

The Time Has Arrived

When we must convert the greater portion of our large stock of

Diamonds, Watches, Jewelry Silverware, Cut Glass, Etc.

Into cash regardless of price. Heavy obligations must be met and at once.

Scarcity of money, due to low priced cotton has prevented our usual amount of business. Meantime bills have been coming due, and notes at the bank are coming due. **THE ACCOUNTS MUST BE PAID.** To be able to meet these obligations we must sell goods and sell a lot of them, and in order to do this **WE ARE OFFERING OUR LARGE STOCK, ABOUT \$40,000 VALUE AT PRICES SO LOW YOU CANNOT RESIST THEM.**

This sale will continue only so long as it will be required to raise sufficient funds to meet our immediate obligations. We are willing to cheerfully bear our part of the community's losses resulting from conditions with which we are all quite familiar, but to continue selling for any great length of time at prices we will name during this sale would mean for us nothing short of financial ruin.

NO FAKING, NO MISREPRESENTATION. You know the reputation of this store for handing quality goods. This reputation we expect to maintain as long as we are in business.

This is really and truly an opportunity to get that special piece of jewelry, watch, clock or some other item that you have been wanting so long at a wonderfully low price. An opportunity that you will appreciate when you see what we have to offer.

Everything will be sold strictly for cash. Nothing charged. Nothing exchanged. We are simply overstocked and must turn the goods into cash if reduced prices will do it. **COME EARLY AND GET THE PICK. THE SALE MAY LAST ONLY A FEW DAYS.**

Space will not permit us to show the many many bargains to be picked up at this sale, but the following quotations will prove to you the sweeping reduction in prices:

AX BEST REMEDY WHEN HENS START EGG-EATING

Egg eating sometimes becomes a serious vice in a flock, the fowls becoming very fond of eggs when they have learned to eat them. The habit spreads from fowl to fowl and unless checked will often spread through the whole flock. Egg eating usually begins through accident by eggs being broken or frozen. See that the nests are properly supplied with straw or other nesting material and have them darkened, so that if an egg is accidentally broken the fowls will not be likely to discover it. Supply plenty of lime in the form of oyster shells, bone, or similar substances to insure a firm shell. As soon as it is discovered that a fowl has formed the habit, the fowl should be removed to prevent the spread of the vice. Once formed, it is difficult to eradicate, and the safest remedy is the death penalty, say poultry specialists of the United States Department of Agriculture.

Fowls sometimes pluck feathers from themselves and from each other. This is often caused by too close confinement, by the presence of insect pests, or by improper feeding. When some of the fowls of a flock have formed the habit slightly, a wide range with a change of diet, including a plentiful supply of animal feed, and freedom from insect pests, will usually correct the evil. Above all, see that the fowls have plenty of inducement to exercise. If the habit becomes well formed it is very trouble-

some and may necessitate the killing of some of the fowls in order to stop it.

WILL STAMP OUT GANG OF ASSASSINS

Dublin, Nov. 14.—The military today raided about 50 dwelling houses of Irish volunteers, notified the occupants that the authorities had full particulars of their connection with the Republican army and intimated they would be arrested unless they ceased association with that body.

A weekly summary of events declared that the indisputable source of all crimes in Ireland is "an organized gang of assassins describing itself as the Irish Republican army."

"This gang of assassins," continued the statement, "must be stamped out at any cost. But to the unhappy people of Ireland, the victims of this appalling scourge, every consideration must be shown. The Royal Irish constabulary must put out the murder gang. It is war to the death."

FARMERS MIX

OWN FERTILIZER

Farmers in Morgan county, Ala., have save approximately \$10 a ton by mixing their fertilizer at home under the direction of the county agent instead of shipping in the ready mixed article. About 300 farmers have joined the homemade fertilizer movement. Ten farmers joined in buying a carload of ground limestone which was used with good results, and a

number have been testing nitrate of soda on corn and cotton. The factory mixed commercial fertilizer has cost \$40 to \$60 a ton, and the price placed a limit on its use which has been largely relieved by the practice of home mixing.

SOUTH CAROLINA SUNDAY SCHOOL ASSOCIATION

A statement in regard to the work of the South Carolina Sunday School Association was received last Tuesday by General Superintendent Leon C. Palmer from Governor R. A. Cooper. It is as follows:

"It gives me pleasure to commend the South Carolina Sunday School Association and its work to the citizenship of our State. This organization, with its strong Christian leadership, its educational program, and its practical and efficient method, is rendering a distinct service to moral and religious interests. It deserves the support of all public-spirited citizens."

Governor Cooper will make the opening address at the 1921 State Sunday School Convention, which will be held at Winthrop College, Rock Hill.

STEAL MUC HWHISKEY

Newark, N. J., Nov. 14.—A band of whiskey thieves, believed by the police to number 25 or more, early today broke open two freight cars in the South Broad street railroad yards here and stole 588 cases of whiskey and 44 barrels of alcohol. The whiskey is valued at \$32,340 and the alcohol at \$35,200. The loot was carried off in motor trucks after a railroad policeman had been kidnaped. Two trucks filled with plunder were recovered.

JAILER SAVES NEGRO

Fort Worth, Texas, Nov. 14.—An unsuccessful attempt was made by a mob of between 30 and 40 men to secure Robert Lowe, negro, who is alleged to have confessed to criminal assault on an 11 year old white girl at Arlington, near here, November 1. Jail officials hid the negro in a secluded part of the jail. This is the second attempt by a mob to secure the negro, the first futile effort being made at Arlington.

Repair The Wear

Hard Work Often Breaks Down a Person's Health
and Creates a Need for Ziron Iron Tonic.

MEN and women who do hard labor, such as building, farming or housekeeping, and those who do exhaustive brain work of various kinds, often feel the need of something to help renew fagged forces and tone up the system.

To help repair the wear caused by over-work, to gain renewed strength and energy, many have obtained good results from taking Ziron Iron Tonic. Ziron is a perfected preparation of pure medicinal iron salts, combined with other valuable strength-giving

tonic ingredients, which are recommended by leading physicians.

Mr. H. B. Converso, of McEwen, Tenn., writes: "I had been working very hard, and was getting weak and run-down from hard work. When I commenced taking Ziron, in a few days I felt stronger, and now I have taken two bottles I feel as strong as ever, although I have kept at work all the time."

You cannot lose anything by giving Ziron a trial, but very likely will gain much.

Your druggist will sell you the first bottle on a money-back guarantee.
