

To the Voters OF CLARENDON COUNTY

I wish to express my thanks to the voters of Clarendon County for the flattering vote you gave me on last Tuesday. I am very grateful.

I lacked only nine votes of doubling the other two candidates in the Clarendon Club of which I am a member; as I lacked only eleven votes of doubling the other two candidates in the Town of Manning and as I led the ticket by ninety-six votes in the County of Clarendon, I cannot help but feel proud of the fact that the people of Clarendon have expressed their faith and confidence in me.

I believe I have the qualifications necessary to make you a good senator. I have had good educational advantages and I hope I have a reasonable amount of common sense, tact, honesty and courage.

No man or class of men has a yoke around my neck or snaffle in my nose that he or they may have the privilege of dictating to me the course which I may pursue.

I expect to spend the remainder of my life among you. I wish to dedicate my future life to the service of the people of Clarendon County.

If I am elected to office I will positively give to each industry and to each individual citizen within the borders of our County and State a fair, square deal, and I shall endeavor to make you one of the best senators you have had in a number of years.

J. W. WIDEMAN, Candidate for State Senator

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.
