VARIOUS AND ALL ABOUT.

The fighting is not all confined to Europe, as we have lately found out.

Dog days are from July 3 to August 11.

Work on the park is progressing finely. It is going to be a beautiful, restful place.

To keep a dog from going mad in August, kill him in July. So Mr. J. Mann says.

Baby Hazelle, in high class songs and dances, is the vaudeville attraction at the opera house this week.

Health Officer Jno. C. Adams is on his rounds of inspection. Let him find your premises clean.

Peaches are ever so much nicer when sent by a lady friend. These came from Helena.

There have been all sorts of affairs in Newberry this week. Has the dog days anything to do with it? If so, dog-gone the dog days.

It promises to be lively in the recorder's court today, with the fight cases on hand, particularly where those white women are involved.

The Rev. Edward S. Reeves, of Honea Path, will preach at the First Baptist church of Newberry on next Sunday morning.

Recorder Earhardt is having some interesting cases on hand these dog days, and the season is only a week old Saturday. "And the dog barked."

The second regiment of the National Guard passed through Newberry on Wednesday for the encampment in Greenville.

The large crowd that enjoyed "Mrs. Wiggs of the Cabbage Patch" will again have the pleasure of seeing Beatriz Michelena featured in "Mignon" next Tuesday at the opera house.

We don't know which is the prettiest of the flowers of Mr. Jno. B. Mayes at the rear of his book and variety store. They are all pretty, and among the prettiest is his beautiful hibiscus.

Crowds flock to the opera house now. We are all meeting each other there. Streams of popular entertainments by Wells with his fine feature films.

To can all the fruit and vegetables you can is good advice. Be certain to can all you can, or all you can can. If you can all you can, you can't can any more.

Mr. T. V. Polatty, who died at the Columbia hospital on Wednesday night resulting from injuries in a railroad accident at Royster on Wednesday morning, was well known and had friends in Newberry, where he once worked as section foreman for the C. & N. L. railroad.

For a few days Newberry ladies will have the opportunity of having their sewing machines thoroughly overhauled and readjusted by factory trained men of the Roberts company, celebrated sewing machine experts, now at the Savoy.

A very large crowd greeted "Wildfire" at the opera house and saw fine pictures. There will be another good

one next Tuesday. The World films are always good, and Helen Holmes alone is worth the price or more in her thrilling acts.

You don't know about potato bugs unless you visited Capt. M. M. Buford's Irish potato patch near the "new park." It is evident that Capt. Buford's potatoes are not of the bugless variety. You never saw the beat for bugs. Buford's bugs are (or were when we saw them) as thick as flies in a swarm all over the field.

Another curiosity in a peculiar growth is a tomato in the shape of a dog curled up. It is a pretty good imitation at the hand of nature. The head, eyes, nose, etc., with the round body like in a sleeping posture, look natural. Turned up it looks like the letter G. Mr. Geo. C. Hipp got it from his garden on Thursday morning.

RURAL CARRIERS' CONVENTION.

Gov. Manning, Senator Smith, Congressmen Ragsdale and Finley were present and addressed the carriers. F. H. Hyatt was there and spoke on roads and temperance, and E. J. Watson also addressed the convention on roads.

A resolution in favor of temperance was adopted. A resolution asking the national association to establish a national organ for the carriers was also adopted.

The next place of meeting was left to a committee of three to choose between Columbia and the Isle of Palms.

SUNDAY SCHOOL NORMAL

To Be Held at Newberry College July 19 to 23—The Program and Instructors.

The fourth annual Sunday school normal of the Lutheran churches of South Carolina will be held at Newberry college, Newberry, S. C., July 19-23, 1915.

The Normal will be opened with a reception on the college campus Monday evening, July 19, at 8:30. This will be a "get acquainted" and welcome service. Those expecting to attend the normal are requested to endeavor to reach Newberry on one of the afternoon trains on Monday in order to be present at this opening service. Main services will be conducted by Dr. John B. Setzler each morning in the college chapel at 8:30, which will be followed by a brief lecture by Rev. J. C. Wessinger. The work of the day will close at 2 p. m. The afternoons will be devoted to recreation or games.

