

## MEMORIAL DAY.

Address by Gen. Thos. W. Carwile—  
Program of Exercises—Names of  
Various Committees.

Memorial day will be held this year in Newberry on Saturday. As stated the address will be by Gen. Thos. W. Carwile, of Edgefield. The ladies who take charge of these exercises will furnish the usual dinner to the veterans and also look after the decoration of the graves of confederates. They have appointed the committees for this purpose and these committees are given in this connection.

Opera house, Saturday, May 9, 1908.  
Prelude—Dixie.  
Daughters and sons to march in and stand until Veterans march in and are seated.  
Scripture—23rd Psalm.  
Music—"How Firm a Foundation."  
Prayer.  
Address—Gen. Thos. W. Carwile.  
Music—"Old Kentucky Home."  
Presentation of crosses of honor.  
Presentation of medals.  
Benediction.

The president urges that all decorations used by Chapter shall be evergreen wreaths tied with Confederate colors. The pupils of the city graded schools are requested to bring evergreen wreaths to the opera house, Saturday p. m. at 3.30 o'clock. The ladies of the town not members of the Chapter are urged to give all the flowers just this one day in each year to the "Heroes who wore the Gray."

## SENATOR TILLMAN WILL SAIL FOR EUROPE EARLY IN JULY.

Columbia, April 28.—Senator and Mrs. Tillman, accompanied by Dr. J. W. Babeok and Dr. J. J. Watson of Columbia, will sail for Europe on May 16th. Senator Tillman and Mrs. Tillman expect to remain abroad the entire summer, as absolute rest is deemed necessary for the restoration of the senator's health, but Drs. Watson and Babeok will be back by the middle of July.

The party will take passage on the White Star Line, leaving Boston on the morning of the 16th and going direct to Gibraltar, and thence to Italy, where Drs. Babeok and Watson will spend some time studying the disease called pellagra, concerning which Dr. Babeok with the assistance of Dr. Watson and others has made some interesting discoveries and observations that are sure to obtain wide notice in the medical world. While Dr. Babeok has been Senator Tillman's physician for years, he is going with him on this trip not as physician but as friend, and Dr. Watson goes in the same way, of course. The news from Atlanta, where Senator Tillman is in a sanatorium, is to the effect that his health is daily improving and he will soon be beyond the need of a physician, but he has urged his friends to accompany him abroad, and Gov. Ansel has joined in the request to Dr. Babeok to take a rest from his arduous work as superintendent and physician for the State Hospital for the Insane. As a matter of fact Dr. Babeok has had a hard time with the grip this winter and his friends insist that he needs a rest himself, as he is one of the most conscientious and constant workers in the State and one of the State's most valuable servants. It is the custom of Dr. Watson to take a European trip every summer, for recreation.

The announcement that Senator Tillman will go abroad brings to notice again the fact that he will take absolutely no part in politics this summer and that he will not make any lecturing tours at all. When the State Democratic convention is held, on May 20, he will likely be on the ocean, and by the time the national convention of the party is held, he will likely be enjoying complete rest and quiet in some part of rural England, as it is his intention to go to England after visiting Italy and to remain there probably until early fall. Senator Tillman has been a delegate to the last four national conventions, 1892, 1896, 1900 and 1904, and each time has been a more prominent figure, and he will undoubtedly be missed at Denver.

FORESTS OF KOREA TO BE PROTECTED.

Korea, the Hermit Kingdom, is waking up to the necessity of protecting its remaining forests and replanting denuded tracts on important watersheds. Japan is furnishing the inspiration and part of the money which will produce the change from the old order of things to the new. A school for training Korean foresters has already been put in operation.

The two governments draw up a cooperative agreement last spring and outlined a plan for the wise use of the forests in the Yalu and Tumen valleys and as a result a national forest policy for Korea has been developed. The new Korean forest laws are similar to those of Japan, according to United States Consul-General Sammons, of Seoul.

Although Korean forests have been exploited and neglected, and the country has suffered severely from drought, floods, and erosion, the denudation is less serious than in neighboring provinces of China. One

of the first measures to be taken up will be the preservation of such wooded tracts, as yet remain. In order to do this, the government has taken all forests under its care, whether they are publicly or privately owned. The owners will not be deprived of their property without compensation, but the government will regulate the cutting of timber, and in certain cases may prohibit all cutting on tracts which ought to remain timbered, "to prevent floods, drowths, landslides, and to preserve unimpaired the scenic attractiveness of places of public resort." All owners of timberland and all leaseholders are required to report to the government their holdings in order that the property may be listed and cared for. Failure to report within a year subjects the forest to forfeiture.

The forested area of Korea is about 2,500,000 acres which is only one-tenth of the land on which forests ought to be growing. Extensive timbered tracts remain in the Northern part of the country on the waters of the Yalu and Tumen rivers, and lumber operations are carried on in the mountain districts. But in the agricultural sections of the country wood is very scarce and the fuel problem is serious. Coal and other mines have been opened by Americans, and one of the most pressing needs is timber for use in and about the mines. In that country, as elsewhere, large quantities of timber are necessary in developing mining property, and it is noteworthy that a country as backward industrially as Korea can put into practice the principle that the only sure way of getting timber is to grow it.

## NEWBERRY UNION STATION.

Arrival and Departure of Passenger Trains—Effective 12.01 A. M. Sunday, April 26, 1908.

Southern Railway:  
No. 15 for Greenville . . . 8.57 a.m.  
No. 18 for Columbia . . . 1.40 p.m.

Cole, L. Blease,  
Assignee.

## HERE'S A SQUARE DEAL FOR YOU!

We have just taken up a new line of men's hose which are becoming famous throughout the whole country because of their marvelous wearing qualities. We have investigated this hosiery and know it has unusual merit, and so we are asking each person who has trouble with holes coming in the toes of his socks, to come and buy just one pair of half-hose made with the

**Interwoven**  
**TOE AND HEEL**  
REG. U.S. PAT. OFF.

This will cost you just 25c.

Then, after you have given them a thorough, fair test, if you don't say they are the best wearing socks you have ever worn, come again, bring the pair back and we'll refund your money.

If you think you might not like the looks of these new socks, come and see. You don't have to buy them. Just come and see them first.

**WHY DO WE MAKE THIS OFFER?** Because we know this is the greatest wearing hosiery ever made. We have tried them, and all to whom we have sold them say they are the best thing they ever saw. We know a single trial pair will convince the most particular person. Let us show YOU.
