A GOOD FRIEND

A good friend stands by you when in need. Bemidji people tell how Doan's Kidney Pills have stood the test. Mrs. Joe Blondo of 202 Minnesota Ave. endorsed Doan's four years ago and again confirms the story. Could you ask for more convincing testimony?

"My back ached so I couldn't rest at night," says Mrs. Blondo. "It was hard for me to turn over or shift my position when lying down. My kidneys were also disordered. Knowing the good results one of my people had obtained from Doan's Kidney Pills, I tried them. They soon removed the aching and strengthened my kidneys. I was all right and have felt well ever since." (Statement given January 27, 1914.)

On November 1, 1917, Mrs. Blondo said: "I am glad to say no disorder of the kidneys has troubled me since Doan's Kidney Pills cured me in 1914. Today I cheerfully repeat my former endorsement." Wm. C. Doan, Mfgs., Buffalo, N. Y.

War's End Brings Wave of Crime to Seattle

Seattle, Wash.—The end of the war is bringing a wave of crime throughout the country, especially in this city, according to Chief of Police Joel Warren of Seattle. He says gunmen and hundreds of other criminals who have been working in the shipyards and other essential war industries to avoid going to war are leaving their work for the easier life.

The chief says the recent outbreak of crime here has verified his prediction made months ago that the end of the war would be followed by many infractions of the laws.

EMULATES HORATIUS OF OLD

Chaplain Holds the Bridge as Bravely as Did the Roman Captain.

Cleveland, O.—"Horatius at the Bridge" had nothing on Rev. James M. Hanley of Cleveland, chaplain of a regiment in France. According to stories drifting back from the front, the chaplain was wounded while holding a bridge the Huns sought to take. As it is related here by friends of the former priest, a captain and a few soldiers were detailed to hold the bridge against heavy odds. The captain said it couldn't be done without more men. "Why, I can hold that bridge with a club," Hanley is said to have declared. "Then do it," the captain answered as he hurried off for reinforcements. The soldiers, inspired by the action of the chaplain, rallied around him and held the contested bridge until the captain returned with more men and made the bridge safe.

IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidney or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes anyone so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women. Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by parcel post. You can purchase medium and large size bottles at all drug stores.

Lessen the Danger of Influenza

You can't tell when a cold will turn into influenza. But all doctors agree that colds are a forerunner of influenza and if the bowels are kept open the danger is vastly less.

Here is the reason. If food-waste is allowed to lie in the system, it ferments and fills the blood with dangerous poisons which the kidneys, lungs and skin pores struggle to throw off. If cold attacks then, there is nothing to stop it. Even medicines lose their full effectiveness because of the overwork demanded.

Colds can Easily Turn Into Influenza and Pneumonia.

The first question your doctor will ask is, "How are your bowels?" He knows the vital importance of a thorough laxative, one that will completely clean the system.

Get a bottle of SALINOS from your druggist. This is a thorax laxative which will completely empty the entire digestive tract, including the lower bowels, where most poisons are formed. SALINOS is really pleasant to take, pleasant in taste and in action.

SALINOS is not expensive, a bottle for a quarter at your druggists (larger sizes, Fifty cents and a Dollar).

Be safe! Get it today! Use it tomorrow morning.

WHAT OFTEN IS MEANT BY THE "OLD ENGLISH HOUSE"

(By United Press.) London, Dec. 14. (By Mail.)—Government housing was an issue in England centuries ago as it is now. Cottages built more than 400 years ago by the municipality at Theydon Garden, Essex, still stand, but are unoccupied. The cottages were built with bricks left over from the construction of a road. Many buildings in London now used as apartment houses are at least 400 years old.