The courses of study have been arranged with special reference to practical helpfulness to all Sunday school workers. The instructors are men and women of practical experience and recognized ability as teachers. All who attend this normal can not fail to receive valuable information and uplifting inspiration which will better fit them for Sunday school work. The normal will aim to help the teacher to teach, and all officers of the Sunday school to do their work in the most efficient way possible. Its purpose is to gather the Sunday school workers at Newberry college, some from every Sunday school in the State, and train them for better service. Of course no one will be embarrassed with quizzes and examinations at our normal, but every one who comes will naturally give the most earnest attention to the instruction given.

All persons attending the normal will be lodged in the college buildings free of charge. Those expecting to lodge in the buildings will bring with them a sheet, a pillow and a light cover. Board will be furnished at the college boarding hall at 75 cent per day. Text books, tablets, pencils, etc., may be obtained at the normal. The committee hopes and trusts that every Sunday school in the State will send at least the superintendent and several teachers.

The list of instructors and their respective departments follows: Mrs. M. O. J. Kreps, first primary department, studies in child life; Miss Emma Lou Schirmer, second primary department, primary methods; Rev. H. A. McCullough, the intermediate department or the "teen age"; Mrs. Herbert C. Bell, Bible study; Dr. C. A. Freed, Talks to Teachers. A new feature of the normal this year will be daily ministerial conferences which will be in charge of Dr. John C. Seegers. These conferences are sure to prove very helpful, and all our pastors are urged to take advantage of this opportunity to confer with each other and to have the advice of Dr. Seegers about the problems and difficulties of pastoral and ministerial work. Dr. E. C. Cronk will lecture on missions and conduct the music of the normal.

Tuesday evening, for the benefit of the normal, a sacred concert will be given in the Lutheran church, and on Wednesday evening Mrs. Bell will give an illustrated lecture in Holland hall on "The Land and the Book."

Any further information desired will be cheerfully given upon application to the secretary of the normal, Rev. E. W. Leslie, Prosperity, S. C.

Church of the Redeemer.

(Rev. Edward Fulenwider, Pastor.) Nothing preventing, the following will be the program of divine services at the Lutheran Church of the Redeemer next Sunday:

11:15 A. M.—The regular morning service. The pastor will preach on the subject, "The Fate of 603,550 Men—A Warning." Text, I Cor. 10:11, "Now all these things happened unto them for examples, and they are written for our admonition, upon whom the ends of the world have come."

If we are wise we profit largely by the experiences and examples of others. Here is something that happened in Old Testament times to which the New Testament calls special attention. God is, no doubt, constantly teaching us and warning by the things that have happened and are coming to pass. Blessed is the man whose eyes see. Many fine lessons are here for us of this age.

There will be good music. 10:15 A. M.—The regular Sunday school hour. Classes and teachers for all who attend. Come and study God's word.

The public is cordially invited to all services.

Barbecue.

We will give a first class Barbecue at the Newberry Hill, near B. M. Suber's, August 14. Come one and all and spend a pleasant day.

B. M. Suber.
O. A. Felker.

AN INTERESTING TRIAL IN RECORDER'S COURT

"Bill" Smith Found Not Guilty of Running His Automobile Without Muffler On.

There was a full house on Tuesday morning at Recorder Earhardt's court to witness the trial of Mr. "Bill" (everybody calls him by the popular name of Bill) Smith for running his automobile without the muffler on, which act he was charged with committing on Sunday night, July 4. At least he was accused of having driven his car up and down Main street on that night without sufficiently muffling the noise of the machine as produced by the exhaust, and as required by law. Mr. Smith is the active demonstrator at Summers' garage. When not otherwise busily engaged at the garage he is generally demonstrating over the city, sometimes alone, sometimes in company, more or less. On this particular occasion he was demonstrating with Messrs. Bennie Mayes, Ned Purcell, Forrest Summer, Frazier Evans and David Caldwell.

The following persons served as the jury: Messrs. G. L. Robinson, foreman; J. J. Hitt, Jno. B. Mayes, J. H. Turner, Duncan Johnson and Ivy Cromer.

