VARIOUS AND ALL ABOUT.

Many little items crowded out to make room for the big events.

The Clinton baseball team will play the Mollohon ball team on Saturday at 4 o'clock on the Mollohon diamond.

Mr. Henry O. Long is announced as a candidate for the house of representatives.

"Our Association," toast at banquet Thursday evening at Chester in honor of the State Association Rural Letter Carriers. To be spoken by T. E. Wicker.

It will be to the interest of some boy to read the notice in this issue signed by President R. T. C. Hunter and Secretary J. B. O'Neill Holloway, of the Farmers' union.

Flinn, of Pennsylvania, was on Wednesday called down in the Republican National convention at Chicago, but Flynn in Newberry is not being called down selling goods cheap.

Dominick's withdrawal, or rather declination, leaves Epps unopposed for treasurer. Ditto as to Cannon and Rikard in the race for master. In the way of luck Epps and Rikard are next to Judge Schumpert.

It is useless to say the sermon was fine, as (we know) Brother J. E. Johnson never gives us a poor sermon.—Lumberton cor. Greenwood Index. Just so. Brother Johnson is from Newberry.

An interesting children's exercise will be given at the Lutheran Church of the Redeemer Sunday night, June 30. A full program of the exercises will be printed in the papers next week.

Rev. S. C. Morris will not be able to fill his appointments at New Hope and Mt. Pleasant on next Sunday on account of sickness. If strong enough will preach at these churches on the fifth Sunday.

Magistrate Wm. M. Dorroh of No. 6 township, made on Wednesday a trip to Whitmire in Mr. I. M. Smith's automobile, accompanied by Mr. Smith, and arrested Wash Pitts, colored, wanted by Smith for violation of contract. Magistrate Dorroh returning, passed through the city late in the afternoon in pursuit of another negro.

Mr. Amos Taylor, working on H. H. Rikard's farm four miles west of the city, while in the bottoms Tuesday was overcome by the excessive heat and suffered a sun-stroke. Dr. W. A. Dunn was called in and he and Mr. Rikard worked on Taylor from then on throughout the night as the case was desperate and required hard work. Taylor remains very ill.

The service at the Arcade from now on will be practically brand new, only from 10 to 20 days out of the factory. Getting a picture fresh, almost just as it is released from the factory, places Newberry in a high position in the circle, and the public will appreciate the favor. There is enjoyment in a new film and the Arcade is spinning the reels in good picture.

With the Republican National convention in session, the Democratic State campaign on, the investigating committee working, the Baltimore convention approaching and Tom Felder getting ready to pass through the State next Sunday, to say nothing of innumerable smaller events, national, State and local, there is news a plenty without crossing the ocean.

Same Dog.

Mr. Editor: Did you notice the Columbia State said, "Anything to beat Wilson." Wonder if the State knows that the same dog is biting the governor of South Carolina, and who is sickening him on.

GET IN THE PARADE.

Automobile Committee Invites Every Automobile Owner to Enter the Parade.

The automobile committee of the Chautauqua association has decided to ask every automobile owner to have his automobile in the parade, which is to be held on Thursday afternoon, June 27, during Chautauqua week. The committee has also decided to offer a handsome prize for the best decorated automobile in the parade.

It will be remembered that during last Chautauqua the parade was really the event of the week and attracted a great deal of attention. The committee is exhausting every effort this year to have the parade better than it was last year, and earnestly solicits the hearty co-operation of all the automobile owners, not only of the town, but of the entire county of Newberry. There are now more than one hundred automobiles in this county, and if they could all be induced to enter the parade, it would be a very attractive affair.

MILL'S COTTON SOLD BUT NOT BY THE MILL

Employee of Newberry Mill Charged With Selling 25 Bales—Agreement Said to Have Been Reached.

Newberry, June 19.—An incident of high finance came to light in Newberry today, when it was charged that an employee of the Newberry cotton mills had recently sold 25 bales of cotton belonging to the mills and banked the money to his own credit and had shipped 55 more for selling. The sale of the 25 bales, it is said, took place in the month of May.

The shipment of the 55 bales is said to have been to Columbia Monday directed to his own name and he went down last night. It was billed as bagging and ties as a blind presumably, but the railroad agent in Columbia thought there was some mistake or something otherwise wrong and telegraphed to the agent here asking an explanation. Then the agent here made inquiries of the Newberry mill authorities, and the facts came out.

