SUGGESTIVE THERAPEUTICS

A System of Drugless Healing

Dr. Lawrence M. Isgrigg is a Graduate of the Weltmer Institute of Suggestive Therapeutics and an Experienced Practitioner, always ready and glad to meet all who wish to consult him about this method of healing which heals all chronic diseases without medicine or surgery even after all other methods have failed. Dr. Isgrigg has had remarkable success and is highly recommended by the people of Bemidji who have treated with him. No matter what your condition may be there is hope for you. It will cost you nothing to call on Dr. Isgrigg, talk with him about your condition and have him explain his methods of practice. All the diseases mentioned below may be cured by Suggestive Therapeutics, and the diseases printed in heavy type are especially amenable. All cures are permanent—no case is made worse. Write for free booklet explaining what Suggestive Therapeutics is and how it restores health and the principles upon which the Science is based.

Ball Bearings give minimum operating effort

Think of everything that is modern and useful in typewriter construction—then add twenty to thirty per cent. for increased efficiency due to ball bearings—that's

The L. C. Smith & Bros. Typewriter

It's compact, complete, easy to operate, durable and proof against inexperience and carelessness. Ball Bearings permit closer adjustments without binding than any other form of bearing. Expressed in human effort, this means that the operator can do more work—better work, with the least physical and mental strain.