Lawyer J. B. Hunter, city attorney, in the discharge of his duty, conducted the prosecution, while Lawyer E. S. Blease, counsel for the defense, ably and successfully handled his side of the case.

The prosecution had no witnesses except Chief Duncan and Policeman Stone. The officer who had notified Mr. Smith that he must put up a bond for his appearance—Policeman Melton—was not brought forward as a witness, although present. The defense had a strong array of witnesses. Mr. Smith denied positively and most emphatically the charge of violating the automobile ordinance on the said occasion. His word was supported by the consistent testimony of his companions of the night in question; which unvarying evidence was fully corroborated by Mr. Harry W. Dominick, the one lone witness outside of the bunch, whose testimony added weight to the evidence already submitted.

The spectators enjoyed the proceedings, which were enlivened by the witticisms of Lawyer Blease; as for instance his side remark that "in that case, baby carriages would have to be muffled," and his ironical allusions to "experts," etc. The city failed to prove its case. It was evident from the first that Mr. Smith would win out. As Lawyer Blease said, it was not that Chief Duncan's and Officer Stone's veracity was doubted in the least, they were rather to be commended for their vigilance in the discharge of their duty of enforcing laws, which should be more strictly enforced, but that in this instance they were mistaken, however honestly, in their supposition of a case against Mr. Smith. It was simply an instance of seven reputable witnesses against two. And there was nothing for the jury to do but bring in a verdict of "not guilty," which they did.

Mr. Smith's prompt acknowledgment that he had never denied former charges of speeding, coupled with his firm denial in this instance, was a factor in his favor.

The Roberts Company, Celebrated Sewing Machine Experts, have a few days in Newberry, Repairing and Rebuilding Family and Dressmaking Machines. Take advantage of this OPPORTUNITY by having your machine thoroughly overhauled and readjusted by Factory Trained Men, not connected with any Sewing Machine Company, Agency or Dealer. Abbeville Press and Banner. Capt. J. L. Perrin, W. A. Calvert, James Gilliam and Pat Roche took a trip through Newberry, Richland, Lexington, Edgefield and other counties some days ago, looking over the crops for Wall street, and sightseeing together. The gentlemen all report a pleasant trip except a slight altercation between Mr. Pat Roche and the ostrich at Irwin Park, in Columbia.

NEGRESS CHARGED WITH INFANTICIDE

Whitmore Woman Leaves New-born Babe Outdoors to Perish—Coroner Holds Inquest.

A negro mother left her new-born babe to perish, uncovered, in the chilly morning air outside of the house in which she was staying Monday night. On that night the woman, Elmira Jeter, went to bed with her two sisters, all in the same bed. Way in the dead hours of the night, between midnight and daybreak of Tuesday, Elmira got up and went out of the house quietly into the open under the silent stars and gave birth to the little waif, which she left to die. The woman returned to the bed where her sister still slept.

The infant was found that morning and in the evening it died, when Sheriff Blease and Coroner Lindsay were notified. The sheriff and coroner left that night for Whitmore, where the occurrence was, when the facts as above stated were obtained. An inquest was held and the jury returned a verdict: "that the said infant came to its death by the willful and malicious neglect of its mother, Elmira Jeter, on this the 6th day of July, 1915."

Sheriff Blease arrested the woman and swore in a deputy to guard her until she is able to be brought to jail, which may be some time yet, as she is in a serious condition.

SEEK EXTRADITION OF WANTED NEGRO

Harrisburg, Pa., July 7.—Application was made to Gov. Brumbaugh today by Attorney General Thomas H. Peeples and Solicitor George Bell Timmerman of South Carolina of Frederick Brown, charged with murder. On a plea that if Brown were given up he would be in danger of lynching, the governor recently refused extradition.

South Carolina officials told the governor today that Pennsylvania was morally and legally bound to give up the prisoner. Mr. Timmerman said South Carolina was concerned in the administration of justice and that Brown was in no danger except from the electric chair or the penitentiary. He answered the charges of lawlessness by saying South Carolina was not the only State to have such experiences.

The governor took no action, requesting that briefs be filed.
