## A Day's Pay for a Day's Work

A. VanDuzer of Pennsylvania, president of the American Road Builders association, in its 28th annual session. He declared in his opening address that if to come under the Big Dome. the anual road expenditure were increased to \$7,000,-600,000 the entire unemployed population could be put to work at once. He said this sum is prohibitive "but is nothing compared with war-time expenditure." Moreover he said the result would be the finest transportation system the world has ever seen. ## A Catholic Priest As a Lawmaker

The Rev. Napoleon J. Gilbert, pastor of a Catholic church in a New Hampshire legislative district, was drafted and elected to a seat in the New Hampshire house of representatives. He was chosen by the voters despite his public protest and a refusal to take part in politics even to the extent of tendering a formal resignation. He failed to appear at the capital on the assembling of the legislature. He refuses to qualify. He was elected on the democratic ticket and so far as known in New England the only Catholic priest entitled by election to a place in a state legislative body. "De world do move," Brother Jasper.

And so far as New York reporters had been able to find out. Nita Leigh had done nothing to alter her status as a married woman during the past year. Moreover, if Nita had secured either a divorce or a legal separation, her maid, Ludia Carr, would certainly have known of it. And Lydia had vehemently protested more than once to Bonnie Dundee that she knew nothing of Nita's husband, although had worked for the musical comedy dancer for five years.
