

**Spooner News:** A herd of sixteen caribou are reported around Pine Island south of the Rapid river. One large buck was also seen on the road of Ditch No. 20 about two miles south of Rapid River last Thursday. While there are several herds of these animals on the Canadian side, in the easy river district, but very difficult to approach, not many are seen on the state's side. The season is closed on them for several years and it is hoped that they will not be molested, but allowed to increase as they are otherwise likely to be exterminated like the buffalo of old.

The Cossentines are relatives in Nymore ward, Mrs. Abbott and Miss Doran are staying at the home of Mrs. Abbott's mother, Mrs. Lucy Hazen. They will remain in the city until Wednesday.

**IMPLY? WELL, DON'T BE**

Notice It. Drive Them C with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets. There's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do the work which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a "bill," "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.
