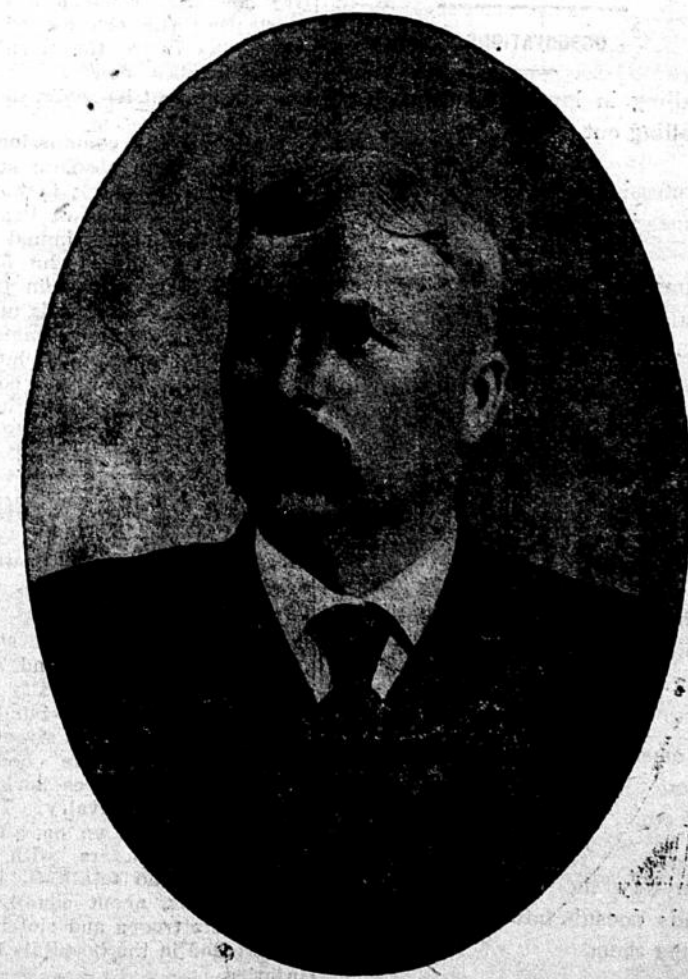

Sheriff Bailey and his sons, T. W. and John N., and Deputy Sheriff Arne Solberg were exceedingly attentive to the visitors, and did all in their power to make the stay here today an enjoyable one.

This afternoon, the business session of the State Association was held.

Judge Marshall A. Spooner delivered the address of welcome.