A warrant was sworn out before Magistrate Sample, and when the shipper of the 55 bales got off the train this afternoon on his return from Columbia, where he had gone, it is charged, to look after the selling of the cotton he was arrested by a magistrate and the chief of police.

The mill authorities consented to drop the case provided the value of the stolen cotton was forthcoming, and this was effected by the employee giving them a check on the bank for the \$1,400 or \$1,500 that he is said to have sold the 25 for and turning over to them the bill of lading for the 55 bales shipped to Columbia yesterday, the mill thereby being saved from any material loss and the other party to the transaction was set at liberty.

The man, who was charged with making free with the mill's cotton, is J. Glenn Carroll, who has been in the employ of the mill for some time and had charge of the supply room. He is a young man and has a family. He is a handsome young man, and above the average in intelligence and would not have been expected to engage in any get-rich-quick scheme such as this is said to have been. Except for the fictitious billing of the cotton he might have been by this time the possessor of something over \$3,000 in cash. He is from Chester.—The State.

SCHOOL MEETING AT CHAPPELLS.

Prof. W. K. Tate to Lecture in School House Saturday Evening, June 29. Everybody Invited.

The patrons, trustees, and citizens of Chappells school district have been talking recently about putting up a new school building or remodeling the present building. County Superintendent Aull visited this school amongst the last in his official visitations and talked to the people about the matter, and he desires to give out the following statement:

"Chappells school district is one of the richest in assessed property outside of Newberry, Whitmire, and Prosperity, and they have maintained a good two teacher school in this district for some years, having a good enrollment of white children. There is now a wooden building used for school purposes with a hall in the second floor. This building is not as good a building as should be in this district though it is above the average of rural schools.

"The question of putting up a modern brick building with a view to increasing the facilities of the school, and as soon as the pupils are received to put in a high school in connection with the other school, has been agitated in the district. I am satisfied that with the taxable property in the district at present this could be done without a burden to any one taxpayer. Of course, this is a matter that must be determined by the people of this district, and in order that they might get all the information possible, I have secured the services of Prof. Tate to deliver his illustrated lecture at Chappells on Saturday night, June 29, at the school house. This lecture of Prof. Tate is very interesting and instructive and will amply repay any citizen the time it takes, and I trust father and mother and every other citizen who can possibly do so will be present at the school house at Chappells on Saturday night, June 29.

"Prof. Tate is a very busy man and very much interested in the development of the rural schools. He is very enthusiastic in his work and has the faculty of extending this enthusiasm to those who are so fortunate as to hear him. I hope that if there are any who are opposed to the betterment of the school facilities at Chappells that they especially will come out to hear Prof. Tate. There is no purpose in having this meeting to force the people of the district to do anything, but simply to give them the information and let them know the situation fully and frankly and leave it to their good judgment as to what is best to do.

"So far as I am personally concerned, I am persuaded that they could make no better investment, no investment that would pay a larger dividend than the small tax necessary to put up a modern building, making the school what it should be, the centre of their community; but as I have said, this is a matter that is left entirely with the people of the community. All I am asking now, is that everyone who can possibly do so will be present at the school house on Saturday evening at 8.30 o'clock, June 29."

Church of the Redeemer.

(Rev. Edw. Fulenwider, Pastor). Nothing preventing, the following program of divine services will be observed at the Lutheran Church of the Redeemer next Sunday:

11 a. m.—The regular morning service. The pastor will preach on the subject: "Honey on the Battlefield." Text, I Sam. 14:27: "But Jonathan heard not when his father charged the people with the oath; wherefore he put forth the end of the rod that was in his hand, and dipped it in an honeycomb, and put his hand to his mouth; and his eyes were enlightened."

The Philistines that were left in the land gave the Israelites no little trouble, and on many occasions even defeated them in battle. These defeats came when God was left out, and there was a lack of co-operation and encouragement among the people of God.

Every one has to fight the Philistines of sin that are drawn up in strong battle array at every turn in life. No one can successfully fight alone. We need God, we need the help he gives, we need the encouragement and help that we may give each other. The little honey of enthusiasm, kindness, and encouragement, given on the battlefield of life may open many eyes and strengthen many weak soldiers who are faint on account of the heat and dust of the battle.

Many practical thoughts for everyday life suggested by the text will be presented in the sermon.

5 p. m.—The Sunday school meets. All are requested to be present.

A cordial invitation to all services is extended the public.

MR. J. W. DENNING PROMOTED.

