

National Chero-Cola Day

APRIL 18th

WELCOME

APRIL 18th

**YOU ARE
CORDIALLY INVITED
TO BE OUR GUEST**

10 A. M. TO 5 P. M.

All CHERO-COLA Bottling Plants throughout the United States will celebrate National Chero-Cola Day on April 18th by keeping "open house" between the hours 10 a. m. and 5 p. m.

There will be more than a million bottles of CHERO-COLA served free to visitors of the many CHERO-COLA Bottling Plants on this date—April 18th.

It is estimated that more than a hundred thousand merchants who sell CHERO-COLA, will have their stores decorated with bottled CHERO-COLA and display advertising matter for this occasion. Millions of consumers who appreciate CHERO-COLA'S "Individual Sanitary Package" idea will again welcome this opportunity for the public to see for themselves the modern method of bottle sterilization, cleansing and re-filling employed by CHERO-COLA Bottling Plants throughout the country.

The purity and wholesomeness of bottled CHERO-COLA has rapidly gained favor with the consuming public. As evidence—CHERO-COLA has reached a volume in its development greater than has ever been reached by any other bottled carbonated beverage for the same period of time,—a record we are proud of and a fact worthy of your consideration.

National Chero-Cola Day, you will note, is an educational feature of our advertising campaign. We want the public to know what CHERO-COLA is. We want the public to know why it is served only in bottles. We want you to visit our plant and see for yourself—at the same time receive booklets telling the whole story. Don't fail to come—April 18th.

Clarendon County Medical Association Endorses President Wilson.

An interesting meeting of the Clarendon County Medical Association

was held Monday afternoon in the office of Dr. Charles B. Geiger. The annual election of officers, which had been deferred, was gone into and resulted as follows: Dr. E. W. Barron, president; Dr. W. H. Carrigan, vice-president; Dr. L. C. Stukes, secretary and treasurer; Dr. T. J. Davis, delegate to the South Carolina Medical Association. Dr. S. C. Baker, of Sumter, who is the Councillor for the seventh district, was present at the meeting and took a leading part in the scientific discussion. The local members expressed much pleasure at having Dr. Baker with them.

In view of the recent declaration of a state of war as existing between the United States of America and the Imperial Government of Germany, resolutions were adopted recognizing the high patriotic purpose of President Woodrow Wilson in all the steps he has taken in connection with the grave international complications that have arisen, without provocation on the part of our government, and expressing profound confidence in the purpose and innate ability of the president to push to a successful conclusion the contest to overthrow au-

toeratic tyranny and to establish liberty and justice among the peoples of the earth. To this end the members unanimously pledged their support to the government in whatever way they might be of service to their country.

LIEBENFELS CREW IN JAIL

Charleston, April 10.—The arrest of the eighth member of the Liebenfels crew sought by federal deputy marshals occurred this afternoon, and so releasing an announcement by the government authorities that all the Liebenfels subordinate officers were lodged in the county jail, seven being taken into custody last night upon receipt of orders to this effect. Capt. Klattenhoff is under close guard at a local infirmary, where he has been a patient since the sinking of his steamship in this harbor, January 31, an event which resulted in the conviction of the eight under officers, who were released on bond pending an appeal. Capt. Klattenhoff has never been able to appear for trial. It is understood the Germans will be sent to Georgia there to be interned in detention camp during the period of the war. They

were arrested as alien enemies from aboard a German ship. The recent secret service raid here had no connection with their apprehension, it is stated. Other arrests of alien enemies are expected to develop here at any time.

CUPID GETS GREATEST NUMBER OF RECRUITS

Chicago, April 10.—Cupid obtained more enlistments in Chicago today than any other recruiting office, 1,132 marriage licenses being issued. The day's business was the largest in the history of the county court.

Throughout the day long lines of waiting bridegrooms taroged the license office. Many rebuked the young men, calling them "slackers." Orders were issued to exclude from the corridors "runners" for county justices of the peace, reported to have been soliciting business.

Most of the prospective benedicts denied that the call to arms was responsible for their rush at matrimony.
