KIDNEYS AND **BLADDER BOTHER**

Take a glass of Salts to flush out your Kidneys and neutralize irri-

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again,

here is difficulty in avoiding it. Bladder weakness, most folks call it, ecause they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome Get about four ounces of Jad Salts from your pharmacist and take a table-spoonful in a glass of water before breakfast, continue this for two or three lays. This will neutralize the acids in the urine so it no longer is a source of rritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and s used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splen-

did for kidneys and causes no bad Here you have a pleasant, effervescent ithis water drink, which quickly relieves