Promoted to Soliciting Agent for C. N. & L.—Will Retain Agency for Present.

Mr. J. W. Denning, who for the past nine years has been the successful and very popular agent at the C. N. & L. railroad here, has had his faithfulness and efficiency rewarded by promotion. Since Soliciting Agent Jno. F. Livingstone has been given the place of the late President Childs, Mr. Denning has been recognized as the successor to Mr. Livingstone in the office of soliciting agent. For the present, however, Mr. Denning will retain his position as depot agent, as his new work will only require his covering Prosperity, Newberry, Clinton and Laurens, which will take him altogether not more than three days each week away from the city, spending nights at home. All along the line will be pleased with this reward of merit and capability on the part of the railroad system, as Mr. Denning's popularity is not limited to the city of Newberry. Laurens likes him "almost" as well as we do.

Clemson College Agricultural Scholarship.

The Farmers' union in the county has been designated by the authorities of Clemson college to furnish a list of the names of three or more young farmers of the county eighteen years old and older who have done creditable work of an agricultural nature. From this list will be selected one young man who will be given the scholarship for the one-year agricultural course at the college. This course will be given October 1 and close June 1, and includes none of the usual academic branches such as mathematics, English, history, etc., but is confined to a study of the principles of crop production, horticulture, dairying, etc., agricultural arithmetic, and simple farm bookkeeping. Instead of the usual English branches a simple course in parliamentary practice and public speaking will be given, sufficient to enable the student to preside at a public meeting or to conduct a farmers' institute.

The scholarship is worth \$100 and free tuition. Applicants for the scholarship will stand examination at the county seat July 12, but the examination is different from the regular one and covers only the elementary branches.

In accordance with above instructions either of the undersigned will receive applications. The law requires that recommendations must reach Clemson college by July 1. The nearness of the date suggests that applications be filed promptly.

J. B. O'Neill Holloway, Secretary.
R. T. C. Hunter, President, Newberry, S. C.
Prosperity, S. C.

Woman's Auxiliary.

The Woman's Auxiliary, Newberry County Hospital association, will hold a meeting at the chamber of commerce on Friday afternoon at 5.30 o'clock. The members, who joined at the last meeting, and all other members are urged to be present as important business will be transacted.

Newberry Names.

A. R. Presbyterian, 19th.
Miss Jennie Mae Haddon, of Due West, will be quietly married this Tuesday afternoon at 5 o'clock to Mr. Atwood McIntosh, of New Zion, S. C. Rev. Jas. P. Pressly will perform the ceremony. At 6 o'clock they take the train for the home of the groom. Miss Haddon has taught most acceptably for three years at New Zion. She is a graduate of the Woman's College of Due West. The Presbyterian learns that Mr. McIntosh is a fine young business man. On account of the recent death of Mr. J. C. Haddon no cards have been issued.

Mr. and Mrs. G. B. Sondley, of Savannah, Ga., are the guests of Mrs. Jno. Haddon. They are here just now to attend the marriage of Miss Jennie Mae Haddon.

Rev. Geo. A. Wright.

Baptist Courier, 20th.

The friends of Brother Geo. A. Wright have been deeply grieved by the announcement of his sickness. He has been in Greenville for a few weeks visiting his daughter, Mrs. William Harrison, and on Sunday morning, May 26, while preparing for Sunday school experienced a trouble which proved to be the partial paralysis of his right side. He did not lose entirely the use of the affected limbs and has all along been able to see and talk with his friends. Every one who knows this good man loves him, and in this season of trial he is borne up by the tender sympathy of a host of true friends.

MR. OTTO KLETTNER RESIGNS.

Board Names Jos. L. Keitt for Unexpired Term—Mr. Klettner Was a Valuable Member.

At a meeting of the board of trustees of the Newberry graded schools held a few days ago, Mr. Otto Klettner, chairman of the board of trustees, tendered his resignation. The board was inclined not to accept it, but Mr. Klettner insisted that his other duties were such that he could not give the time to the board, which it demanded.

The board had a meeting on Thursday and elected Mr. Jos. L. Keitt to succeed Mr. Klettner. Mr. Klettner will be missed from the board. He was a very earnest, active and enthusiastic worker for the betterment of the schools of Newberry, and whatever he undertakes he does that with his whole heart and soul, and it is a misfortune that he felt that he could not continue.

Henry O. Long is hereby announced as a candidate for the House of Representatives, subject to the Democratic primary. Voters.
