 ARMOUR & CO. CHANGE
 Chicago, June 9.—Armour & Co., tonight announced that it would change from a closed corporation to a stockholders company by issuing \$60,000,000 in debenture bonds, exchangeable for seven per cent, cumulative preferred stock, as a part of its \$314,174,135 of assets in order to procure additional capital for the expansion of its business to take care of war orders.
 Bonds, which are to be issued at six per cent have been underwritten by Chicago banks and the transaction constitutes the largest single piece of financing ever cared for exclusively by Chicago financiers.
 The bonds are to mature in six equal installments from June 15, 1919, to June 1, 1924, callable at par at the option of the company.
 To induce the general public to purchase the new bonds, they will be issued in denominations as small as

I will apply to the Judge of Probate for Clarendo County, on the 24th day of June 1918, at 11 o'clock A. M. for letters of discharge as administrator of the estate of Shuford Ward, deceased.

Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

Invest in United States Government WAR SAVINGS STAMPS

THOSE who save, gain. Those who spend, pay the interest.

Thrift never brought such golden returns as now. The Saver profits—the Spender pays the taxes.

United States Government War Savings Stamps are government bonds in denominations of \$5.00. They yield 4% interest, compounded quarterly.

This interest is paid by taxes. Taxes are levied on the things you buy—most heavily on the luxuries. So the spender pays the interest on the money the saver banks with Uncle Sam.

Which do you choose to be?

The Gospel of Labor and Materials

All the dollars in the world could not buy victory. Because victory is not purchasable—we must work for it and, if need be, die for it. Dollars can work for victory only in so far as they are converted into labor and materials. A dollar hoarded is a slacker; a dollar wasted is a traitor; a dollar saved is a patriot. For a hoarded dollar represents idle power; a wasted dollar represents wasted power; a dollar invested in the United States Government represents power saved, labor saved, materials saved—it represents power, labor and materials in action, on the firing line, over the top. And more—it represents reserve power, energy stored, purchasing power conserved for its owner to use later on.

Buy War Savings Stamps. You can buy a United States Thrift Stamp for 25 cents. A card is furnished on which to paste it. Sixteen Thrift Stamps plus a few cents cash will buy a War Savings Stamp. On January 1, 1923, the United States Government will pay you \$5.00 for each stamp pasted on a War Savings Certificate. This is 4% compounded quarterly when the stamps are held till January 1, 1923.

WAR SAVINGS STAMPS

Thrift Stamps cost 25 cents each and draw no interest. You can buy them from your letter carrier, either city or rural route at the post office or your bank. You will be given a card to paste them on. This costs nothing. There are spaces for 16 Thrift Stamps on this card. When your card is full, take it to your post office or bank any time, with a few cents additional and your card will be exchanged for an interest-bearing War Savings Certificate worth \$5 on Jan. 1, 1923. This gives you 4 per cent interest compounded quarterly. You can buy 20 War Savings Certificates at one time. They will cost you \$2.50, and their face value at the time of redemption, January 1, 1923, will be \$5.00.
 War Savings Certificates may be registered at any post office of the First, Second or Third Class.
 War Savings Certificates may be converted into cash at the post office where issued if you need the money. You will get interest, too, at about 3 per cent.

STAY the Hand That Would Hoard the Pennies—

Guide It to Patriotic and Profitable Investment

The childish instinct tends usually toward saving. But to this instinct must be added a purpose in the saving. The mere hoarding of coin pleases a child's fancy, but it does not teach the lesson of thrift. Teach your child his first lesson of patriotism by making him a factor in aiding the government, and his first lesson of investment by placing his money where it earns interest. Thrift Stamps furnish the government with money for carrying on the war. They earn 4 per cent. interest. Replace the penny bank with a Thrift Stamp Book.
