Just Received Another Car Famous Grant Sixes

is going like hot cakes in Clarendon. We have already sold several car loads and have two car loads in transit now—expecting them some time this week.

This car is making a wonderful record all over the country and if you are now in the market for a car we will be glad to give you a demonstration at any time you wish.

Cutting Out Weight and Waste

GRANT

SIX

\$1245.

Its economy and comfort make GRANT SIX the most useful car you can have right now—its record for durability and high used car value make it a real investment.

MORE and more people are turning to the cars of light weight—cars like the GRANT SIX. They have discovered that unnecessary weight is nothing but waste of fuel, oil and tires.

The GRANT SIX with its 114-inch wheelbase is as large and as roomy a six as you would ask for. By skilled body design it actually seems much longer than it really is.

Yet the GRANT SIX is not the lightest car of its size—Grant engineers have not sacrificed sturdiness or durability.

Its thousands of owners average 20 miles to a gallon of gasoline, 900 miles to a gallon of oil, 7,000 miles or more from standard 32x4 tires.

In comfort no six excels the GRANT SIX. Its 47-inch cantilever rear springs and the double-decked springs in the seat cushions make "riding comfort" words of real meaning as applied to this car.

PROF. MYERS RESIGNS

Manning, Sept. 6th, 1918.
Board of Trustees,
Manning Public Schools.
Gentlemen:

For the past ten years you have supported me as principal of the Colored Graded school. During that time I worked hard, yes, harder than possibly you or the patrons imagined. I had but one ideal before me and that was to establish here a county training school for the advanced training of negro students. This ideal has not been reached, but much has been done in that direction.

I am grateful to the board of trustees, the County Supt. of Education, the Director of the Jeanes and Slater funds for their co-operation in this work and also to many colored people who stood by me in the task I had before me.

On account of the crisis upon us and the high cost of living, I cannot work longer for the present salary. I am handing you my resignation to take effect September 20th, 1918.

Yours respectfully,
I. M. A. MYERS,
Principal.

—W—S—S— JURY LIST

Court convenes in Manning on September 23, Judge Moore presiding.

The following is the Jury:

N. R. Timmons, Manning.
J. E. Cousar, Sardinia.
J. P. Tusker, Wilson.

C. E. Morris, Turbeville.
R. H. Briggs, Silver.
J. E. Morris, Turbeville.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILD TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or displace the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

ENGINEER GAINS 68

POUNDS; TOOK TANLAC

Lost Health Completely and Had to Lay Off 15 Months

ALMOST LOST HOPE

Now Back on Regular Run—Says Tanlac is Only Remedy Ever Helped Him

"My name is J. B. Watson and my home is in Mobile, Ala. I am thirty-three years old and by profession am a railroad engineer. I have a regular run on the work train between Selma and Mobile.

"Up to only a few months ago—that is, up to the time I started taking Tanlac I only weighed one hundred and three pounds and had not been able to work for fifteen months. Now, after taking only three and a half bottles of Tanlac, I weigh one hundred and seventy-one pounds and have actually gained sixty-eight pounds and never felt better in my life. I suffered for several years with the worst kind of stomach trouble, and constipation. I kept dropping down in weight and losing strength, and finally I broke down completely. I had several attacks of what was called acute poisoning of the stomach, and nobody knows how I suffered. I took treatment at the Marine Hospital at Algiers, La., and at Toulene Hospital, New Orleans. I also took treatment at Hot Springs, Ark., and at Lookout Mountain. To tell you the truth, I tried everything I could think of and spent hundreds of dollars, but I just kept going down hill, and for fifteen whole months I was unable to run my engine or to do any other kind of work. Of course, I was awfully discouraged about myself, as I could see but little hope of ever being well again. While I was sick and unable to work, a brakeman gave me a half bottle of Tanlac. I took it and began to feel better right away. My stomach felt better and I got so I could eat and enjoy my meals. When the sickness was gone I bought another bottle, and after finishing it I felt so much better I went back to work on a switch engine. I could just feel myself gaining in weight and getting stronger every day, and after taking my second bottle I went back to running an engine on the main line.

"Now, since taking three and a half bottles of Tanlac, I am working regular, running a work train between Mobile and Selma, the swampest country in this section of the State. Now what I have told you is the truth, and hundreds of people who know me and know how I looked before I took Tanlac will tell you the same thing. Another thing, you can see from my picture, which I had taken while I was sick, how much stronger and healthier I look now than I did then. They can say what they please about Tanlac and patent medicines, but I can truthfully say that Tanlac is the only medicine that ever did me any good, and I want everybody to know about it. If people do not believe you, just tell them to come and look at me now, and then look at my picture, which was taken while I was sick. I will show them mighty quick what Tanlac has done for me."

Tanlac, the Master Medicine, is sold by Dickson's Drug Store, Manning; H. W. Nettles, Jordan; Shaw & Plowden, New Zion; Farmers' Supply Co.,

P. J. Holliday, Summerton.

MAN POWER OF HUNS GOES DOWN RAPIDLY

Washington Learns That Enemy Has Less Than Two Hundred Divisions on Western Front

Washington, Sept. 22.—New evidence of the shortage of man power in the German army has reached Washington from an authoritative source, it was learned today, showing that seven enemy divisions on the Western front had been disbanded entirely for lack of men.

There are now only 195 German divisions on the entire front, according to these reports, and of these there are only 16 that have been engaged in heavy fighting of the present year. The report adds that the trench strength of the German army is now entirely inadequate.
